

CONFLICT OF INTEREST

Employees of the school system shall not engage in any employment that would affect their usefulness as employees, that would make time and/or energy demands upon the individuals who could interfere with their effectiveness in performing their contractual obligations, would compromise or embarrass the school system, and would adversely affect their employment status or professional ethics.

Employees shall not engage in any other employment or in any private business during the hours required to fulfill assigned job related duties.

The superintendent, based on reasonable evidence of such conflict, may require any full-time employee to provide a written description of other employment activities, hours, and number of days involved.
