

# School District of Onalaska

Onalaska High School students can earn post-secondary credits while still in high school by taking dual credit and Advanced Placement (AP) courses. This results in major cost savings in the future as students not only save on tuition costs, but also finish college sooner!

**Preparing students for their futures!**

**Academies** are career focused areas of study that occur at schools throughout the region. Students pursue coursework along with opportunities such as hands-on experiences, job shadows and industry certifications through academies. Dual credit courses are embedded within some academies.

**Advanced Placement (AP)** courses are designed to give you the experience of an intro-level college class while you're still in high school. You can get college credit for the class if you pass the AP exam.

**Dual Credit** courses are OHS courses that are also offered at Western Technical College. This opportunity allows high school students to take (transferable) college credits at NO CHARGE while attending OHS! To earn the college credits, students must earn a "C" or above in the OHS course.

Tuition Savings Class of 2022	
Dual Credits 1,290 credits \$186,711	AP Courses 974 credits \$389,600

**OHS currently offers 19 AP and 18 dual credit/academy opportunities.**
