Animals on School Property

We have Therapy dogs at Northern Hills. Therapy dogs are dogs who go with their owners to volunteer in settings such as schools, hospitals, and nursing homes for the purpose of providing affection and comfort to aid in a particular purpose, such as healing, or learning. A therapy dog in a school setting serves the function of assisting students in the learning process while providing comfort and affection to specific students or to a group of students. Therapy dogs are not service dogs. Please ensure that your child's allergy status is updated in your registration so that we do not place your child in a classroom with a therapy dog.

ASBESTOS NOTIFICATION

In compliance with the United States Environmental Protection Agency (EPA) and the Asbestos Hazard Emergency Response Act (AHERA), this is notice that the School District of Onalaska has an Asbestos Management Plan at the school district office. The plan is available for inspection by the public, parents, and district employees. The district performs six-month periodic surveillance of asbestos in June and December and full re-inspections every three years. For more information, please contact the district office.
