## Attendance Basics

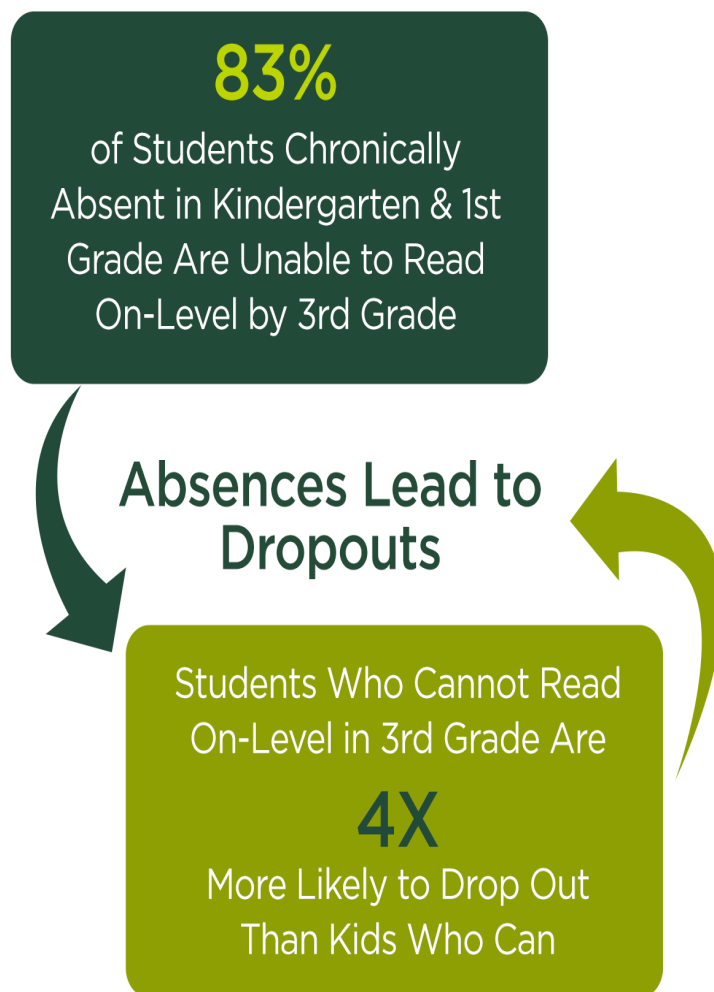

---

All students are required by law to attend school every day and to be on time. At Memorial School, we pride ourselves on maintaining a high attendance rate for students because we understand the importance of attending school each day. Many classroom learning activities and experiences simply cannot be made up at home. Please try to schedule your child's medical and other appointments after school hours in order to avoid absences.

## Late Arrival and Early Dismissal

---

Tardiness is not just being late for school as traditionally interpreted. Tardiness is defined by the law as "any amount of instructional time missed." This includes being late to school or leaving school before classes are dismissed. Parents are required to sign in late students on the **Entry Log** kept at the attendance desk in the lobby. Parents are also required to sign out students leaving prior to 3:00 p.m. on the **Exit Log** kept at the attendance desk.

## **Educational Enhancement Opportunity**

---

Absences due to family vacations and trips will be unexcused. A parent may request for a child's absences to be excused if the child is participating in an Educational Enhancement Opportunity (EEO). In order to qualify for an excused absence, the EEO must meet several requirements. According to KRS 159.035, principals may grant students an excused absence to pursue an extraordinary educational opportunity. The expectation is that the activity for which the excuse was granted would provide a high-quality, educationally relevant experience that supports the student's in-school program. In order for a principal to approve an EEO day, the principal must determine that the activity has significant educational value. Examples provided in the statute are participation in educational foreign exchange programs or involvement in intensive instructional, experiential, or performance programs.

Parents requesting excused absences for a trip that qualifies as an EEO must complete and submit an Educational Enhancement Opportunity Request Form to the principal at least 2 days in advance of the trip. EEOs will not be accepted more than two weeks prior to the absence.

An EEO will not be allowed for any students who have three or more unexcused absences. Families may only apply up to 10 days of EEO in a school calendar year.

## **Deliveries**

---

Memorial School cannot accept any deliveries from any florists, flower shops, parents, etc. for holidays and birthdays. This helps the school adhere to state transportation regulations requiring bus drivers to prohibit all balloons and glassware. In addition, it also helps minimize potential disruptions to the classroom.

## **Possession of Cell Phones, Headphones, and Other Electronic Items**

---

Memorial School respects the feelings of our parents, who want their children to have a phone for safety and other reasons, but feel strongly that cell phones or other electronic devices should not interfere with the instructional environment of the school day. The administration reserves the right to change this policy at any time.

While on school property or while attending school-sponsored or school-related activities, whether on or off school property, students shall be permitted to possess and use electronic items as defined by law<sup>1</sup> provided they observe the following conditions:

- Students are allowed to possess and use electronic items in the mornings before school (until 7:45AM). However, teachers and staff who are on duty in the mornings, reserve the right to ask students to put away the devices if they are

causing a disruption (for example in the gym or cafeteria). Students may also use their device after school beginning at 3:15PM. **Students may not use electronic items during instructional time. Cell phones and electronic devices are also prohibited during class changes and at lunchtime.**

- Headphones or any other type of earbuds shall not be worn at any time during the school day
- All electronic items are to be in silent mode all day even when use is allowed. Devices that “go off” during the school day are subject to being confiscated by the teacher/staff.
- Students are not to communicate with other students or persons either inside or outside the building (including parents) using any function (verbal, text message, instant messaging, camera, or video) of a cell phone or electronic item during instructional time. This includes if a child is sick and notifies the parent/guardian. Students who are ill may use the phone in the office to call home.
- Any student who is referred to the office for disciplinary reasons and contacts his/her parent prior to being seen by an administrator is in violation of this policy and will face further consequences as outlined in the discipline policy in this handbook.
- Students are not permitted to access or post to any social media sites such as Facebook or Instagram during the school day.
- School officials have the right to confiscate student cell phones or other contraband if the student is in violation of this policy.
- Students and their parents assume full responsibility for any cell phone or electronic item brought to school. Memorial School reserves the right to not investigate the theft or loss of any cell phone or other electronic device or their related parts due to time constraints. The district and school shall not be responsible for loss, theft, or destruction of such devices brought onto school property.
- The school reserves the right to allow “BYOD” (bring your own device) times as reward time for students. In such cases, students still must adhere to the Appropriate Use Policy (AUP) on their personal devices.

#### *Reference*

<sup>1</sup>KRS 158.165 “*Personal telecommunications device*” means a device that emits an audible signal, vibrates, displays a message, or otherwise summons or delivers a communication to the possessor, including, but not limited to, a paging device and a cellular telephone.

## **Morning and Afternoon Procedures**

---

Mornings and afternoons are the most hectic times of the day here at school. Our goal is to ensure the safety of all our students and staff and it is for this reason we ask for your patient understanding and cooperation with our morning and afternoon procedures. Again, these procedures are meant to ensure the safety of our students and staff as well as maintain order during these unstructured times of the day and are not meant to keep anyone away from our school.

### **Morning Procedures**

Students may enter the building starting at 7:25 AM each morning. Students who ride a bus to school enter the front doors of the building. Students who are dropped off at school enter the building on the south side of the building by the gym.

Breakfast- All students that wish to eat breakfast will go straight to the cafeteria upon arrival at school. All K-3 students will stay and eat their breakfast in the cafeteria, while grades 4-8 will get their breakfast and go straight to their classroom to eat. Any 4th-8th grade students who choose not to eat will go straight to their homeroom. Any 4th-8th grade students wishing to eat breakfast, will need to go through the cafeteria before going to their classroom.

All students should be in their homerooms by 8:00 AM. Morning announcements will be made either over the intercom or by student broadcast.

Students are counted tardy to school after 8:00 AM. Tardy students are asked to go to the cafeteria to pick up their breakfast. It may be taken to the classroom to eat.

Kindergarten parents may accompany their child to the cafeteria for the first day of the school year.

### **Afternoon Procedures**

Car riders will be dismissed to the gym each afternoon at 2:50 PM and are called by name by the supervising staff to load their vehicles.

Parents/guardians are asked to line up in the parent pick up area (southside by the gym) and to wait for your child to be called to your vehicle.

One hint.....We have found that parents/guardians who arrive at school at 3:00PM typically, do not have to wait as long for their child to be called to the vehicle.

Due to the high volume of hallway traffic in the afternoon, we cannot allow parents/guardians to go to the classroom to pick up students from a classroom. Parents/guardians who need to speak with a teacher concerning his/her child are asked to make an appointment with the teacher. Also, we cannot allow parents/guardians to remove students from the gym during parent pick up time. **Parents who come into the school at dismissal time will be asked to remain in the front office until all students have been dismissed.** The front exit is reserved for our bus riders exiting the building.

Students who are bus riders are called by their bus number and will exit the building through the front doors of the school.

## Medications at School

---

Students who require medication during school hours must have a signed authorization form on file in the Nurse's office. The Authorization to Give Prescription Medication and Authorization to Give Over-the-Counter Medication Forms are available in the school office. Please note that the authorization form for over-the-counter medications must be signed by a physician. For prescription medications, the correct dosage and specific time the medication is to be administered must be clearly printed on the prescription label and written on the authorization form. Authorization forms must be updated each school year and any time a change occurs. All medications must be brought to school in the original, labeled container, and pills must be split prior to coming to school if needed. Parents should make every effort to bring medication to the school office. All medications must be kept in the school Nurse's office under the supervision of trained personnel. **It is important to note that students are not allowed to transport medications from school to home.** In the event medication is no longer needed at school, someone from the office will notify the parent to pick up the medication. At the end of the school year, it is the parent's responsibility to pick up medication. Any medication not picked up by the last working day for office staff will be disposed of according to school health protocol. .

## Homework Policy

---

1. Memorial Elementary School teachers and administrators believe that good study habits are essential to every child's success. Homework is the out-of-class tasks that a student is assigned as an extension of classroom work. Homework helps students review, apply, and integrate what has been learned in class. It encourages habits of self-discipline and

time management, develops initiative and the ability to learn to work independently, and helps students gain a sense of personal responsibility for learning.

2. Homework may be given at the discretion of the teacher. It is the option of the classroom teacher as to the frequency and structure of assignments made. Homework may be required of all students at all grade levels. The emphasis will be on the quality rather than quantity.
3. Below is the chart listing approximate times that students may be asked to spend on homework assignments according to grade level.

| <u>Grade Level</u> | <u>Minutes</u> |
|--------------------|----------------|
| K                  | 15             |
| 1-2                | 20             |
| 3-4                | 30             |
| 5-6                | 40             |
| 7-8                | 60             |

4. If a student is absent, they have as many days as they were absent to complete the work. Schoolwork may be made up for all excused absences and for up to three unexcused absences. Any work made up after that time can be graded failing or not accepted.
5. Homework will usually be assigned Monday through Thursday nights. It is the student's responsibility to complete all homework and class work in accordance with the teacher's instructions. All teachers will provide an ongoing assessment of every student assigned to them. This assessment shall be based on grades as recorded in teachers' grade book, on curriculum skills list, participation, and homework. It may be the teacher's discretion as to the weight given to homework that is averaged into a grade. Time is usually given in class for completing work, if the student cannot or will not complete the assignment, it then may become work to be completed at home.
6. After any missed assignment, the teacher will note that in the student's agenda book. Parents should regularly review and sign the agenda book. If a student fails to complete two or more assignments, the parent will be contacted by phone. The teacher may request a meeting with the parent and visa-versa. It will be at the teacher's discretion if that student will miss break to complete the assignment. It will be at the principal's discretion if that student should attend after-school detention to complete the assignment.
7. Homework will not be used as punishment. At the discretion of the classroom teacher, students may be given incentives for completing assignments. Some suggestions follow: points given when homework is complete, neat and on time; student gets to choose a low grade to take off when assignments are complete and on time; free time awarded; tokens given; or student is excused from an assignment.
8. Homework: Incentives for homework completion are encouraged and worked into the year for students who complete their work on time and keep their grades up. These incentives may include assemblies, class fun trips, field day activities, etc). If a student has low grades due to failure to complete work, he/she may be prohibited from participating in these types of activities as a consequence for non-completion of homework..

## Wellness Policy

---

All students shall participate in moderate to vigorous physical activity each day, as follows:

1. Each student shall engage in at least 15 minutes of planned physical activity each day. With input from the teachers and the rest of the staff, the principal shall work out how this activity will be handled. The arrangements must fit within the limits of our building and staffing and be compatible with our school improvement plan.
2. Each student shall participate in physical education class twice a week.
3. Primary students (K-3) shall have at least 15 minutes daily of supervised recess. The school shall provide space and equipment to make that activity possible and appealing to students.
4. Teachers shall make all reasonable efforts to avoid periods of more than forty-five minutes when students are physically inactive. When possible, physical activity should be integrated into learning activities. When that is not possible, students should be given periodic breaks during which they are encouraged to stand and be moderately active.
5. Appropriate accommodations shall be made for students with special needs, as required by law and sound professional judgment.
6. School staff cannot withhold physical activity as a punishment for behavior or unfinished school work.

School staff shall assess students' level of physical activity at least once a year. The physical education teacher will use the Presidential Fitness test and standards to determine the fitness levels of the students and report to the SBDM Council.

Our school shall encourage healthy choices among students using the following methods:

1. Our school shall implement the nutritional standards required by federal and state laws and regulations. Those rules apply to our food program and to other food and beverages available during the school day.
2. Our Practical Living curriculum shall address the full Core Content, including health and physical education.
3. The rest of the curriculum shall reflect an integrated concern for wellness, including connections to Science, Social Studies, and other subjects.
4. Our school will implement the standards suggested by the Alliance for a Healthier Generation.
5. Our school will use the HECAT/PECAT to analyze and monitor the Practical Living curriculum.

**Food:** Any foods brought in for birthdays, or any other class event must be store bought items that are packaged by the store. Anything that has been removed from the store packaging will not be used. Foods for class parties must be approved by the teacher and/or the principal.

**Drinks:** Students will be allowed to have water during the day. Water must be in a clear, single-serving container and must be **SEALED** and unopened upon entering the building. Students can also bring an **EMPTY** water bottle from home and use the provided bottle filling stations provided throughout the building.

Student sharing of drinks at any time will be prohibited. Sodas, drink boxes/ juices will be allowed during breakfast/lunch/break times only. These drinks must also be sealed and only opened during breakfast, lunch, and/or break. Monster or energy drinks are not allowed at any time. Students having “monster” or “energy” drinks will be asked to dispose of the drink. Parents will also be notified due to the health risks associated with these drinks.

The provisions of this policy shall be implemented to comply with provisions required by federal law, state law, or local board policy. If any specific requirement above does not comply with those rules, the principal shall notify the council so that the policy may be amended.

## Playground Expectations

---

Remain in the play area designated by the staff member in charge. Keep hands and feet to yourself. Use a quiet voice when speaking. Keep your eating area neat by cleaning up after yourself. Most important is for each of us to treat others as we wish to be treated – with courtesy and respect.

## Guidelines for Success at Memorial

---

All students can be successful at Memorial. We recite the Polar Bear Pledge everyday as it defines our core values as a school community. The Polar Bear Pledge goes as follows:

*I am a Polar Bear. I will Be here every day, Expect the best, Act responsibly, Respect Everyone and remember Safety first.*

**B**e at School. Attendance is important! If you're not here, you can't learn.

**E**xpect the Best. We have high expectations for our students and ourselves.

**A**ct Responsibly. Take responsibility for your own actions and don't place blame on others for your wrong-doing.

**R**espect Everyone--parents, teachers, other students AND ourselves. This also means the school property and the property of others.

**S**afety Comes First. We expect everyone to behave in an orderly manner so we are able to maintain a safe campus.

---

School administration will follow this policy after all Positive Behavior Interventions have been attempted and exhausted. Major offenses will be handled directly by the administration. All office referrals will include a parent contact.

The grid below outlines the consequences for violations of our school rules and code of conduct/dress. Written discipline notices may be mailed home as well as sent home with the student. Parents will be given written or verbal notification of discipline decisions concerning their child in reference to office referrals. ***Please note, the severe clause may be applied at any level. Any infraction beyond prescribed action is up to the Principal's discretion and board policy.*** Teachers will assign interventions for students who have minor infractions; however, major violations will result in an immediate referral to the administration.

## **HANDBOOK REVIEW COMMITTEE**

The Hart County Elementary Schools Parent-Student Handbook is reviewed annually with a committee having input into its contents. Committee members participating in the handbook review for the 2023-2024 school year included principals and central office personnel.

## **HART COUNTY ELEMENTARY SCHOOLS NON-DISCRIMINATION POLICY**

The Hart County Elementary Schools do not discriminate on the basis of age, color, disability, parental status, marital status, race, national origin, religion, sex, or veteran status in employment, educational programs, or activities as set forth in Title IX, Title VI, and Section 504.

## **LENGTH OF SCHOOL DAY**

School will begin at 8:00 A.M. and end at 3:00 P.M. *A student who arrives after 8:00 A.M. or leaves before 3:00 P.M. is considered "tardy."*

## **KENTUCKY'S SIX GOALS FOR EDUCATION**

1. Schools shall expect a high level of achievement.
2. Schools shall develop their students' ability to achieve the following six Learner Outcomes:
  - A. use basic communication and mathematics skills for the purposes and situations they will encounter throughout their lives;
  - B. apply core concepts and principles from mathematics, the sciences, the arts, the humanities, social studies, and practical living and vocational studies to situations they will encounter throughout their lives;
  - C. become a self-sufficient individual;
  - D. become responsible members of a family, work group, or community including demonstrating effectiveness in community service;
  - E. think and solve problems in school situations and in a variety of situations they will encounter in life; and
  - F. connect and integrate experiences and new knowledge from all subject matter fields with what they have previously learned and build on past experiences to acquire new information through various media sources.
3. Schools shall increase their students' rate of school attendance.
4. Schools shall reduce their students' dropout and retention rate.
5. Schools shall reduce physical and mental health barriers to learning.
6. Schools shall be measured on the proportion of students who make a successful transition to work post-secondary education, and the military.

## **KENTUCKY PRIMARY PROGRAM**

The first four or five years of a student's early education is Primary School, which replaced what has traditionally been kindergarten, first, second and third grades. Students are now designated as P1 (kindergarten), P2 (first grade), P3 (second grade), and P4 (third grade).

Primary School is based upon the seven critical attributes of Kentucky Primary Schools: developmentally appropriate educational practices; multi-age, multi-ability classrooms; continuous progress at a student's own rate in a success oriented, non-competitive classroom without promotion or retention; authentic assessment which occurs continually in the context of classroom involvement; qualitative reporting methods including portfolios, journals, videotapes, narratives, and others; professional teamwork; and positive parent involvement.

The determination of successful completion of the Primary Program is made on an individual student basis. Ongoing evidence to support the determination includes teacher observations and anecdotal records, student products or performances, evidence of student self-reflection or assessment, and recording of skills mastery on the curriculum skills list.

Students exiting the Primary Program will exhibit performance expectations, which would support student success in the fourth grade. A school team, which includes the parent of the identified child, will consider and recommend the appropriate early or delayed exit for any student in the primary program. Such review will take place at least 30 days before the decision takes effect. Parents shall not veto the decision of the certified staff.

The following shall be the focus for determining student eligibility to exit the Primary Program.

The student:

- a. expresses himself/herself clearly and effectively in oral and written form;
- b. processes oral and written information as evidenced through listening and reading;
- c. demonstrates confidence in his/her ability to communicate;
- d. applies mathematical procedures to problem-solving;
- e. applies mathematical concepts including computation, measurement, estimation, and geometry;
- f. collects, displays, and interprets data;
- g. demonstrates use of monetary values in an economic system;
- h. demonstrates appropriate and relevant investigation skills to solve specific problems in real life;
- i. creatively expresses ideas and feelings;
- j. applies democratic principles in relationship with peers;
- k. identifies contributions of diverse individuals, groups, and cultures;
- l. demonstrates responsibility for personal belongings;
- m. shows respect for the property and rights of others;
- n. displays self-control and self-discipline;
- o. accesses appropriate resources for learning in school, at home, and in the community;
- p. participates in group activities cooperatively;
- q. chooses appropriate process and strategies to solve given problems; and
- r. applies previously learned knowledge and concepts to new situations.

### LITERACY POLICY

Hart County Schools will provide a balanced reading program emphasizing the five components of reading identified by the National Reading Panel. The five components include: phonics, phonemic awareness, comprehension, fluency, and vocabulary. In addition to the National Reading Panel's five components of reading instruction, five important provisions have been identified by Richard L. Allington, PhD., University of Tennessee. Building on recent scientific, research-based evidence supporting the need for these additional components of effective reading instruction, Hart County Schools will also incorporate these components into a well-balanced approach to literacy instruction:

1. **Access to interesting texts and choice.** Students need easy access to a large supply of texts they can read and are interested in reading.
2. **Matching students with appropriate texts.** Students cannot learn from texts they cannot read. Teachers must find texts that match the reading level and conceptual levels of the students they are teaching.
3. **Writing and reading have reciprocal positive effects.** A curriculum plan that ensures reading and writing, composing and comprehension, decoding and spelling lessons are well-linked to take the advantage of the natural reciprocity between the various reading and language processes.
4. **Classroom organization.** Effective classroom reading instruction provides a balanced mixture of whole class, small group, and side-by-side instruction all day long.
5. **Availability of expert tutoring.** Some students need more intensive and expert instruction in order to maintain progress that is comparable to their peers.

Hart County Schools follows the following intervention process:

**Identification:** All classroom teachers need to continually assess students to monitor student progress using consistent measures across the district (e.g. Lexia, running records, daily observation during guided reading)

- Students experiencing difficulty in reading should be referred to the school Literacy Team for review.
- Intervention teachers will use diagnostic assessments to identify the lowest 20% of students who will be served for Tier 3 interventions.
- An intervention plan appropriate for each student experiencing difficulty in reading should be developed by the Literacy Team.

**Instruction:** All teachers need a variety of strategies, techniques and support in order to teach reading across the curriculum. To adjust instruction for individual students each teacher will utilize the literacy resource binders

which have been created at each level (primary, middle, high) to provide support for implementing the strategies in the district literacy plan.

**Interventions/Enrichment:** In order to successfully reach our goal, schools will:

- Use ESS rigorously to raise the reading level of struggling students.
- Continue school-based literacy initiatives that support the district's goal of meeting individual literacy needs of students.
- Implement MTSS (Multi tiered systems of support) for all learners.

**Improvement:** Since reading is the basis for all other learning,

- Each school shall identify specific needs for professional development in literacy and develop a plan based on these needs.
- The district will continue refining curriculum alignment documents.

### **EDUCATIONAL OPPORTUNITIES**

All Hart County Elementary Schools provide curriculum based on the Kentucky Department of Education Program of Studies. Parents, who are interested in the highly qualified status of their child's teacher, as required by the No Child Left Behind act, should contact the principal.

### **GUIDANCE SERVICES**

Each elementary school in the Hart County School System offers guidance and counseling services by an on-staff school counselor.

### **COMPUTER TECHNOLOGY**

All students in Hart County Schools are provided access to computer technology, including email at grades Primary-12. In addition to emphasizing technical knowledge, technology instruction focuses on research, application of software for authentic activities, and reinforcement and extension of core content curriculum. All students in Hart County Schools are held to a high level of accountability in regard to the use of technology. When using school equipment and accessing the Internet, all students will adhere to the requirements and be subject to the consequences outlined in the Hart County School Acceptable Use of Technology Policy (AUP). Student and parent/guardian signatures will be required on the district's AUP for student use of the Internet and email.

Students are expected to follow and abide by all rules that govern the appropriate use of their Chromebook and the technology is provided for them. All school and district rules apply in regard to inappropriate language, bullying, harassment, etc. Failure to follow and abide by the rules will result in referrals to the office and appropriate consequences. Finally, students are encouraged to use this technology opportunity to push themselves to new levels of learning and thinking facilitated by their teachers.

### **Chromebook/Computer Learning Procedure for Hart County Schools**

Machines not adhering to these guidelines may be reimaged at the discretion of the school/district technical staff; re-imaging for this reason will be at the expense of the student.
- The student and parent(s)/guardian(s) assume responsibility for the reasonable care of the Chromebook, including all supplementary materials, including but not limited to the laptop case, power supply, power cord, earbuds, network cable, and other devices.

### **EXTENDED SCHOOL SERVICES**

ESS will be provided as determined by the school and school council for students who need additional time to achieve skills.

### **GIFTED AND TALENTED SERVICES (GATS)**

A variety of services are provided to students with exceptionalities in five areas, through the G.A.T.S. (Gifted and Talented Services) program. The five areas mandated by the Kentucky Department of Education for services include general intellectual aptitude, specific academic aptitude, creativity, leadership, and visual and performing arts. Students in P-1 through P-4 are referred for participation in the Primary Talent Pool at each elementary school. Students in the Talent Pool are not labeled as gifted and talented. They are identified only as “possessing some of the characteristics of gifted and talented students.” While in the Talent Pool, they will be provided differentiated activities to foster and nurture the observed characteristics.

Students are not formally identified as Gifted and Talented until fourth grade. The G/T specialists and regular classroom teachers provide multiple services to students in grades 4-8 who are identified as Gifted and Talented.

### **TITLE I SCHOOLWIDE PROGRAMS**

Each of the elementary schools has school wide Title I programs. Title I is a federally-funded program to help low-income schools and students reach the same challenging standards expected of all children. School wide programs are designed to upgrade the entire educational program in the school in order to raise academic achievement for all students. These programs are built on school wide reform strategies and focus on results.

Each school encourages parents to become partners in learning and to participate in school activities. Parent Involvement activities are planned at each school to assist parents in improving the performance of their children and participating in decision-making related to the education of their children. In addition, a District Title I Advisory Council and a school Title I Advisory Council meet quarterly to facilitate a partnership among schools, parents and the community in planning and implementing the Title I program. A written parent involvement policy

is included in this handbook. Parents whose students attend Title I schools may contact the district coordinator for information regarding their child's certified and professional staff's qualifications.

### **TITLE I PARENT INVOLVEMENT POLICY/COMPACT**

Contingent on confirmation of resources and other necessary information being provided by state and federal authorities, it is the intent of the Board that parents of participating students shall be provided with flexible opportunities for organized, on-going, and timely participation in the planning, review, and improvement of the Title I program, including opportunities to suggest modifications, based on changing needs of parents and the schools. All comments indicating parents' dissatisfaction with the Title I plan shall be collected and submitted along with the plan to the Department of Education. The Title I program shall be designed to assist students to acquire the capacities and achieve the goals established by law, as well as the goals and standards established by the Board. These goals and standards shall be shared with parents in a manner that will give them: (1) timely information about programs; (2) a description and explanation of the school's curriculum, the forms of academic assessment used to measure student progress, the proficiency levels students are expected to meet; the achievement level of their child on each of the state academic assessments; and (3) if requested, opportunities for regular meetings to formulate suggestions and to participate in decisions relating to the education of their children.

If the District's Title I allocation is \$500,000 or more, the District shall reserve not less than one per cent (1%) of its allocation for the purpose of promoting parent involvement and shall distribute to Title I schools not less than ninety-five percent (95%) of the reserved funds. Parents of participating students shall be provided the opportunity to help decide how this portion of the Title I funds will be allotted for parental involvement activities. The District will provide coordination, technical assistance, and other support necessary to assist schools in planning and implementing effective parent involvement activities to improve student academic achievement and school performance. These measures may include, but shall not be limited to, the following:

1. Designation of resources to assist in communicating with parents, transporting them to meeting sites and/or implementing home visits, providing child-care for meetings, encouraging them to use available parent resource centers, and working with them to improve parenting skills, particularly those that will assist them in working with their child to improve his/her educational achievements. Resources may include individuals, agencies, materials, and services.
2. Sharing options for coordinating and integrating Title I program strategies with services of other community programs, businesses, and agencies.
3. Identification of ways in which parents can be involved in staff training activities to demonstrate the value of parent involvement and various techniques designed to successfully engage parents as equal partners in their child's education.
4. Making a good faith effort to convene an annual meeting at a convenient time to which all parents of participating children shall be invited and encouraged to attend for informing parents of their school's participation in and requirements for Title I programs and of their rights to be involved.
5. Designing and conducting an effective annual evaluation process whereby parents can share their ideas about the content and effectiveness of this policy in improving the academic quality of schools receiving Title I funds, and the plan designed to implement it. The process shall focus on the following questions: Does this policy increase parent participation? What barriers to parent participation still exist, and how can they be reduced or removed? The findings produced by the annual evaluation shall be utilized to design strategies for school improvement and for revising this policy, if necessary.
6. In the design of activities and materials for parents, particular attention shall be given to reaching and involving those who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background.

### **SCHOOL HEALTH SERVICES**

A program of continuous health supervision is provided for all students enrolled in the district. Appropriate screening tests for vision, hearing and scoliosis are provided. Emergency care procedures include first aid facilities and provisions. At least two adult employees in each school are certified in a standard first aid course that includes CPR for children. Cumulative health records are on file for each student enrolled. A second physical examination is required within one year prior to entry into the sixth grade.

## **FAMILY RESOURCE/YOUTH SERVICE CENTERS**

All Hart County Schools are served by Family Resource/Youth Service Centers. The centers are designed to assist students and their families to remove any barriers to the students' education. They can help families obtain health and social services, basic needs such as food, clothing and shelter, educational and employment needs, childcare, and other essential services. The centers are available to all students enrolled in the Hart County schools and their families.

For information or assistance call Helping Hands Family Resource/Youth Service Center (LeGrande and Memorial schools) at 270-528-7211; Pathways Family Resource/Youth Service Center (Bonnieville and Cub Run schools) at 270-218-0603; or Hope Family Resource/Youth Service Center (Munfordville) at 524-Hope (4673).

## **FOOD SERVICE**

Hart County Schools believe that meeting the nutritional needs of every child is a vital part of the educational process. We strive to meet those needs by providing a variety of healthy meals so every student can realize his/her potential in all areas of education.

For the 2023-24 school year, **ALL** Hart County Schools will participate in the Community Eligibility Program. This program will allow all students in preschool thru the twelfth grade to receive a breakfast and lunch meal every day at no cost to the student. All students will be encouraged to participate in the program and take breakfast and lunch each day. There is no charge for the meal; however, students may purchase "extras" and other ala carte items at regular prices. Student lunch accounts remain active and will be maintained as in previous years.

Parents will not have to complete a Free/Reduced Lunch Form; however, students will receive a Household Income Form on the first day of school. Parents are to complete this form (only one form per household) and return it to your child's school.

## **REQUEST FOR CHANGE IN-DISTRICT SCHOOL ASSIGNMENT**

Any request for change in your child's school assignment within the Hart County School District must be based upon physical, psychological, or educational reasons. Family hardship may also be considered in changing school assignment. An application for change in school assignment, 09.11 AP.22, must be completed and submitted to the Principal. The Superintendent or designee must give final approval.

If a family moves from one attendance zone to another within the school system, the pupil may be permitted to finish the school year in the school in which he/she was last enrolled (at no cost or service by the Board). The pupil must enroll the following year in the school in the attendance zone of his/her legal residence.

Schools reserve the right to terminate services by transferring the students who are residents of Hart County back to their home school at any point during the school year if the student becomes disruptive and/or interferes with

the educational process and/or safety of students, teachers and/or instructional assistants, or if the student: fails two (2) or more classes during a grading period, is suspended from school or expelled from school, or accumulates more than six (6) unexcused absences in a school year.

### **SCHOOL CLOSING INFORMATION**

During the school year when inclement weather (such as sleet, snow or freezing rain) or other emergencies occur, school delay or cancellation decisions must be made. In some instances, the District may elect to utilize Non-Traditional Instruction Days (Raider Days). Every effort will be made to make the decision as early as possible.

The Hart County Schools will notify radio stations WLOC (1150 AM and 101.7 FM) in Horse Cave, WKNK (99.1 FM) in Edmonton, and television stations WBKO Channel 13 and WNKY Channel 40 in Bowling Green and WHAS Channel 11, WAVE Channel 3, WDRB Channel 41 in Louisville.

When appropriate, notification of school closing and other information will be provided through an automated calling system (In Touch System) which contacts each student's household. If parents prefer not to be contacted via the In Touch System, please contact the district office.

### **CLOSED CAMPUS**

All students are to be confined to the school grounds during the hours that school is in session.

### **EARTHQUAKE, FIRE, TORNADO, AND INTRUDER DRILLS**

### **MEDICATION**

The parent or guardian must first complete the "Medical Permission Request" before medication is administered. This is for prescription and non-prescription medications. We encourage morning medications to be given at home, if possible. A student may not be permitted to carry medication unless it has been prescribed and ordered by a physician to stay on or with the pupil due to a pressing medical need which may require emergency treatment, e.g., an asthma inhaler. Students shall not share any prescription or over-the-counter medication with another student. Provisions may be available so that over-the-counter analgesics and antacids may be administered by school nursing staff; please contact your school for details.

Consistent with that annual notice, a photograph of an individual student may be released to others and/or reproduced in school yearbooks as long as the parent or adult student has not submitted written notice indicating that they do not wish photographs of the student to be released. The District also retains permission to record and use the recorded image, voice, or work of the student (photographed, filmed, taped, or digitally recorded) for public awareness purposes, including publication on the school and/or District's website. In addition, at some time during the school year, your child may be videotaped or photographed participating in activities or projects. On special occasions, a general audience on local cable television, the Internet, or other media may view the tape or photograph. Throughout the school year, various surveys may also be administered to students. The survey results would be used to determine needs and results of various programs. Student participation would be voluntary. Consistent with the Family Educational Rights and Privacy Act (FERPA), parents or students 18 or older may direct the District not to disclose directory information. If you do not want your child to participate or be involved in any of the above activities and/or you prefer to withhold directory information, please contact the school your child attends within thirty (30) days of enrollment to obtain and complete the appropriate form(s).

### **ASBESTOS MANAGEMENT PLAN**

Hart County School District meets both national and state regulations that relate to asbestos-containing building materials that were used in building construction in past years. An inspection for building materials that contain asbestos has been completed for all buildings owned, leased, or otherwise occupied by Hart County Schools. This inspection has been conducted by a certified inspector and the sampled materials were evaluated by an accredited laboratory. Building materials with as little as one percent (1%) asbestos content have been identified and have been made a part of an Asbestos Management Plan for the respective school(s). A complete Asbestos Management Plan is on file at the office of each respective school and is available for review. The district will continue to notify the public at least annually on the status of the Asbestos Management Plan. Should it be necessary, more frequent updates will be issued from additional inspections, normal surveillance practices, response actions or remodel work that might disturb building materials that contain asbestos. Every precaution will be used in order to protect the well-being of students and employees of Hart County Schools.

### **NOTIFICATION OF FERPA RIGHTS**

#### **Family Educational Rights and Privacy Acts**

The Federal Family Educational Rights and Privacy Act (FERPA) and the Kentucky Family Education Rights and Privacy Act (KY FERPA) afford parents and "eligible students" (students over 18 years of age or who are attending a postsecondary institution) certain rights with respect to the student's education records. They are:

**1) The right to inspect and review the student's education records within forty-five (45) days of the day the District receives a request for access.**

Parents or eligible students should submit to the school principal/designee a written request that identifies the record(s) they wish to inspect. The Principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

**2) The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or in violation of the student's privacy or other rights.**

Parents or eligible students may ask the District to amend a record that they believe is inaccurate, misleading or in violation of privacy or other rights. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate, misleading, or in violation of their privacy or other rights.

If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

**3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA and/or KY FERPA authorizes disclosure without consent.**

One exception that permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District shall disclose education records without consent to officials of another school district in which a student seeks or intends to enroll or to other entities authorized by law.

**4) The right to prohibit the disclosure of personally identifiable information concerning the student to recruiting representatives of the U.S. Armed Forces and its service academies, the Kentucky Air National Guard, and the Kentucky National Guard.**

Unless the parent or eligible student requests in writing that the District not release information, the student's name, address, and telephone number (if listed) shall be released to Armed Forces recruiters upon their request.

**5) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA.**

The name and address of the Office that administers FERPA is:

Family Policy Compliance Office  
U.S. Department of Education  
600 Independence Avenue, SW  
Washington, DC 20202-4605

Hart County Schools are required to maintain special education records for three (3) years after the date of the last activity. Therefore, the school district will destroy all records three years after graduation or three years after a student has exited a special education program. If you have reason to believe you will need these records at a later date, you must notify the Hart County School District that you want the records prior to the designated time for destruction. You may request your records by contacting Donna LeFevre, Director of Special Education, at 270-524-9345.

**CHILD FIND FOR CHILDREN WITH DISABILITIES IN NEED OF SPECIAL EDUCATION  
OR 504 SERVICES**

The Hart County School District keeps educational records in a secure location in each school and Board office.

The Hart County School District obtains written consent from a parent or eligible student (age 18 or who is attending a postsecondary institution), before disclosing personally identifiable information to an entity or individual not authorized to receive it under FERPA.

For students who have been determined eligible for Special Education, educational records will be destroyed at the request of the parents when they are no longer needed to provide educational programs or services. The Hart County School District may destroy the educational records of a child without parent request three years after they are no longer needed to provide educational programs or services. Parents are advised that data contained in the records may later be needed for Social Security benefits or other purposes. The Hart County School District may retain, for an indefinite period of time, a record of the student's name, address, telephone number, grades, attendance records, classes attended, grade level completed, and year completed.

Children eligible for Special Education include those children with disabilities who have autism, deaf-blindness, developmental delay, emotional-behavior disability, hearing impairment, mental disability, multiple disabilities, orthopedic impairment, other health impairment, specific learning disability, speech or language impairment, traumatic brain injury, or visual impairment and who because of such an impairment need Special Education services.

Children eligible for 504 services include those children in a public elementary and secondary education program who have a current physical or mental impairment that currently substantially limits some major life activity which causes the student's ability to access the school environment or school activities to be substantially limited.

Children eligible for the State-Funded Preschool program include three- and four-year-old children identified with disabilities and four-year-old children who are at-risk, as defined by federal poverty levels up to 160%. Preschool children eligible for special education must have an Individual Education Plan (IEP) instead of a 504 plan to receive State-Funded Preschool program services.

The Hart County School District has an ongoing "*Child Find*" system, which is designed to locate, identify and evaluate any child residing in a home, facility, or residence within its geographical boundaries, age three (3) to twenty-one (21) years, who may have a disability and be in need of Special Education or 504 services. This includes children who are not in school; those who are in public, private, or home school; those who are highly mobile such as children who are migrant or homeless; and those who are advancing from grade to grade, who may need but are not receiving Special Education or 504 services.

The district's "*Child Find*" system **includes children with disabilities attending private or home schools within the school district boundaries who may need special education services.**

The Hart County School District will make sure any child enrolled in its district who qualifies for Special Education or 504 services, regardless of how severe the disability, is provided appropriate Special Education or 504 services at no cost to the parents of the child.

Parents, relatives, public and private agency employees, and concerned citizens are urged to help the Hart County School District find any child who may have a disability and need Special Education or 504 services. The District needs to know the name and age, or date of birth of the child; the name, address, and phone number(s) of the parents or guardian; the possible disability; and other information to determine if Special Education or 504 services are needed.

Letters and phone calls are some of the ways the Hart County School District collects the information needed. The information the school District collects will be used to contact the parents of the child and find out if the child needs to be evaluated or referred for Special Education or 504 services.

If you know of a child who lives within the boundaries of the Hart County School District, who may have a disability, and may need but is not receiving Special Education or 504 services, please call 270-524-9345 or send the information to:

Any information the District collects through “*Child Find*” is maintained confidentially.

Written *Policies and Procedures* have been developed which describe the District’s requirements regarding the confidentiality of personally identifiable information and “*Child Find*” activities.
