2024-2025**

# Welcome!

The enrollment process for next school year is designed to guide you as you develop an academic plan for your high school courses based on your interests and topics you want to explore.

***Please keep in mind that this plan can be changed or adjusted as you learn what interests you (and what doesn't). It will be revisited EVERY year.***

Mapping out a plan simply gets you to start thinking about what you want to explore to find the best fit for you. It is expected that you will change your mind along the way!

# Tools to Support Your Planning

- Your enrollment packet
- Your Infinite Campus Login Information
- Access to the MO Connections interest inventory you took OR any other interest inventories you have completed
- Pencils (it's best to be able to erase along the way)

# Use Your Packet as Your Guide

- Your enrollment packet walks you through this process step-by-step.
- Set aside time to focus on working through it and making the best choices for **YOU**.
- Avoid skipping steps.
- Use the QR codes to see details about courses.

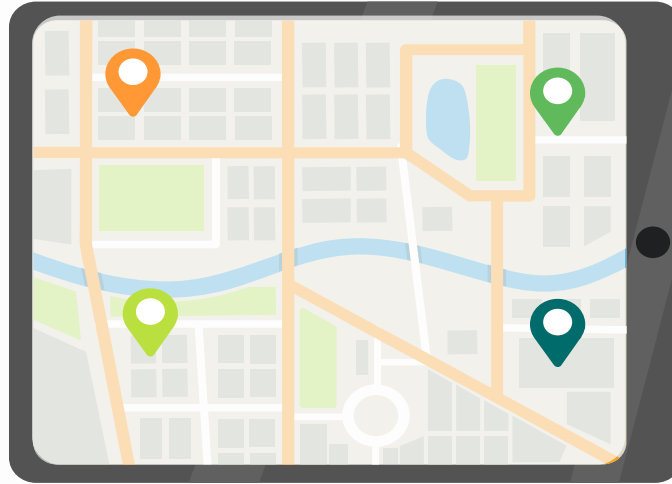

# Important Information to Review as You Plan

## Prerequisites

Many courses have prerequisites. Make sure you take time to review prerequisites as you make your choices.

## Interest Inventory

Review or take an interest inventory so you can consider your interests as you plan.

## Course Descriptions

Access course descriptions by using the QR codes included in the packet.

## Course Maps

Course maps give you a look at how courses progress through the grade levels. It also lets you see all the courses in a specific program or content area.

# Start in the Table of Contents

- Choose the grade level you will be in next year and start at that step.
- Use the packet to map out your choices **BEFORE** you enter them in the Infinite Campus Academic Planner

# Talk through your choices with others

- Share your thoughts about what courses you would like to take with a trusted adult at home.
- Ask your teachers when you aren't sure what course would be a good next step for you.
- Ask upperclassmen which classes they enjoyed or thought were helpful to prepare them for the future.
- Talk with a recent graduate about courses they thought were helpful or wished they had taken.
- Talk with your counselor about course pathways or special programs you would like to consider.

## When your packet is complete...

- Use the directions to enter your choices into the Infinite Campus Academic Planner.
- Call the Rockwood Help Desk for issues accessing Infinite Campus or logging in. 636-733-1111.
