Staff Winter Update

Now that 2023 has almost wrapped up it's time to start looking ahead to see what Summer Camp 2024 will have in store for you! All of our staff hopes you are excited for this summer's new themes! To sign up for a session, register online at foothillhorizons.com Below is an update from some of your favorite Summer Camp staff members! Enjoy!

Ellie fixed the front seat and the axle of the little red wagon, so now no one needs to yell about not riding in it anymore. **Zach** found magic wings on the top of a mountain; he now flies around making friends pretending to be a superhero. **Hannah** joined the Sonoran search & rescue team and began hunting for the lake monster. There's been no sign yet, but she has high hopes for the summer. **Conor** has spent the year working on a genetically modified serum to make him the best Simon Says player ever. So far, however, the serum has only worked to grow him chicken wings. **Gabriela** sailed to the middle of the Pacific Ocean and took up deep-sea diving. She says that she saw a massive figure in the water and is now devoted to finding the last remaining megalodons. **Matt** has befriended the Abominable Snowman and has been searching for Northstar, a reindeer that Santa somehow misplaced! Where could he be? During her fall quarter at UCSB, **Sadie** went a little overboard with her time spent in the ocean. She became friends with mermaids, and now lives under the sea with all of her sea creature friends! After a fun summer, **Riley** has decided to open up a clothing store exclusively selling jorts. Send over any old jeans or shorts and he'll be sure to combine them! **Emma** has since discovered alien activity on Earth; she's befriended them and is currently enjoying daily alien dance parties. After getting dragged in by the Lady-of-the-Lake, **Jenna** has spent all year building a home at the bottom of the Sky Mountain Lake and befriending her fellow aquatic creatures. She's patiently waiting to see if the lake will freeze over this winter, fingers crossed! **Pete** has recently been accepted into Old Wise Tree School and is currently practicing to replace the fallen oak office tree. **Anya** has practically become one with nature. In fact, she befriended a squirrel named Steve who taught her the secret language of acorns. After camp, **Georgia** built a time machine and traveled back to the Mesozoic Era to achieve her lifelong goal of creating a musical company of dinosaurs. She has since succeeded and is now planning on coming back to 2023 with "The Dancin' Dinos" to tour around the world! **Bryn** has been searching Italy for the best pizza she can find for Friday lunch, next step is building a wood fire stove before summer starts! After camp ended this summer, **Evan** stayed behind at Sky Mountain and founded Sky Mountain 2: Electric Boogaloo, a brand new summer camp built on top of a high-voltage power plant. Besides the occasional surge in power and the fact that every surface at the camp is possibly electrified, it's been a smash hit! After really connecting with her role as Weird Barbie last summer, **Natalie** has been furiously practicing the splits and walking around on all fours. Move over Blue Girl, Weird Barbie is making her debut (in your nightmares) this summer! **Peter** took a crash course in engineering and architecture at Hogwarts. He took over the

A Magical Summer Awaits You!

A summer full of adventure and imagination is ready to begin at Foothill Horizons Summer Camp. We are proud to announce seven themed sessions during which your child can meet new friends, acquire new skills, and enjoy themselves in a caring, imaginative setting.

CAMPERS

Children entering grades 2-8 the following school year are invited to sign up for one of our adventures. During their stay, campers bunk with children their own age, but have chances to interact with other age groups through camp activities. We offer a 2-phase Counselor-in-Training and Junior Counselor program for graduating 8th-11th graders. For more info about the program, email

fsummercamp@gmail.com

SETTING

Our facility is located outside Sonora at the Wade Outdoor Education Center and boasts over 140 acres of forests, streams, and trails in the Sierra Nevada foothills. In addition, we maintain a pool, astronomy tower, modern dorms, a full-size dining hall, and health office.

THE STAFF

Our staff consists of highly enthusiastic counselors, camp instructors, and program coordinators. Our counselors are college-age adults who have completed our JC program. The entire staff works to ensure that every camper can explore their imagination and creativity in a safe and friendly environment.

ACTIVITIES

Special camp activities vary according to the theme of the week. Campers also choose from other activities during the week, such as swimming, arts & crafts, creek explorations and other fun activities. Other special activities include campfires, staff hunt, sleepouts, a day trip to the lake, and all-camp games.

REGISTRATION

Register your child with our online service! Camp tuition for one 5-day session is \$750 and one 3-day session is \$450. This includes lodging, meals, activity instruction, themed adventures, and a camp T-shirt. Round trip transportation in Modesto and East Bay Area is available for an additional fee. Hold fee of \$75 due at time of registration.

REFUND POLICY

Any cancelations or multiple rescheduling will be subject to a \$75 fee. A session may be rescheduled once without a cancelation. See website for more information.

Registration

Registration Opens January 26, 2024!

Registration will run as a lottery system like summer 2022. Select your top three weeks at time of registration.

CIT/JC discounts will continue this year!

More information will be available on our website soon!

If you have any questions contact us on our website at foothillhorizons.com, fsummercamp@gmail.com, or at (209) 532-6673.
