GBSD Lead Paint Testing plan: updated 12/29/2016 Terry Taylor, Director of Facilities

Following EPA's Environmental Protection Agency (EPA) issued the Renovation, Repair and Painting Rule (RRP Rule) that became effective on April 22, 2010.

<https://public.health.oregon.gov/HealthyEnvironments/HealthyNeighborhoods/LeadPoisoning/Pages/rrp.aspx>

Currently, GBSD is following the EPA Plan in managing lead base paint in our in our schools. We manage our exterior and interior paint conditions through our work order system. Currently we work to the referenced rule above to limit exposure to K-2 grade students renovation, repairs and or other lead-based paint concerns. We are able to test painted surfaces that allow us to know if the paint does contain lead prior to any renovation and or repair. Once we have a known area of lead paint that is in need of repair we follow the EPA procedure in addressing the paint condition.

GBSD has now moved to test all schools grades K-12 using the same process in identifying Lead Based Paint in need of repair and/or renovation.

Next steps, GBSD will train custodial staff and Administrators on the process, as well as the inspection procedures in evaluating their schools. We will continue to follow EPA's Environmental Protection Agency (EPA) issued the Renovation, Repair and Painting Rule (RRP Rule) that became effective on April 22, 2010.

### Group A-Annual Testing Winter/Spring Repairs Summer Reporting Fall

East Gresham ES-900 SE 5th, Gresham OR 97080

East Orient ES-7431 SE 302nd Ave, Gresham OR 07080

North Gresham ES-1001 SE 217th, Gresham OR 97030

Powell Valley ES-4825 E Powell Blvd, Gresham OR 97080

West Gresham ES-330 W Powell Blvd, Gresham OR 97030

Deep Creek Damascus K8-14265 SE 242nd Ave, Boring OR 97009
