The background is a semi-transparent map of Northwest ISD attendance boundaries. The map shows various school districts and their boundaries, with labels for several areas including Justin, Roanoke, Lakeview, Granger, and others. A large circular area on the left is labeled 'PROPOSED NORTHWEST ISD ELEMENTARY SCHOOL' and '940 LOTS'. The text 'Attendance Boundaries' and 'December 11, 2023' is overlaid in white on the map.

How Do We Predict the Future?

It's like a game of Chess

Adjusting Attendance Boundaries

Guiding Growth Strategies

- Prevent Campus Overcrowding
 - Unsafe environment with too many students/staff in a building
 - Creates overcrowded classrooms that could negatively impact the learning environment
- Maintain Student/Teacher Ratios
- Minimize Future Boundary Changes and its Impact on Students
- Improve Efficiency of Schools
- Consider the Opening of New Campuses
