What is Indigo?

The Indigo Program is a unique, parent participation school option within the Oak Grove School District. It is a safe and caring K-8 program designed to educate the whole child. We provide multi-age interactions and constructivist learning activities through a positive discipline approach.

- Community building among students and families
- Healthy conflict resolution: teaching kids to recognize emotions/needs and ways to respond to them
- Opportunities for parent and caregiver involvement
- Commitment to diversity, equity, inclusion, and belonging

The Indigo Difference

- Smaller student to adult ratio
- Creative and differentiated learning opportunities
- Focus on discipline as teaching not punishment
