

# Prescription Form

Patient Information:

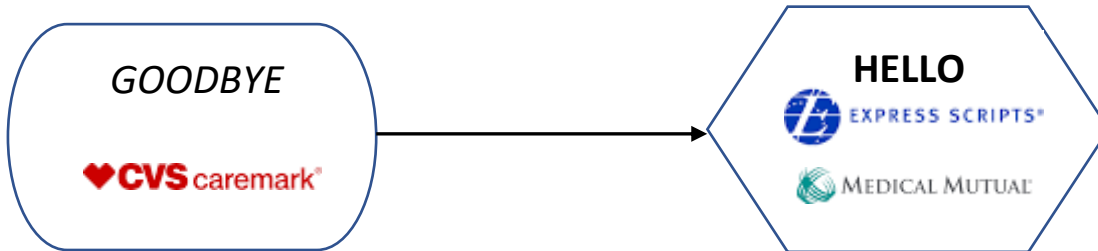

Patient Name: Lake County Schools Council Members

Patient Address: O H I O

## Prescribing you to new coverage!

### Directions:

Effective January 1, 2023, Medical Mutual/Express Scripts (ESI) will be the drug vendor!

### WHY?

- ✓ Enhanced negotiated drug pricing = COST SAVINGS
- ✓ No Benefit Change! Minimal Member Impact to Pharmacy Network and Drug Formulary
- ✓ Expanded Access: You can fill your Maintenance **90-day** Script at **ANY** network pharmacy (**Not just CVS**) AND it's **your choice where you fill**...no opt out process!
- ✓ ONE IDENTIFICATION CARD FOR MEDICAL AND DRUG!
- ✓ Enhanced support for our members and their families with chronic conditions
- ✓ A 90-day transition approach through 3/31/2023 to support those with drugs requiring prior authorizations or excluded drugs\*.

### WHAT'S NEXT?

The implementation and communication process will begin..... **MORE TO COME!**

\*As with any pharmacy benefit manager, there are drugs that require prior authorization, have a unique Drug Formulary list or drugs that are excluded from coverage. Analysis showed **minimal impact** in these categories. However, LCSC considers any disruption needs to be addressed accurately for smooth transition and understanding. Members impacted will be individually contacted by Medical Mutual in the later part of 2022.
