New Folder: Create is now called New Folder, one option for making a new folder.				
• New Polder. Create is now called New Polder, one option for making a new folder.				
Add Folder				
<b>Theme:</b> This new feature. There are three themes available: Classic, Primary Professional				
<ul> <li>Theme</li> <li>Classic</li> <li>Primary</li> <li>Professional</li> </ul>				

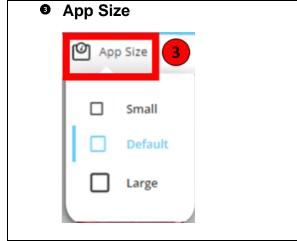

**Primary Theme** has larger apps, less distractions, and is simplified for younger users. The only tools available in Edit Mode: <sup>1</sup> Add Folder <sup>2</sup> Theme

**Professional Theme** has a left frame menu. Tools available in Edit Mode include:

Font Size					
Font Style					
Palette	lette				
Accessibility Tools:					
You can use the Accessibility Tools to Jump to section, Increase Text Size, Decrease Text Size, change to High Contrast Mode which can improve readability for the visually impaired, or choose a Light Background. Click on the Accessibility icon to the right of your screen for the menu to pop out and customize to your liking.
