ANNUAL AHERA NOTIFICATION REQUIREMENTS TO: PARENTS/ LEGAL GUARDIANS/ TEACHERS/ EMPLOYEES/ ORGANIZATIONS

December 15, 2023

As per the United States Environmental Protection Agency's Asbestos Hazard Emergency Act [(AHERA) 40 CFR part 763], an inspection for the presence of asbestos containing materials has been completed, and an asbestos management plan developed for Jasper County Charter System. We have documented through a thorough asbestos survey, conducted by an AHERA accredited asbestos inspector, where asbestos containing, suspect asbestos containing and/or assumed asbestos containing building materials are located on our campus.

The Inspection report and Asbestos Management Plan are available for review at the Jasper County Charter System central office for review during normal office hours, upon request. Copies will be provided for a reasonable charge as required by the USDEPA. Additional inspections of the system are conducted every six months.
