

# Office 365 Resources

## Flip: Getting Started

<p>1. Sign up for a free educator account by going to <a href="https://info.flip.com/en-us.html">https://info.flip.com/en-us.html</a> and clicking on <b>Sign Up</b>.</p>	
<p>2. Click on <b>Sign up with Microsoft</b>. Sign into your Microsoft Office 365 account using your credentials. You may be prompted to provide some information about yourself and school.</p>	
<p>3. Click on Groups on the top left side of your screen. Then, select <b>Create a Group</b> from the drop-down menu.</p>	
<p>4. Choose a grade level. Then click Next.</p>	
<p>5. Enter a <b>Group Name</b>. A group cover image is automatically chosen for you, but you can select any of the themes if you would like a different one. Then, click on the <b>Create</b> button.</p>	

6. Ways to Join without a log in:

Select one of the following options:

- Anyone with the link can join
- Only people you approve can join.

*Note: Only use this way to log in with early childhood students who have difficulty logging in with their Microsoft credentials.*

Share group

Send the link below to invite students to the group.

7. Preferred Way to Join:

Flip is a Microsoft 365 product, so it is best to add students by choosing **Email address or domain**. Click on the arrow to the right of **email address or domain**. You will need to type in **cpsb.org** to allow your students to log in with their Microsoft 365 email and password.

Other ways to add students:

By username

< Email address or domain

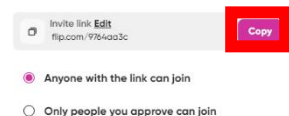

8. Click Share and a pop-up window will allow you to share your group with your students. You can click **Copy** to share the link with students on Canvas, Teams, OneNote, etc. You can also download the QR code by clicking in the top right corner so that you can print it out or display it for students to scan to access the group.

Share group

Send the link below to invite students to the group.

Other ways to add students:

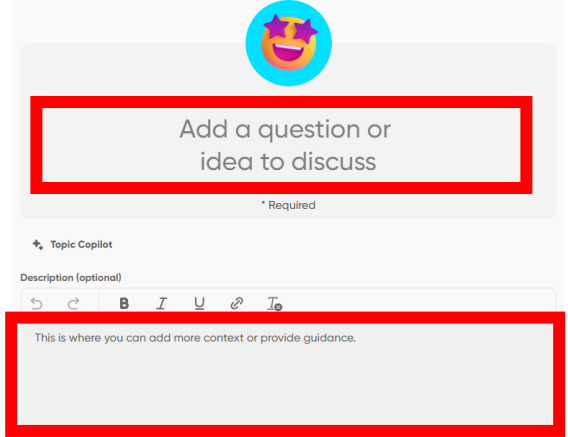

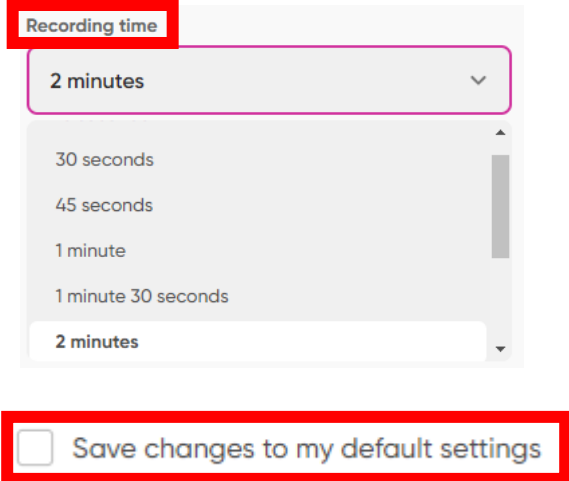

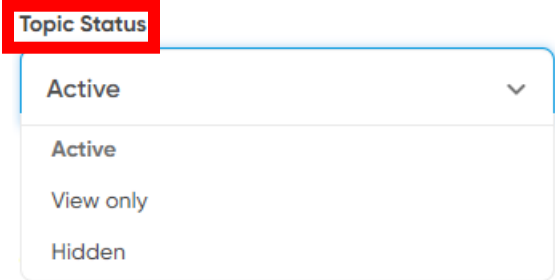

By username

9. To add a Topic to your Group, go to the Groups on the left side of the screen and choose a Group. Select **Add a Topic** on the right side of the screen which brings you to the **Details** tab.

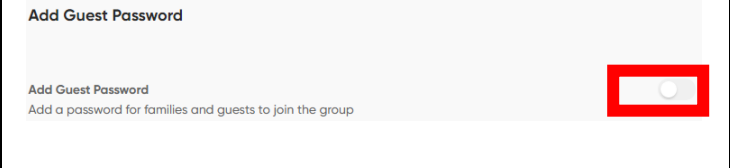

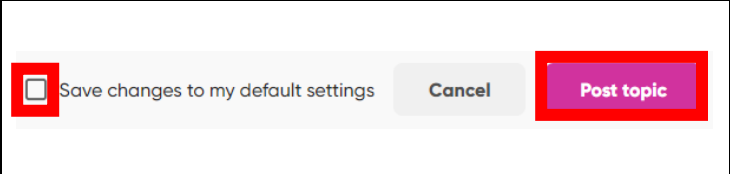

Create Topic [Details](#) [Settings](#)

10. Give your topic a **Title** and add a question or idea prompt to start your discussion. You

<p>can add more context or provide guidance under the <b>Description</b> section. The Description section is optional.</p>	
<p>11. Add <b>Topic Media</b> to your discussion. You have the option to add images, record video, Bitmoji, GIF, stickers, upload video, and add attachments to engage or assist your students in answering the prompt for reflection and assessment.</p>	
<p>12. Set the <b>Recording Time</b>. It defaults to 2 minutes, but it can be set from 30 seconds to 10 minutes. To adjust the time, click on the <b>down arrow</b> to select the recording time you want participants to use in the discussion.</p> <p>Note: You can save the changes as your default settings for future topics by clicking on the box in bottom right corner.</p>	
<p>13. Click on <b>Settings</b> for more options to customize your topic.</p>	
<p>14. Topic Status- Click on the <b>down arrow</b> to see options for <b>Topic Status</b>:</p> <ol style="list-style-type: none"> <li>Active- Your discussion is live and ready for student participation.</li> <li>View only- Your discussion is frozen and for view only.</li> <li>Hidden- Your discussion is hidden from students.</li> </ol>	
<p>15. Start date/End Date- Allows you to activate or freeze the Topic where it is View only on specific dates.</p>	

	<p>Start date: <input type="text" value="mm/dd/yyyy"/> </p> <p>End date: <input type="text" value="mm/dd/yyyy"/> </p>
<p>16. Moderate student activity(recommended)- Turn this on for new videos and comments to be approved by you before being seen by others.</p>	<p><b>Moderate student activity</b> <input checked="" type="checkbox"/></p> <p>Moderation is on. Responses and comments will stay hidden until you approve them.</p>
<p>17. Comments- The default is that comments are turned off. Toggle on <b>Comments</b> if you want to allow students to leave video and text comments on responses.</p>	<p><b>Comments</b> <input checked="" type="checkbox"/></p> <p>Allow students to leave video and text comments on responses.</p>
<p>18. Closed Captions- The default is English, but captions can be changed to a different language if needed.</p>	<p><b>Closed Captions</b> (English (United States))</p> <ul style="list-style-type: none"> <li>Off</li> <li>English (United States)</li> <li>English (United Kingdom)</li> <li>Spanish (Spain)</li> <li>Spanish (Mexico)</li> <li>French (France)</li> </ul>
<p>19. Responses- You can monitor what you allow the students to do in their responses. All are turned on by default. Adjust according to preference.</p> <ol style="list-style-type: none"> <li>Attachment Link-Allow students to include an external link with their video.</li> <li>Likes- Allow students to like videos.</li> <li>Download and Share- Allow students to download and share after creating video.</li> <li>Display View Count- Display or hide the number of views the video received.</li> </ol>	<p><b>Responses</b></p> <p>Allow attachment links <input checked="" type="checkbox"/> Allow likes on videos <input checked="" type="checkbox"/></p> <p>Allow download and share <input checked="" type="checkbox"/> Display view count <input checked="" type="checkbox"/></p>
<p>20. Camera Options- The Essentials, Expressions, and Sticky Notes are all turned on by default.
