

SCHOOL CALENDAR

The school calendar for the ensuing school year will be prepared by the superintendent and presented for board approval in the early spring of each year. Staff members will be afforded the opportunity to present data relevant to the preparation of the calendar.

The calendar will set forth the days schools will be in session, including holidays and vacation periods, inservice days, and days marking the beginning and ending of reporting periods.

A school calendar showing work days for twelve (12) - month employees will also be presented for approval by the Board.

Upon approval by the board, the school calendar will be published in the minutes. The superintendent is expected to have the calendar printed and disseminated promptly throughout the school system.
