

Madison County High School Military Families Newsletter

WELCOME

Welcome to the MCHS Family. We look forward to getting to know your whole family and want to provide you with the opportunity to become involved throughout the year. We value the unique perspectives and contributions our military families bring to our community. Please don't hesitate to reach out with questions anytime during your transition. LTC(R) Brian Maijala

PAST EVENTS

The fall semester of the 2022-23 school year has been quite eventful. Thus far, we have completed two parades, both the Veteran's Day Parade and the Gurley Christmas Parade. The annual school's Veterans Salutes hosted many local Veterans for the program and luncheon.

Recognizing those who fought for our country with flags to the military cemetery.

Taps at the MCHS Veterans Salute

MCHS has started doing a Student 2 Student (S2S) program that helps students from military families feel welcome into the school. The S2S program supports the school's work to become an officially recognized Purple Star School (military family friendly/supportive campus).

Congratulations to our winter Graduate PFC Jayden Foster who has begun his new career in the Army (currently attending Basic at Ft Benning, GA)

Don't forget Military Ball is 18 Feb.

Madison County High School Military Families Newsletter

FINAL NOTES

The S2S group had a great meeting in November. They have begun planning for a S2S family day to introduce new families to the many opportunities in the Madison County area. Please keep in touch so we can get to know you all better in the near future.

ALWAYS IMPROVING

We always strive to improve as individuals and as a team. Please reach out with ideas of how we can better support our military families during transition. See contact below.
