ATHENS ELEMENTARY

- iAcademy hosted Computer Science Week on Dec. 7-11 during the national Computer Science week including Hour of Code day. Each day had a different focus and students participated in activities such as coding, augmented reality, robots, engineering design process, and binary code. It was a great week and we appreciate those board members and central office personnel who were able to join us! We love seeing #oneathens in action!
- iAcademy was awarded an Alabama Robotics Grant for 2021 through the State Department of Education. We plan to utilize the money to start the first elementary robotics team!
- Our partner in education, the United Way of Limestone County, recently donated a Christmas gift to give to each child at iAcademy. Each child (remote and traditional) will receive a stem kit playset! We are so thankful for their partnership!
