

INSURANCE MANAGEMENT

The Board aspires to maintain an insurance program to protect the property of the system and provide protection to Board members and personnel from personal liability resulting from the proper discharge of their duties.

Responsibility for administering the total insurance program is delegated to the Superintendent and administrative staff. Any modification of the insurance program, which may from time to time be considered necessary because of changes in the law or substantial changes in the Board's exposure, are to be brought before the Board for discussion and adoption.
