

OUR STAFF

Our staff members are highly qualified in child development and eager to develop relationships with every child and family. They observe children interacting with the environment, ask questions and guide learning.

OUR ENVIROMENT

The nature-filled and light-flooded CCLC encourages creativity, curiosity and cognitive development. Our Nature Explore-certified outdoor classroom offers a tranquil setting where children can interact with nature.

Children will develop knowledge and skills related to their interests using natural materials, paint and other art mediums, music, movement and light.

OUR CONNECTIONS

Strong connections to family, school and community will assist us in inspiring children to think about the world around them. Our high-quality learning opportunities are enriched through a collaboration with BC3's early childhood education (Pre K-4) program.

Our unique preschool experience promotes kindergarten preparedness and an individualized approach to help children to reach their next level of learning.

"Play is often talked about as if it were a relief from serious learning. But for children play is serious learning. Play is really the work of childhood."

Amy Wise Children's Creative Learning Center

PRESCHOOL

Licensed by the PA Department of Education.

CURRICULUM

Our inquiry-based learning approach encourages children to explore and wonder through play as they gain knowledge about the world around them.

Children will learn about the arts; literacy; math; science; social, physical and emotional development; and writing through project-based learning experiences centered on topics of study and their interests.

Our goal is to help each child to develop:

- A positive self-image
- Independence and self-help skills
- Positive relationships with themselves and others
- Healthy habits
- Fine- and gross-motor skills
- Curiosity and thinking skills

ACTIVITIES

Variety keeps the day interesting and exciting and includes:

- Child-directed explorations and teacher-guided activities
- Indoor and outdoor learning experiences
- Active times and quiet times
- Small-group work and partner projects
