

FOUR YEARS of MUSIC ARE POSSIBLE IN HIGH SCHOOL

Choir challenges you to grow as you sing alongside others that share your goals.

WHY SHOULD I BE IN CHOIR?

Many colleges and universities ask if you have been involved with Fine Arts activities. It is a valuable part of your comprehensive high school experience!

Being a part of quality music ensembles like those at Irondale can change your life. No one ever says later in life, "I wish I had dropped music."

Students who love making music, love the sound produced with talented friends, and love the excitement of performance should be in music at Irondale!

I play sports, do drama, work and I am in choir. I'm in AP classes and I do choir easily. It is my favorite class by far.

HOW CAN I MAKE IT WORK?

Carefully read through the Registration Guide when choosing classes.

Irondale High School has a 6 period day which can make scheduling somewhat limited for 9th and 10th grade students.

There are a number of alternatives you can explore to create a schedule that will allow you to enroll in band, choir, or orchestra while still taking a college-prep course load including a World Language.

Choir is a way to meet and connect with people in a way other classes can't. In other classes, you spend hours taking notes, tests, and quizzes. In Choir you get to stand, move and let out your energy.

- Some classes listed as possible in grades 9 or 10 can be taken in grades 11 or 12 where there is greater flexibility in your schedule.
- **Summer school classes are offered for high school credit.** You can take Fitness for Life and Health in the summer. Summer Phy Ed and Health are offered as a Hybrid class. Students attend class 12+ days over the summer and then do most coursework online.

WHAT SHOULD I REGISTER FOR?

As an incoming freshman, you will register for Varsity Choir!

**WE LOOK FORWARD TO SEEING YOU IN
MUSIC AT IRONDALE!**
