

Emaze.com (Create a bells and whistles presentation or upload a current Power Point and let it Emaze make it amazing!)

Wix.com (Create website presentations.)

Powtoon.com (Create presentations through cartoons.)

Flipgrid.com (Create short videos. Teachers will need to set up the account first for student use.)

Google Sites (Create presentation websites. This can be found in the Google Suite.)

Weebly.com (Similar to Wix. Students may create account through Google Drive.)

Prezi.com (Choose the Basic Plan for free. This is like Power Point, but fancier.)

Animoto.com (Make powerful videos for any subject in minutes!)

[Storyboard That](http://StoryboardThat.com) (Create storyboards that engage your teachers and your peers!)
