

The “Why” Behind the Project

To bring the first neighborhood school in more than 40 years to the students and families of South Norwalk.

Project Overview

The new Pre-K to 5th grade elementary school will serve 682 students in the densely populated South Norwalk neighborhood, and will be located on a newly acquired 11 acre site at: **1 Meadow Street Ext.**

About the Workshop

Our first workshop will be a big picture event that will include a brief presentation outlining the scope of the project, educational goals, and initial planning completed to date. After the presentation, the floor is yours! **We want to listen and understand what aspects of a new school are important to you.**

Our team will facilitate an **interactive dialogue where you can express your thoughts and concerns, ask questions, and discuss topics.** With your input, this important first step will help shape the creative vision and direction of the new elementary school!

Questions to Get You Started:

1. What make SONO unique? What should be celebrated?
2. What would you like to see in your new school?
3. What makes students excited to come to school?
4. What enables teachers to do their best work?
5. What does the future of education look like in SONO?

Norwalk Public Schools Mission Statement

At Norwalk Public Schools, our mission is to provide an excellent and equitable education so that ALL students graduate future ready as civically responsible, globally engaged and positive contributors to an ever changing and diverse world.
