2.3.1 Standard of Award. The Owner intends to award the Contract for the Work to the Proposer submitting the Proposal determined to be in the best interest of the Owner (the “Selected Proposer”), with price being considered, but not being the determining factor. 2.3.3 Evaluation Criteria. The Owner, in its sole discretion, will evaluate the Proposers and Proposals to determine which Proposal is in the best interest of the Owner. In making such determination, the Owner may consider the following criteria, and any such other criteria as it determines proper:

2.3.3.1 Proposer’s work history. 20 Points.

.1 Proposer should have a record of consistent customer satisfaction and of consistent completion of projects, including projects that are comparable or larger and more complex than Owner's Project, on time and in accordance with the respective contract documents. If Proposer’s management (i.e., president, chairman of the board, or any director) operates or has operated another construction company, Owner may consider the work history of that company in determining Proposer’s qualifications and experience.

.2 Owner may consider Proposer’s prior experience on other projects for Owner, including Proposer’s demonstrated ability to complete its work on these projects in accordance with the Contract Documents and on time and its ability to work with Owner.

.3 Proposer authorizes Owner and its representatives to contact the owners and design professionals on projects on which Proposer has worked, and authorizes and requests such owners and design professionals to provide Owner with a candid evaluation of Proposer’s performance. By submitting its Proposal, Proposer agrees that if it or any person at its urging, directly or indirectly, brings an action against any of such owners or design professionals or their employees as a result of or related to such evaluation and such action is not successful, Proposer will reimburse such owners, design professionals and/or their employees for all legal fees and expenses incurred by them that are related to such legal action, including the cost of collection. This obligation is expressly intended for the benefit of such owners, design professionals, and their employees.

2.3.3.2 Proposer’s Resources. 10 points. Proposers should have the financial ability to complete the Contract successfully and on time and the experience, adequacy, and numbers of Proposer’s work force/project team.

.1 Proposers must be able to provide Project Bonding.

.2 The qualifications of individuals in the Proposers’ organization will be considered. Therefore, Proposers should provide detailed information (name, title, and experience) for the individuals that will be assigned to service the Owner.

2.3.3.7 **Cost. 25 points.** The maximum score for cost will be assigned to the Proposer offering the lowest price (the only exception being Project Financing, as referenced below). The second lowest price will receive the second highest score in this category, and so on.

.1 **Project Financing.** As referenced in Section 1.1.2, Proposer’s ability to provide financing for the Project whether through a lease-purchase, or otherwise, may factor into the Owner’s scoring under this criterion.

2.3.3.8 **Other Essential Factors. 10 points.** The Owner may award the maximum of 10 points to one Proposer for other essential factors. The Owner has the option to also award zero to nine points to the remaining Proposers’ scores without limitation.

2.3.4 **Upon request of the Owner, the Proposer will complete and submit to Owner, within five (5) days of the request, the following documents:**

2.3.4.1 The list of all proposed subcontractors, suppliers, and manufacturers.

2.3.5 **After approval by Owner of the list of proposed subcontractors, suppliers, and manufacturers submitted by the successful Proposer, the list may not be changed unless written approval of the change is authorized by Owner. Failure to timely submit requested information may result in the determination that Proposer’s Proposal is not in the best interest of the Owner.**

2.3.6 **By submitting its Proposal, the Proposer agrees that Owner's determination of which Proposal is in the best interest of the Owner will be final and conclusive, and that if the Proposer, or any person at Proposer's urging, directly or indirectly challenges such determination in any legal proceeding and such challenge is not successful, Proposer will reimburse Owner for all legal fees and expenses incurred by Owner that are related to such challenge, including the cost of collection.**

2.4 **Negotiation of Contract.**

2.4.1 The Owner will negotiate a contract with the Selected Proposer.

2.4.2 A copy of the Agreement and associated Contract Documents that will be used for the Project is included with this Request for Proposals.
2.4.2.1 If the Proposer would like to propose any modifications to the Agreement provided with this Request for Proposals, the Proposer must submit with its Proposal its proposed modification language as part of its completed Proposal with specificity (identifying paragraph numbers and language changes) on a separate page titled “Proposed Modifications to the Agreement.” Proposed modifications submitted after the Response Deadline will not be considered by the Owner. Any proposed modifications may be taken into account in determining whether the Proposal is in the best interest of the Owner. The Owner will determine, in its sole discretion, whether any proposed modifications to the Agreement will be accepted.

2.4.3 If for any reason the Owner and Selected Proposer are unable to negotiate and execute the Agreement, the Owner may suspend negotiations with the Selected Proposer and initiate negotiations with the next Proposer determined to be in the Owner’s best interest, and so on, until the contract is fully executed, or the Owner rejects all Proposals.

4.3. Contractor’s Construction and Submittal Schedules

   4.3.1. The Contractor shall prepare for Owner’s review and approval the construction schedule (“Construction Schedule”) and a corresponding detailed schedule of values pursuant to the Ohio Revised Code
Section 153.13 within seven (7) calendar days after the Effective Date. The schedule of values must be broken out into labor and materials for each line item. 4.3.2. The Contractor shall perform the Work in accordance with the most recent Construction Schedule submitted to the Owner, provided that the Contractor shall comply with any orders under Section 4.3.3. However, preparation of such schedule shall not constitute a waiver of the Owner’s rights under the Contract to have the Work completed by the Date for Substantial Completion.

4.3.3. If the Owner determines that the performance of the Work has not progressed so that it is likely that the Contractor will not achieve Substantial Completion of its Work by the Date for Substantial Completion, the Owner shall have the right to order the Contractor to take corrective measures necessary to expedite the Work, including, without limitation: (i) working additional shifts or overtime; (ii) supplying additional manpower, equipment, and facilities, and (iii) other similar measures ("Corrective Measures"). If the Owner orders the Contractor to take such corrective measures, the Contractor shall take and continue such Corrective Measures until the Owner is satisfied that the Contractor is likely to achieve Substantial Completion of its Work by its Date for Substantial Completion.

4.3.3.1. The Contractor shall not be entitled to adjustment in the Contract Sum in connection with the Corrective Measures required by the Owner pursuant to this Section 4.3.3, unless the Contractor is able to establish that it is entitled to additional compensation under the terms of the Contract Documents.

4.4. Delays and Accelerations.

4.4.1. Notice of Delays. Contractor will give Owner written notice of any delay affecting its Work in the form and with the information specified in the Contract Documents within forty-eight (48) hours of the commencement of the delay; provided that the 48-hour notice will be extended to ten (10) days for unusually severe weather conditions not reasonably anticipatable. The failure to give the required notice constitutes an irrevocable waiver of Contractor’s right to seek an extension of time and/or additional compensation/damages for the delay.

4.4.2. Acceleration of the Work. Owner may require Contractor to accelerate its Work by adding workers or working additional shifts, extended shifts or overtime, so that the Work is in final form before the Date for Substantial Completion. If Owner requires Contractor to accelerate its Work, Contractor will within five (5) days take the required action, and Owner thereafter will issue a Change Order increasing the Contract Sum to
pay for Contractor's additional costs of accelerating its Work so that the Work is in final form before the Date for Substantial Completion. If there is a dispute as to whether Contractor is entitled to a Change Order for accelerating its Work, Contractor must proceed to accelerate its Work without waiting for a Change Order or payment of any additional compensation, but may reserve its right to make a claim against Owner for its additional costs incurred in accelerating its Work. Contractor's additional costs for accelerating its Work will be determined in accordance with Section 4.4.3.

4.4.3. Compensation for Acceleration of the Work.

4.4.3.1. Owner's Obligation to Pay. When Owner initiates the acceleration of the Work, Owner will pay Contractor, as provided in Section 4.4.3.2, for Contractor accelerating its Work so that its Work is substantially complete by the Date for Substantial Completion. However, when Contractor's Work is ordered to be accelerated as a result of Contractor's own fault or the fault of its subcontractors or suppliers, Owner will not pay Contractor for such acceleration.

4.4.3.2. Compensation for Acceleration of the Work. To the extent that Owner requires Contractor to accelerate its Work so that the Work is in final form before the Date for Substantial Completion, Owner will pay Contractor for Contractor's reasonable additional costs of accelerating its Work, as determined in accordance with this section. The additional costs of accelerating the Work will be (a) any premium for overtime, additional shift work, or extended shift work, (b) the cost of any additional supervision or general conditions required by the acceleration, (c) out of pocket cost of any additional equipment required for the acceleration, (d) to the extent Contractor can document lost productivity due to the acceleration, the cost associated with such lost productivity, and (e) overhead, including home office overhead, and profit equal to 10% of the total amount of the other items for which additional compensation is permitted under this section. The foregoing are the only additional compensation and/or damages Contractor will be entitled to receive for accelerating its Work so that it is complete before the Date for Substantial Completion. As a condition precedent to its recovery of additional compensation, Contractor must provide Owner with full information about the costs of accelerating its Work in the form and format requested by Owner.

5. CORRECTIVE ACTION.

5.1. If Owner determines that Contractor is in default by not cooperating or coordinating its Work properly with its subcontractors, not supplying sufficient skilled workers, not cleaning up the Project, not furnishing the necessary materials, equipment, or any temporary services or facilities to perform the Work in strict conformance with the Contract Documents, or Contractor is not on schedule, or is not otherwise performing its obligations under the Contract Documents, CONTRACTOR MUST WITHIN TWO (2) BUSINESS DAYS AFTER NOTICE OF SUCH DETERMINATION, (1) COMMENCE SUCH ACTION AS IS NECESSARY TO CORRECT THE DEFICIENCIES NOTED BY OWNER, (2) PROCEED TO CORRECT SUCH DEFICIENCIES WITHIN FIFTEEN (15) DAYS OF SUCH NOTICE OR, (3) IF OWNER INSTRUCTS CONTRACTOR TO TAKE URGENT CORRECTIVE ACTION TO PROTECT PERSONS OR PROPERTY, IMMEDIATELY TAKE SUCH CORRECTIVE ACTION, including but not limited to increasing the number of skilled workers, providing temporary services or facilities, and cleaning up the Project. Such corrective action shall be taken and continued without interruption and without waiting to initiate any dispute under this Agreement or the resolution of any dispute initiated under this Agreement. Failure to comply with this provision shall be an additional default.

6. COMPENSATION.

6.1. Contract Sum. The Contract Sum to be paid by Owner to Contractor, as provided herein, for the satisfactory performance and completion of the Work and all of the duties, obligations and responsibilities of Contractor under this Agreement and the other Contract Documents is $____________________.

6.2. The Contract Sum includes all federal, state, county, municipal, and other taxes imposed by law, including but not limited to any sales, use, and personal property taxes payable by or levied against Contractor on account of the Work or the materials incorporated into the Work. Contractor is responsible to pay any such taxes.

6.3. The Contract Sum includes fees and costs for any required building permit as well as other permits, fees, licenses, and inspections by government agencies necessary for proper execution and completion of the Work that are customarily secured after execution of the Contract and legally required at the time negotiations are concluded. Contractor is responsible to secure any such permits, fees, licenses, and inspections.
6.4. Liquidated Damages.

6.4.1. Contractor must achieve Substantial Completion and Final Completion by the date stated in Section 4.1. By entering into this Agreement, Contractor agrees that the period for performing the Work is reasonable and that Contractor can achieve Substantial Completion by the date stated in this Agreement.

6.4.2. If Contractor does not achieve Substantial Completion and Final Completion of its Work on the Project by the Dates stated in Section 4.1, Contractor shall pay the Owner (and the Owner may set off from sums coming due Contractor) liquidated damages in the per diem amount stated in the following chart for each calendar day beyond the Date for Substantial Completion or the Date of Final Completion, as may be modified in accordance with the Contract Documents, that the Contractor fails to achieve Substantial Completion or Final Completion.

6.4.3. Contractor acknowledges by signing this Agreement with Owner that the amount of liquidated damages represent a reasonable estimate of the actual damages Owner would incur if the Work is not substantially or finally complete by the foregoing dates and that the damages that may result from the failure to substantially or finally complete the work by the foregoing dates are uncertain and difficult to ascertain. No waiver of consequential damages shall preclude the Owner from recovering liquidated damages. In the event Contractor fails to achieve Substantial Completion by the date of Final Completion, Contractor shall accrue liquidated damages for both Substantial Completion and Final Completion until each respective date is met.

6.4.4. Nothing in this Section 6.4 shall preclude the Owner from recovering its actual damages from the Contractor for third-party claims against the Owner or damages not associated with delay.
7. PAYMENT AND RETAINAGE.

7.1. Payment.

7.1.1. Applications for Payment. Payment applications shall be submitted on a monthly basis and shall reflect the amount of Work completed as of the date the application for payment is submitted consistent with the schedule of values. Payment applications must be received by the Owner not later than the fifteenth (15th) day of the month; payment applications received after the 15th day of the month will be deemed to be received in the following month and will be held for payment during the following payment period. With each application for payment the Contractor shall submit one copy of the following documentation:

(a) Invoice for Work performed and materials and equipment provided for the previous pay period;

(b) Lien waivers from itself and all subcontractors, suppliers, and any other party that performed Work or supplied materials for the Project in a form acceptable to the Owner for the Work performed during the current billing period; and

(c) Such other supplemental information as the Owner may require. Such other information may include a schedule of all materials and equipment stored on site.

7.1.2. Owner may withhold payment in whole or in part, and may demand that Contractor refund amounts previously paid, to protect Owner from loss because of:

(a) Contractor’s default or failure to perform any of its obligations under the Contract Documents, including but not limited to: failure to provide sufficient skilled workers; Work, including equipment or materials, which is defective or otherwise does not conform to the Contract Documents; failure to conform to the Contract Time or Construction Schedule; and failure to follow the directions or instructions from Owner;

(b) Contractor’s default or failure to perform any of its obligations under another contract that it has with Owner;

(c) The filing of third party claims, or reasonable evidence that third party claims have been or will be filed;

(d) The Work has not proceeded to the extent set forth in the application for payment;

(e) Any representations made by Contractor are untrue;

(f) The failure of Contractor to make payments to its Subcontractors;

(g) Damage to Owner’s property or the property of another person or laborer;

(h) The determination that there is a substantial possibility that the Work cannot be completed for the unpaid balance of the Contract Sum; and/or

(i) Liens filed or reasonable evidence indicating the probable filing of such liens.

7.1.3. Owner will pay Contractor within thirty (30) days after receipt of the Contractor’s payment application, provided that the payment application has been properly submitted on a timely basis and is accompanied by all of the required documentation. Amounts unpaid after thirty (30) days after Owner’s receipt of the payment application shall bear interest at the rate of zero percent (0%).

7.2. Retainage.

7.2.1. Amount of Retainage.

7.2.1.1. Payments for Labor. Payments for labor incorporated into the Work will be at the rate of 92% of the amount set forth in Contractor’s payment application and approved by Owner until the Work is 50% complete, unless the parties agree otherwise. When the Work is 50% complete, the payment for labor incorporated into the Work will be at the rate of 100% of the amount set forth in Contractor’s payment application and approved by Owner.
7.2.1.2. Payments for Materials and Equipment. Payments for materials and equipment will be at the rate of 92% of the invoice cost of materials and equipment delivered to the Project site or other storage site approved by Owner. The balance of the invoice cost will be payable when the materials or equipment are incorporated into the Work. Incorporated into the Work means such materials and equipment are installed and conform to the requirements of the Contract Documents. When payment is made on account of materials or equipment not yet incorporated into the Project, such materials and equipment will become the property of Owner; provided that if such materials or equipment are stolen, destroyed, or damaged before being fully incorporated into the Project, Contractor shall be required to replace them at its expense.

7.2.2. Interest on Retainage.

7.2.2.1. Contractor agrees that Owner may hold retained amounts in the project construction fund and is not required to deposit the retained funds into a separate interest-bearing savings account. The balance of the retained funds, plus interest, will be paid to Contractor as its final payment for the Project, less any amounts needed to cover damages or costs incurred by Owner related to the Work.

7.2.2.2. In lieu of the provisions of Section 7.2.2.1, the Contractor may request to have the Owner instead deposit the retained funds, when the Work is 50% complete, into a separate escrow account governed by an escrow agreement, employing an escrow agent, by providing written notice to the Owner of the request prior to the submission of the first pay application. If the Contractor so requests, the Contractor will be responsible for all expenses associated with the escrow agent and escrow account beyond the interest income from the account, and the change and expense must be expressly documented in a change to the contract. If the Contractor does not request an escrow account prior to submission of the first pay application, the Contractor will be deemed to have waived its rights under ORC 153.63 to have the retained funds so deposited and governed by an escrow agreement.

7.2.3. Documentation. Upon request, Contractor immediately will supply Owner with requested information so as to verify the amounts due to Contractor, including but not limited to original invoices for materials and equipment and documents showing that Contractor has paid for such materials and equipment, and so as to verify that amounts due laborers, subcontractors, and materialmen have been paid to them.

7.3. Final Payment.

7.3.1. The final application for payment shall be itemized and submitted after completion of the Work specified for the Project. Contractor shall ensure that the final application for payment shall contain one (1) copy of each of the following documents, if not previously delivered to Owner.

(a) All items required in Section 7.1.1;
(b) Contractor’s Certificate of Insurance;
(c) Contractor’s Workers’ Compensation Certificate;
(d) Consent of Contractor’s Surety to Payment;
(e) An assignment to Owner of all warranties obtained or obtainable by Contractor from manufacturers and suppliers of equipment and materials incorporated into the Work by written instrument of assignment in a form acceptable to Owner; and
(f) Such other documentation as required by the Contract Documents, Owner, or applicable law.

7.3.2. The making of Final Payment by Owner does not constitute a waiver of Claims by Owner for the following:

(a) Liens, Claims, security interests, or encumbrances arising out of the Contract Documents that are unsettled;
(b) Failure of the Work to comply with the requirements of the Contract Documents;
(c) Terms of warranties required by the Contract Documents;
(d) Claims for Indemnification;
(e) Claims about which Owner has given Contractor notice; or
(f) Claims arising after Final Payment.

8. CHANGES IN THE WORK.

8.1.1. A Change Order is a written instrument signed by Owner and Contractor stating their agreement upon a change in the Work, the amount of the adjustment or the method for computing the amount of the adjustment of the Contract Sum, if any, and the extent of the adjustment in the Contract Time, if any.

8.1.2. All Change Orders shall be submitted with any supporting documentation requested by the Owner in advance of the performance of the Work that is the subject of the Change Order and must be approved by the Owner in writing in advance of the performance of the Work that is the subject of the Change Order.

8.1.3. The agreement on any Change Order shall constitute a final settlement of all matters relating to the change in the Work that is the subject of the Change Order, including but limited to all direct, indirect, and cumulative costs that include reasonable overhead and profit associated with such change and any and all adjustments to the Contract Sum and in the Contract Time. Total cumulative overhead and profit for Contractor and all Subcontractors on any add or deduct Change Order shall not exceed 15% of the total cost of labor and material. The Contractor shall not proceed with any change in the Work without a signed Change Order. The Contractor’s failure to timely seek and obtain such authorization as specified herein, shall constitute an irrevocable waiver by the Contractor of an adjustment to the Contract Sum or the Contract Time for the related work.

8.2. Construction Change Directives.

8.2.1. A Construction Change Directive is a written order prepared and signed by the Owner, directing a change in the Work prior to agreement on adjustment, if any, in the Contract Sum or Contract Time, or both. The Owner may by Construction Change Directive, without invalidating the Contract, order changes in the Work within the general scope of the Contract consisting of additions, deletions, or other revisions, the Contract Sum and Contract Time being adjusted accordingly.

8.2.2. A Construction Change Directive shall be used in the absence of total agreement of a Change Order.

8.2.3. Upon receipt of a Construction Change Directive, the Contractor shall promptly proceed with the change in the Work involved and advise the Owner of the Contractor’s agreement or disagreement with the method, if any, provided in the Construction Change Directive for determining the proposed adjustment in the Contract Sum or Contract Time.

8.2.4. When the Owner and Contractor agree with adjustments in the Contract Sum and Contract Time, such agreement shall be effective immediately, and the Owner will prepare a Change Order. Change Orders may be issued for all or any part of a Construction Change Directive.

8.2.5. If the Contractor disagrees with the adjustment in the Contract Time or the Contract Sum, the Contractor may make a Claim in accordance with applicable provisions of Article 9.

9. CLAIMS AND DISPUTES.

9.1. A Claim is a demand or assertion by one of the parties seeking, as a matter of right, adjustment, or interpretation of the terms of the Contract Documents, payment of money, extension of time, or other relief with respect to the terms of the Contract Documents, provided that Owner’s decision to adjust or withhold payment under Section 7.1.2 will not be considered a Claim. The responsibility to substantiate claims shall rest with the party making the Claim. Contractor will not knowingly (as “knowingly” is defined in the federal False Claims Act, 31 U.S.C. Section 3729, et seq.) present or cause to be presented a false or fraudulent Claim. As a condition precedent to making a claim, Contractor must submit an affidavit sworn to before a notary public or other person authorized to administer oaths in the State of Ohio and executed by an authorized representative of Contractor, which states that:
The Claim submitted herewith complies with Section 9.1 of the Owner-Contractor Agreement, which provides that “Contractor will not knowingly present or cause to be presented a false or fraudulent Claim.”

9.2. Subject to the requirements of Article 9, if Contractor wishes to make a Claim for an increase in the Contract Sum, written notice must be given before proceeding to execute the Work.

9.3. Subject to the requirements of Article 9, if Contractor wishes to make a Claim for additional time, the required written notice must include an estimate of cost and probable effect of delay on progress of the Work. In the event of continuing delay, only one Claim is necessary. If adverse weather conditions are the basis for a Claim for additional time, such claim must be documented by data substantiating that weather conditions were abnormal for the period of time and could not have been reasonably anticipated, and that weather conditions had an adverse effect on the scheduled construction.

9.3.1. The delays for which the Contractor is entitled to additional time are "Excusable Delays." The only Excusable Delays are those delays on the critical path which the Contractor establishes were: (a) caused by the Owner or those in privity of contract with the Owner, (b) physical damage to the Project over which the Contractor has no control, (c) labor disputes beyond the control of the Contractor, (d) work days lost due to weather conditions as provided under Section 4.4.1, (e) concealed or unknown conditions under Section 9.4, and (f) other unforeseeable delays beyond the control of the Contractor and its subcontractors and suppliers of any tier. The delays for which the Contractor is entitled to additional time and money are "Compensable Delays." The only Compensable Delays are those Excusable Delays which the Contractor establishes were proximately caused by an improper action or failure to act by the Owner. Owner, in its sole and reasonable discretion, shall determine whether a delay entitles Contractor to time extension or additional compensation.

9.4. If conditions are encountered at the site which are (1) subsurface or otherwise concealed physical conditions that differ materially from those indicated in the Contract Documents or (2) unknown physical conditions of an unusual nature that differ materially from those ordinarily found to exist and generally recognized as inherent in construction activities of the character provided for in the Contract Documents, then the Contractor shall give written notice to the Owner and the Design Professional, if any, promptly before conditions are disturbed and in no event later than forty-eight (48) hours after first observance of the conditions. If the conditions are materially different and cause an increase or decrease in the Contractor’s cost of, or time required for, performance of any part of the Work, Owner will issue an appropriate Change Order.

9.5. Contractor must make all claims by written affidavit per Article 9 within seven (7) days after the occurrence of the event giving rise to the Claim. Proper notice of delay as required under Section 4.4.1 is a condition precedent to entitlement of a Claim. Failure to do so results in an irrevocable waiver of the Claim. Contractor claims must be initiated by submitting a Statement of Claim Form, attached hereto as Exhibit D, to the Owner, properly completed in accordance with the instructions that accompany the Statement of Claim Form within the time period required by this Agreement. The Contractor’s failure to deliver a fully and properly completed Statement of Claim Form in the required time period shall be an irrevocable waiver of the Contractor’s right to any form of additional compensation, be it in time or money, arising out of the Claim or the circumstances underlying the Claim.

9.6. Within ten (10) days of its receipt of a written request, Contractor must make available to Owner or its representative any books, records, or other documents in its possession or to which it has access relating to any Claim and must require its Subcontractors, regardless of tier, and materialmen to do likewise.

9.7. If a Contractor’s Claim has not been resolved at the time of Substantial Completion, the Contractor’s exclusive remedy is to file suit in the Common Pleas Court for the county in which the Project is located within 90 days of Substantial Completion, unless the parties otherwise agree in writing, else such Claim is waived. Each party waives its right to remove any such suit to federal court.

9.8. Unless otherwise agreed in writing, Contractor shall continue its Work on the Project and shall maintain progress during any mediation, arbitration, or litigation proceedings, and the Owner shall continue to make payments to the Contractor in accordance with this Agreement, however, the Owner shall be under no obligation to make payments on or against any claim or amounts in dispute during the pendency of any mediation, arbitration, or litigation proceeding to resolve those claims or amounts in dispute.

9.9. Settlement Offers. If the Contractor initiates a claim, the Owner may make settlement offers to settle the Claim at any time up to the date of trial. Such settlement offers shall be subject to Rule 408 (Compromise and
Offers of Compromise) of the Ohio Rules of Evidence. If at any stage of the litigation, including any appeals, the Contractor’s Claim is dismissed or found to be without merit, or if the damages awarded to the Contractor on its Claim do not exceed the Owner’s last settlement offer, the Contractor shall be liable to the Owner and shall reimburse the Owner for all the Owner’s attorneys’ fees and expenses, and arising out of or related to such Claim since the date of such last settlement offer.

9.10. Waiver of Claims for Consequential Damages. The Contractor waives Claims against the Owner for consequential damages arising out of or relating to this Contract. This waiver includes damages incurred by the Contractor for principal office expenses including the compensation of personnel stationed there, for losses of financing, business and reputation, and for loss of profit except anticipated profit arising directly from the Work. This waiver is applicable, without limitation, to all consequential damages due to the Owner’s termination of the Agreement in accordance with this Agreement.

10. DEFAULT OF CONTRACTOR.

10.1. Events of Default. Each of the following constitutes an event of default of Contractor:

10.1.1. Contractor’s failure to perform any of its obligations under the Contract Documents or failure to proceed to commence to correct such failure in accordance with Section 5.1.

10.1.2. Contractor’s failure to pay its obligations incurred in connection with this Agreement as they become due or Contractor’s insolvency.

10.2. Owner’s Remedies. Upon the occurrence of an event of default, Owner has the following remedies, which are cumulative:

10.2.1. Order Contractor to stop the Work, which Contractor must do immediately;

10.2.2. To perform through others all or any part of the Work remaining to be done and to deduct the cost thereof from the unpaid balance of the Contract Sum or, if the unpaid balance of the Contract Sum is inadequate, to demand reimbursement of amounts previously paid to Contractor;

10.2.3. To terminate this Agreement and take possession of, for the purpose of completing the Work or any part of it, all materials, equipment, scaffolds, tools, appliances, and other items belonging to or possessed by Contractor, all of which Contractor hereby transfers and assigns to Owner for such purpose, and to employ any person or persons to complete the Work, including Contractor’s employees, and Contractor will not be entitled to receive any further payment until the Work is completed;

10.2.4. To accept assignment of Contractor’s subcontracts for the Project, pursuant to any prior rights of the surety, if any, and, at the Owners’ sole discretion, to further assign the subcontracts to a successor contractor or other entity provided that (i) the Owner terminates this Agreement for cause, and (ii) provides written notice of such assignment to both Contractor and Subcontractor; and/or,

10.2.5. All other remedies that Owner may have at law or in equity or otherwise under the Contract Documents.

10.3. Termination of Agreement. The termination of this Agreement will be without prejudice to Owner’s rights and remedies, including without limitation Owner’s right to be indemnified by Contractor.

10.4. Payments Due Contractor. If the unpaid balance of the Contract Sum exceeds the cost of finishing the Project, including any costs, expenses, or damages incurred by Owner as a result of the event of default, including attorneys’ and consultants’ fees and the administrative expense of Owner’s staff, such excess shall be paid to Contractor. If such costs exceed the unpaid balance, Contractor is responsible to pay the difference to Owner. The obligations under this section will survive termination of this Agreement.

11. DEFAULT OF OWNER.

11.1.1. Events of Default. The following constitutes the exclusive events of default of Owner:

11.1.1.1. Failure of Owner to perform any express material obligation under the Contract Documents and to correct such failure within thirty (30) days after receipt of written notice thereof from Contractor specifying the default and the necessary corrective action.
11.2. Contractor's Remedy.

11.2.1. Contractor's sole and exclusive remedy for the default of Owner shall be to follow the procedure set forth in Article 9.

11.2.2. Notwithstanding Section 11.2.1, if Owner fails to pay Contractor undisputed amounts as payment becomes due, Contractor may, upon fifteen (15) days written notice, stop the Work until payment of the undisputed amount owing has been received.

12. SUSPENSION OR TERMINATION FOR THE CONVENIENCE OF OWNER.

12.1. Suspension for the Convenience of Owner.

12.1.1. Owner may, without cause, order Contractor to suspend, delay, or interrupt the Work in whole or in part for such period of time as Owner may determine.

12.1.2. An equitable adjustment will be made for increases in the Contract Time and cost of performance of the Work, including profit and overhead on the increased cost of performance, caused by the suspension, delay or interruption, provided that the total cost of profit and overhead shall not exceed ten percent (10%) of the amount of the increased cost not attributable to profit or overhead. No adjustment will be made to the extent that:

(a) performance is, was or would have been so suspended, delayed, or interrupted by another cause for which Contractor is responsible; or

(b) an equitable adjustment is made or denied under another provision of this Agreement for a concurrent event.

12.2. Termination for the Convenience of Owner.

12.2.1. Owner may, in its discretion and without cause, upon three (3) business days’ written notice to Contractor terminate this Agreement for Owner’s convenience.

12.2.2. Upon receipt of a written notice from Owner terminating this Agreement for the Owner’s convenience and without cause, the Contractor will (i) immediately cease performing any or all portions of the Work, unless otherwise directed by the Owner, in which case the Contractor will take the action directed by the Owner, (ii) immediately take all reasonable and necessary action to protect and preserve the Work, and (iii) unless otherwise directed by Owner, terminate or assign all agreements with Subcontractors and suppliers.

12.2.3. If this Agreement is terminated for the Owner’s convenience and there exists no event of Contractor’s default, as defined in this Agreement, the Contractor shall be entitled to receive payment (i) for Work properly executed up to the date the notice of termination is received by Contractor, including overhead and profit up to the date of termination, and (ii) for Work performed at the direction of the Owner on and after the date on which the notice of termination is received by the Contractor, as determined by the procedures applicable to Change Orders.

12.2.4. If this Agreement is terminated for the Owner’s convenience and there exists an event of Contractor’s default, as defined in this Agreement, Contractor will be entitled to receive only such sums as it would be entitled to receive following the occurrence of an event of default under this Agreement.

12.2.5. The termination of this Agreement will be without prejudice to any rights or remedies that exist at the time of termination.

13. INSURANCE, INDEMNIFICATION, AND BOND.

13.1. Contractor must maintain commercial general liability insurance in the minimum amount of $1,000,000.00 per incident and $2,000,000.00 aggregate, worker’s compensation coverage as required by the Ohio Revised Code, automobile liability coverage in the minimum amount of $1,000,000.00 per accident and $2,000,000 aggregate, and an umbrella policy in the minimum amount of $5,000,000.00, unless Owner approves other coverage limits in writing. Excess or umbrella coverage may be used to meet these levels of insurance. The Owner and Design Professional (if applicable) shall be named as an additional insured on the Contractor’s insurance policies. The Contractor shall provide a certificate of insurance showing the required coverages,
with the Owner named as a certificate holder and as an additional insured; Contractor also agrees to provide Owner with at least thirty (30) days’ notice prior to any changes in coverage of the required insurance. The Contractor shall maintain all such coverage for a period of 3 years after the Date for Final Completion.

13.1.1. The Contractor shall maintain Contractors Errors & Omissions Liability Insurance insuring against errors and omissions arising from the Work if the Work involves any construction management or the preparation of drawings and/or specifications, with limits of not less than $1,000,000.00 per claim. Such policy shall not contain any exclusions directed toward any types of materials, services or processes involved in the Work. The retroactive date for coverage will be no later than the commencement date of design and will state that in the event of cancellation or nonrenewal the discovery period for insurance claims will be at least three (3) years or otherwise as by written agreement with the Owner.

13.2. Insurance furnished by the Owner, if any, is not intended to and does not cover equipment and materials before they are physically incorporated into the Work or tools. Contractor bears the entire risk of loss with respect to tools, equipment, and materials. Contractor is responsible for damages to Owner’s property and to adjacent property caused by or related to the Work or actions by Contractor’s employees or those of its subcontractors.

13.3. The Contractor shall purchase and maintain, in a company or companies lawfully authorized to do business in the jurisdiction in which the Project is located, property insurance on an “all-risk” or equivalent policy form, including builder’s risk, in the amount of the initial Contract Sum, plus the value of subsequent modifications and cost of materials supplied and installed by others, comprising total value for the entire Project at the site on a replacement cost basis without optional deductibles. Such property insurance shall be maintained, unless otherwise provided in the Contract Documents or otherwise agreed in writing by all persons and entities who are beneficiaries of such insurance, until final payment has been made as provided in Section 7.3 or until no person or entity other than the Owner has an insurable interest in the property required by this Section 13.3 to be covered, whichever is later. The insurance shall include interests of the Owner, the Contractor, Subcontractors, and Sub-subcontractors in the Project.

13.4. Owner and Contractor waive all rights, including all rights of subrogation, against each other and against Subcontractors, Sub-subcontractors, consultants, agents, and employees of the other for damages during construction, but only to the extent covered by (and not prohibited by) any applicable property insurance or builder’s risk insurance, except such rights as they may have to the proceeds of such insurances.

13.5. To the maximum extent permitted by law, Contractor shall indemnify and hold harmless Owner and Owner’s consultants, agents, and employees from and against all claims, damages, losses, and expenses, including but not limited to attorneys’ and consultants’ fees, arising out of or related to the performance of the Work, including but not limited to the failure of Contractor to perform its obligations under the Contract Documents, any claims for bodily injury, sickness, disease, or death or to injury to or destruction of or loss of use of real or personal property, claims for additional storage and handling charges, liens against funds, claims related to the alleged failure of the Contractor to perform in accordance with the Contract Documents, and/or claims related to the removal, handling, or use of any hazardous materials. Owner may withhold amounts equal to any sums for which it is entitled to be indemnified from the amounts otherwise due Contractor under the Contract Documents.

13.6. In claims against any person or entity indemnified under this Contract by an employee of Contractor, a Subcontractor, anyone directly or indirectly employed by them or anyone for whose acts they may be liable, the indemnification obligations under this Contract shall not be limited by a limitation on amount or type of damages, compensation, or benefits payable for Contractor or Subcontractor under workers’ compensation acts, disability benefits acts, or other employee benefits acts. Contractor expressly waives any protection or immunity with respect to Workers’ Compensation claims related to indemnification given under this Agreement.

13.7. Contract Bond.

13.7.1. The Contractor shall provide a contract bond to guaranty payment and performance of the Work. When the Contractor delivers the executed counterparts of the Agreement to the Owner, the Contractor shall deliver such bond to the Owner, along with other documents as may be required.

13.7.1.1. If the surety on any bond furnished by the Contractor is declared bankrupt or becomes insolvent or its right to do business is terminated in any state where any part of the Project is located or it ceases to meet the requirements of the Agreement or Ohio law, the Contractor shall promptly
notify the Owner and shall, within twenty (20) days after the event giving rise to such notification, provide another bond and surety, both of which shall comply with the requirements of the Contract Documents and Ohio law.

13.7.2. Upon the request of any person or entity appearing to be a potential beneficiary of bonds covering payment of obligations arising under the Contract, the Contractor shall promptly furnish a copy of the bonds or shall authorize a copy to be furnished.

13.7.3. Material Default or Termination. If the Owner notifies the Contractor’s surety that the Contractor is in material default or terminates the Contract, the surety will promptly and within twenty-one (21) days investigate the claimed material default or termination. If the Owner gives a notice of material default and then terminates the Contract, the surety shall complete its investigation within twenty-one (21) days of the notice of material default. As part of such investigation, the surety shall visit the offices of the Contractor and Owner to review the available project records. If the surety proposes to take over the Work, the surety shall do so no later than the expiration of the twenty-one (21) day period or ten (10) days after the date the Owner terminates the Contract, whichever is later. If the Owner terminates the Work, and the surety proposed to provide a replacement contractor, the replacement contractor shall be fully capable of performing the Work in accordance with the Contract Documents, including meeting all of the requirements of the Contract Documents. If the Contractor is terminated, the replacement contractor shall not be the Contractor. The surety will provide the Owner with the results of its investigation, including any written report or documents. This Section 13.7.3 is in addition to the Owner’s rights under this Agreement to terminate the Contractor for cause and is not intended to create any rights of the surety, including but not limited to the right to take over the Contractor’s obligations.

14. WARRANTIES. In addition to any other warranties, guarantees, or obligations set forth in the Contract Documents or applicable as a matter of law and not in limitation of the terms of the Contract Documents, Contractor warrants and guarantees that:

(a) Owner will have good title to the Work and all materials and equipment incorporated into the Work will be new;

(b) The Work and all materials and equipment incorporated into the Work will be free from all defects, including any defects in workmanship or materials;

(c) The Work and all equipment incorporated into the Work will be fit for the purpose for which intended;

(d) The Work and all materials and equipment incorporated into the Work will be merchantable; and,

(e) The Work and all materials and equipment incorporated into the Work will conform in all respects to the Contract Documents.

Upon notice of the breach of any of the foregoing warranties or guarantees or any other warranties or guarantees under the Contract Documents, Contractor, in addition to any other requirements in the Contract Documents, shall commence to correct such breach and all resulting damage within two (2) business days after written notice from the Owner. Contractor shall correct such breach and damage to the satisfaction of Owner within fifteen (15) days of such notice except when an extension of time is granted in writing by Owner; provided that if such notice is given after final payment hereunder, such 2-day period will be extended to seven (7) days and such 15-day period shall be extended to thirty (30) days. If Contractor fails to commence to correct such breach and damage, or to correct such breach and damage as provided above, Owner, upon written notice to Contractor and without prejudice to any of its other rights or remedies, may correct the deficiencies. Contractor upon written notice from Owner shall pay Owner, within ten (10) days after the date of such notice, all of Owner’s costs and expenses incurred in connection with or related to such correction and/or breach, including without limitation Owner’s administrative, legal, design, and consulting expenses. The foregoing warranties and obligations of Contractor will survive the final payment and/or termination of this Agreement. If the Contractor fails to pay the Owner any amounts due under this Article 14, Contractor will pay Owner, in addition to the amounts due, a late payment fee of one and one-half percent (1.5%) per month for each month or part thereof that the payments are not paid when due.

15. GENERAL.
15.1. **Modification.** No modification or waiver of any of the terms of this Agreement or of any other Contract Documents shall be effective against a party unless set forth in writing and signed by or on behalf of a party, which in the case of Owner shall require the signature of Owner pursuant to a specific resolution of Owner. Under no circumstances will forbearance, including the failure or repeated failure to insist upon compliance with the terms of the Contract Documents, constitute the waiver or modification of any such terms. The parties acknowledge that no person has authority to modify this Agreement or the other Contract Documents or to waive any of its or their terms, except as expressly provided in this Paragraph.

15.2. **Assignment.** Contractor may not assign this Agreement without the written consent of Owner, which Owner may withhold in its sole discretion.

15.3. **Third Parties.** Nothing contained in this Agreement shall create a contractual relationship with or a cause of action in favor of a third party against either Owner or Contractor.

15.4. **Law and Jurisdiction.** All questions regarding the validity, intention, or meaning of this Agreement or any modifications of it relating to the rights and obligations of the parties shall be construed and resolved under the laws of the State of Ohio. Any suit, which may be brought to enforce any provision of this Agreement or any remedy with respect hereto, shall be brought in the Common Pleas Court for the county in which the Project is located, and each party hereby expressly consents to the jurisdiction of such court. Each party waives its right to remove any such suit to federal court.

15.5. **Statute of Limitations.** Regardless of any provision to the contrary, the statute of limitations with respect to any defective or non-conforming Work that is not discovered by Owner will not commence until the discovery of such defective or non-conforming Work by Owner.

15.6. **Notices.** Notices, requests, or demands by either party shall be in writing, unless otherwise expressly authorized, and shall be personally served; forwarded by expedited messenger service; sent by facsimile transmission; sent by electronic mail with delivery confirmation; or be given by registered or certified mail, return receipt requested, postage prepaid, and addressed to the party at the address set forth at the beginning of this Agreement. Any party may change its address by giving written notice hereunder. All notices, requests, and demands shall be deemed received upon receipt in the case of personal delivery or delivery by expedited messenger service, including leaving the notice at the address provided herein during normal business hours; upon the expiration of forty-eight (48) hours from the time of deposit in the United States mail; or, in the case of a notice given by electronic mail or facsimile transmission, upon the expiration of 24 hours after the transmission is sent.

15.7. **Construction.** The parties acknowledge that each party has reviewed this Agreement and the other Contract Documents and has voluntarily entered into this Agreement. Accordingly, the normal rule of construction to the effect that any ambiguities are to be resolved against the drafting party shall not be employed in the interpretation of this Agreement, the other Contract Documents, or any amendments or exhibits to it or them.

15.8. **Approvals.** Except as expressly provided herein, the approvals and determinations of Owner will be subject to the sole discretion of Owner and will be valid and binding on Contractor, provided only that they be made in good faith, i.e., honestly. If Contractor challenges any such approval or determination, Contractor bears the burden of proving by clear and convincing evidence that it was not made in good faith.

15.9. **Partial Invalidity.** If any term or provision of this Agreement is found to be illegal, unenforceable, or in violation of any laws, statutes, ordinances, or regulations of any public authority having jurisdiction, then, notwithstanding such term or provision, this Agreement shall remain in full force and effect, and such term shall be deemed stricken; provided this Agreement shall be interpreted, when possible, so as to reflect the intentions of the parties as indicated by any such stricken term or provision.

15.10. [Not Used.]

15.11. **Project Safety.** Contractor must follow all applicable safety and health regulations during the progress of the Project and monitor all of its employees and its subcontractors for compliance with such safety and health regulations. In undertaking the responsibilities set forth in this section, Contractor does not assume any duty or responsibility to the employees of any Subcontractor or supplier, regardless of tier. Owner assumes no responsibility for the development, review, or implementation of any project safety plan or for Project safety and has no authority to direct the means and methods of Contractor.
15.12. Equal Opportunity. Contractor will not, and it will ensure that its Subcontractors, regardless of tier, do not, discriminate against any employee or applicant for employment because of race, religion, color, sex, or national origin. Such action includes but is not limited to the following: employment, upgrading, demotion, transfer, recruitment or recruiting advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the policies of nondiscrimination. Contractor is responsible to ensure that each of its Subcontractors, regardless of tier, states in all solicitations or advertisements for employees placed by them or on their behalf that all qualified applicants will receive consideration for employment without regard to race, religion, color, sex, or national origin. No Findings for Recovery.

15.13. No Findings for Recovery. The Contractor represents that the Contractor is not subject to a finding for recovery under Section 9.24, Ohio Revised Code, or that the Contractor has taken the appropriate remedial steps required under Section 9.24, Ohio Revised Code, or otherwise qualifies under this section. If this representation and warranty is found to be false, the Contract is void, and Contractor will immediately repay Owner any funds paid to Contractor under this Contract.

15.14. Non-Discrimination. Contractor agrees:

(a) That in the hiring of employees for the performance of Work under this Agreement or in any subcontract, neither the Contractor, subcontractor, nor any person acting on behalf of either of them, shall by reason of race, creed, sex, handicap, or color, discriminate against any citizen of the state in the employment of labor or workers who are qualified and available to perform the Work to which the employment relates.

(b) That neither the Contractor, subcontractor, nor any person acting on behalf of either of them, shall, in any manner, discriminate against or intimidate any employee hired for the performance of Work under this Agreement on account of race, creed, sex, handicap, or color.

(c) That there shall be deducted from the amount payable to the Contractor by the Owner under this Agreement a forfeiture of twenty-five dollars ($25.00) as required by Ohio Revised Code Section 153.60 for each person who is discriminated against or intimidated in violation of this Agreement.

(d) That this Agreement may be canceled or terminated by the Owner and all money to become due hereunder may be forfeited for a second or subsequent violation of the terms of this section of this Agreement.

15.15. Use of Owner’s Facilities. Contractor will ensure that neither its employees, nor its Subcontractor’s or material supplier’s employees, regardless of tier, do any of the following without the express prior written consent of Owner:

(a) use Owner’s facilities including but not limited to, common areas, rest rooms, or phones;

(b) use or bring any alcoholic beverages, controlled substances, or firearms on any property owned by Owner;

(c) use any radios, tape or compact disc players, or sound amplification equipment; and

(d) interact in any manner with building occupants, except where necessary to preserve the safety of building occupants.

Contractor must conspicuously post notice of the prohibitions listed in this section at the Project site in the same location as OSHA notices are required to be posted and shall verbally inform all of Contractor’s employees, and the employees of Contractor’s Subcontractors and materialmen, regardless of tier, of such prohibitions. The notice must be in a form acceptable to Owner.

15.16. Entire Agreement. This Agreement and the other Contract Documents constitute the entire agreement among the parties with respect to their subject matter and will supersede all prior and contemporaneous, oral or written, agreements, negotiations, communications, representations, and understandings with respect to such subject matter, and no person is justified in relying on such agreements, negotiations, communications, representations, or understandings.
15.17. Attachments. Attachments to this Agreement include:

   **Exhibit A:** Contract Bond Form;
   
   **Exhibit B:** Sales and Use Tax Construction Contract Exemption Certificate;
   
   **Exhibit C:** Contractor’s Proposal, incorporated to the extent not inconsistent with this Agreement. Any terms and conditions included in the Proposal are expressly rejected by the Owner;

However, in the event of an inconsistency, the provisions of this Agreement control over any proposal, document, or other attachment.

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed by their properly authorized representatives.
