

El Camino Charter High School

Finance and Investment Committee Meeting

Date and Time

Thursday March 17, 2022 at 4:30 PM PDT

Location

Virtual

The Finance Committee is a standing committee of the Board of Directors of El Camino Real Alliance.

For committee meeting materials, please go to the school's main office, or call (818) 595-7500. Some board meeting materials are also posted in the school's website (<https://ecrchs.net> - click the ECR Board tab).

VIRTUAL COMMITTEE MEETING

In accordance with Governor Newsom's Executive Order N-29-20, the meeting of the Finance Committee will take place via a virtual/teleconferencing environment.

To join the virtual Committee meeting, please register through GoToWebinar via the following link:

Registration URL: <https://attendee.gotowebinar.com/register/7175544146386108941>
Webinar ID: 252-344-195

You must register for the event (note you do not need to enter your legal name to participate). Once registered, you can attend the meeting through the online link, or by telephone (a call-in number and audio PIN will be provided after you register and prior to the meeting).

PUBLIC COMMENTS

If you would like to make a public comment during the Public Comment section or during an agenda item, you may do so in two ways: (1) click the "Raise Hand" icon on the control panel; or (2) email your comment to **comment@ecrchs.net** and your comment will be read on the record.

IMPORTANT NOTE REGARDING SENDING IN A WRITTEN COMMENT:

For anyone who wishes to send in a written comment to be read during Public Comments, you are strongly encouraged to email your comment to the aforementioned email address at least one (1) hour prior to the Official Board Meeting start time (e.g., by no later than 3:30 p.m. for a 4:30 p.m. Board Meeting start time). Otherwise, there is no guarantee that your comment will be viewed and read during Public Comments. If your written comment is received and is expected to be read on the record, your name and title/role will also be read on the record. If you wish to not have your name read on the record, please indicate so in your email.

Please note that, in order to conduct an orderly meeting, all members of the public will be placed on mute during the Board meeting, except during public comments. Note that for those who elect to participate through the call-in number, you will not have the option of being unmuted during the meeting.

The Public Comments agenda item is set aside for members of the audience to raise issues that are not specifically on the agenda. However, due to public meeting laws, the Board can only listen to your issue, not respond or take action. The Board may give direction to staff to respond to your concern or you may be offered the option of returning with a citizen-requested item. These presentations are limited to three (3) minutes and total time allotted to non-agenda items will not exceed thirty (30) minutes. A member of the public who requires the use of a translator, in order to receive the same opportunity as others to directly address the Board, shall have twice the allotted time to speak. When addressing the Board, speakers are requested to adhere to the time limits set forth. In order to maintain allotted time limits, the Board Chair may modify speaker time allocations or the total amount of allotted time for an item.

Consent Agenda: All matters listed under the consent agenda are considered by the Board to be routine and will be approved/enacted by the Board in one motion in the form listed below. Unless specifically requested by a Board member for further discussion or removed from the agenda, there will be no discussion of these items prior to the Board votes on them. The Executive Director recommends approval of all consent agenda items.

In compliance with the Americans with Disabilities Act (ADA) and upon request, El Camino Real Alliance may furnish reasonable auxiliary aids and services to qualified individuals with disabilities. Requests for disability related modifications or accommodations shall be made 24 hours prior to the meeting to David Hussey, in person, by email at comment@ecrchs.net, or by calling (818) 595-7500.

Committee Members Absent

None

Guests Present

David Hussey (remote), Gregory Wood (remote), Kurt Lowry (remote)

I. Opening Items**A.**

Call the Meeting to Order

Danielle Malconian called a meeting of the Finance and Investment Committee of El Camino Charter High School to order on Thursday Feb 17, 2022 at 5:02 PM.

B. Record Attendance and Guests

Mike Breller of Beacon Pointe was also in attendance as an invited guest and presenter.

John Arndt of Icon School Management was also in attendance as an invited guest and presenter.

C. Pledge of Allegiance

Mr. Hussey led the meeting members and guests in the Pledge of Allegiance.

D. Public Comments

Dr. Lowry reported no requests for verbal and/or written Public Comment had been received.

II. Consent

A. Approve Minutes of January 20, 2022, Finance and Investment Committee Meeting

Danielle Malconian made a motion to approve the minutes from the January 20, 2022, Finance and Investment Committee Meeting. Finance and Investment Committee Meeting on 01-20-22.

Daniela Lopez-Vargas seconded the motion.

The committee **VOTED** to approve the motion.

Roll Call

Danielle Malconian Aye

Daniela Lopez-Vargas Aye

III. Investment

A. Investment Update

Finance Committee Members discussed and agreed to switch the agenda to address Item IV. January 2022 Financial Update prior to Item III. Investment Update.

Mr. Wood, ECRCHS CBO, and Mr. Breller of Beacon Pointe presented an update on ECR's Investments, a summary of which follows:

* Mr. Wood reviewed OPEB and General Investment Portfolios as listed on the attachment. 6.6% Total Change in OPEB Account over 7 months (end of January).

Mr. Breller discussed the following Regarding OPEB:

* Reviewed Market Performance Summary

* Discussed current investment themes and catalysts that impact portfolio management/policy.

- * Unprecedented fiscal stimulus during COVID; plus core inflation. 6% plus.
- * Investment policy statement was created strategically, and we make nuanced changes within the policy. Neutral position on risk today.
- * Reviewed Summary of Cash Flows \$854,000 net cash flows.
- * Reviewed Asset Allocation and performance, per policy. Reviewed on a quarterly basis. Reviewed Total Composite portfolio funds and performance as of December 31st, 2021.
- * Reviewed Fixed income = high grade bonds; to safeguard assets; alternatives = less correlated; real estate; infrastructure; ETF hedges equity risk. Buy a put to ensure that if market falls, we're at a slightly negative return due to cost of the put, but like an insurance policy, you're protected from further loss in value.
- * Reviewed Gen. Account Performance Report: Change in Market Value of 30%/70% portfolio (stocks/bonds, in general). OPEB 60%/40% Stock to Bond. Reviewed policy, portfolio, and performance/balances.
- * Reviewed Asset Allocation - Risk/Return Scenarios of alternative portfolios. Goal is to optimally diversify assets.
- * Analysis - Years 1 and 5 - What's expected after 1 year based on alternatives/scenarios, etc., and what's expected after 5 years, etc.
- * Mr. Wood noted that for the parameters for a \$5Million, we will need to see from our own capital needs what we want to do to create a cashflow situation, and consider annual contributions, possibly, etc. We need to figure this out as to when this money will be needed for capitalization projects, per Ms. Malconian.
- * Mr. Wood noted that we will need to look at our immediate and long-term needs.

IV. Finance

A. January 2022 Financial Update

Finance Committee Members discussed and agreed to switch the agenda to address Item IV. January 2022 Financial Update prior to Item III. Investment Update.

Mr. Wood, ECRCHS CBO, and Mr. Arndt of Icon School Management presented the January 2022 Financial Update, a summary of which follows:

- * Cash Analysis - Cash on hand 193 (Recommended 90 days)
- * PPP Account will be closed at the Regular Feb. Board Meeting on Feb. 24th. (closed out to general account).
- * Profit and Loss Summary - 1. PPP Loan Forgiveness funds have been moved into the income for "last year;" 2. Loss in YTD 801,000 on fair market value adjustment due to losses in OPEB account.
- * Budget Comparison - Will be reducing federal revenue; net income will be reduced; negotiations, tax rates changing; 2nd interim will be different than 1st

interim; Mr. Wood noted that YTD January reflect retro-active payroll increases for both certificated and classified. What we agreed to will be reflected in full year budget;

* Department Budget - textbooks and IMA; will be adjusted for 2nd interim. Mr. Wood noted that we will recognize revenue offsets for expenses. Ms. Malconian inquired about administrative expenses and Mr. Wood noted that those are schoolwide supplies, etc.

NOTE:

Upon Mr. Wood's and Mr. Arndt's presenting concluding, Mr. Breller of Beacon Pointe entered the meeting and the Finance and Investment Committee opted to have him present the Investment Update before returning to the remainder of the Finance Agenda Items.

B. Review of January 2022 Check Registers

Danielle Malconian made a motion to Recommend Approval of the January 2022 Check Registers.

Daniela Lopez-Vargas seconded the motion.

The committee **VOTED** to approve the motion.

Roll Call

Danielle Malconian Aye

Daniela Lopez-Vargas Aye

C. Review of January 2022 Credit Card Bills

Danielle Malconian made a motion to Recommend Approval of the January 2022 Credit Card Charges/Bills.

Daniela Lopez-Vargas seconded the motion.

The committee **VOTED** to approve the motion.

Roll Call

Daniela Lopez-Vargas Aye

Danielle Malconian Aye

D. 2020-2021 Audit Report

Mr. Wood provided an overview of the ECRA Audit Report that had been prepared by Christy White, Incorporated, CPAs.

Deadline of Jan. 31st, 2022, met.

Auditor will be provided to the Board during the Regular February Board Meeting on 2/24/22.

Mr. Wood's review included the following topics:

*Statement of financial position, assets, liabilities and total/net assets and liabilities.

* Our auditor uses comparative YTD figures.

* Christy White & Associates is under contract for a third year.

* Reviewed Expenses between 2021 to prior year 2020.

Ms. Malconian asked if this auditor looked at covid-related funds and how used, such as CARES, and/or PPP, etc. Mr. Wood affirmed that they are aware of these funds and how we are reporting, and how these might align with their audit reporting needs.

* Mr. Wood provided a brief overview of Cash Flow and footnotes, referring to these by definition as defined/outlined in the pages of the report.

* Mr. Wood reviewed our cash assets in the County Treasury.

* Reviewed two annuities we had; accounts receivable; capital assets and related categories; Mr. Wood noted the details in liabilities, and net assets from page 7 (net investment in capital assets).

* Liquid assets in Note 8;

* STRS and PERS; Retirement eligibility for pre-charter and post-charter guidelines; actuarial liability.

* Reviewed board members at the time and terms of office, programs (categorical); ADA, and minutes of instruction, etc.

* Unaudited actuals

* P. 31 - Highlights findings, modified opinion, a "clean opinion," no weaknesses or material issues going on; if we did have any findings, they would be listed so nothing had been reported to the State.

V. School Business

A. Average Daily Attendance (ADA) Update

Mr. Wood presented the ADA, noting that month 5 was the worst of the year, impacted by COVID-19 Omicron variant.

Ms. Malconian noted a 75% ADA in LAUSD, and we are well above that as we are in the 93+% ADA range.

Mr. Wood expects that we'll lower our LCFF revenue projections.

Ms. Malconian inquired about the possibility of the State looking into alternative ADA funding models. Mr. Wood acknowledged the possibility but is unclear about whether or not charter school districts will need to adhere to the same model(s) for reporting ADA. April or May is when we will lock in, typically. Next year's funding is most likely to be impacted, not this year's funding.

Ms. Lopez-Vargas noted that there are four ADA funding proposals/models available, but only one or them would likely help charters this year.

Ms. Malconian asked about ADA and PPP revenue reductions would take ECRCHS into the "red." Mr. Wood noted that there will be approximately a \$4M difference, but we'd still be okay.

B. 2022-2023 Budget Planning Calendar

Daniela Lopez-Vargas made a motion to make a recommendation to approve the proposed 2022-2023 Budget Planning Calendar.

Danielle Malconian seconded the motion.

Mr. Wood reviewed each date and task, providing insights and rationale, prior to the vote.

The committee **VOTED** to approve the motion.

Roll Call

Daniela Lopez-Vargas Aye

Danielle Malconian Aye

C. Food Services Update and Request for Proposals (RFP)

Danielle Malconian made a motion to recommend to approve our Food Services Update and Request for Proposal (RFPs) process.

Daniela Lopez-Vargas seconded the motion.

Mr. Wood provided an overview of the Food Services Update and Request for Proposals (RFPs) process and timelines prior to the Vote.

Ms. Malconian asked Mr. Wood if he is expecting a proposal from Chartwell, to which Mr. Wood replied in the affirmative.

The committee **VOTED** to approve the motion.

Roll Call

Danielle Malconian Aye

Daniela Lopez-Vargas Aye

Mr. Wood then provided a Cafeteria Financial Summary, indicating that ECRCHS Cafeteria has on hand approximately \$78K in revenues and is projected to have a balance of \$116K.

Mr. Wood noted that cafeteria performance is a great improvement and is benefitting from school-wide breakfast and lunch programs.

D. Investment Account for Capital Improvements Projects

Mr. Wood and Ms. Malconian noted that Mr. Breller had discussed this item briefly during his investment presentation and that this conversation will be continued during the Capitalization Projects Committee (Ad Hoc).

VI. Closing Items

A. Adjourn Meeting

Daniela Lopez-Vargas made a motion to Adjourn Meeting.

Danielle Malconian seconded the motion.

The committee **VOTED** to approve the motion.

There being no further business to be transacted, and upon motion duly made, seconded and approved, the meeting was adjourned at 7:09 PM.

Respectfully Submitted,
Kurt Lowry

2ND INTERIM BUDGET PRESENTATION

PROFIT & LOSS (SUMMARY)

COMPARISON OF PRIOR YEAR AND YEAR TO DATE

	Audited Actuals 20-21	1st Interim Budget	2nd Interim Budget	Jul - Jan 2022 (YTD)	% of 2nd Interim Budget
REVENUES					
LCFF	\$ 34,195,377	\$ 35,871,495	\$ 35,250,041	\$ 18,442,866	52.3%
Federal	6,737,460	6,067,475	3,068,556	1,938,105	63.2%
State	3,721,827	3,170,689	3,780,393	1,864,610	49.3%
Local	7,580,873	3,972,444	4,097,949	2,296,918	56.1%
	52,235,537	49,082,103	46,196,939	24,542,499	57.5%
EXPENSES					
Salaries and benefits	29,796,219	32,161,488	33,750,571	18,898,842	56.0%
Student supplies	2,044,324	2,478,260	2,724,887	1,954,811	71.7%
Operating Exp	6,002,895	7,882,669	7,572,306	4,005,891	52.9%
Capital Outlay	501,926	609,748	309,748	167,613	54.1%
Other Outgo	30,081	-	-	-	N/A
	38,375,445	43,132,165	44,357,512	25,027,157	61.6%
NET INCOME (LOSS)	\$ 13,860,092	\$ 5,949,938	\$ 1,839,427	\$ (484,658)	-23.9%

- Reclassified PPP Loan Forgiveness from 21-22 Federal Revenue to 20-21 Federal Revenue
- 7 Months into this fiscal year the normal range of Percentages is within 59%.
- Student Supplies are generally purchased at the beginning of the school for the year's preparation.

BALANCE SHEET

- Investments at June 2021 was in transition from brokerage companies.
- Year End Receivables are generally higher due to State Apportionment funding timelines.
- Deferred Revenue is higher due to the 20-21 LCFF Funds received at the of June 2021 and again in August 2021. These funds will be paid back by fiscal year end.

Engagement Document

Mr. Gregory Wood
Chief Business Officer
El Camino Real Charter High School
5440 Valley Circle Boulevard
Woodland Hills, CA 91367

March 14, 2022

Dear Mr. Wood,

We are delighted to present our qualifications to provide actuarial services to the El Camino Real Charter High School (“ECRCHS” or “you”). Based on extensive knowledge and experience working with ECRCHS, other charter schools, school districts, local governmental entities, and agencies, Schwab Actuarial Services (SAS) has hands-on insight into current processes, financial reporting laws, and the challenges and opportunities related to increasing costs of benefit offerings. Going forward, that knowledge will ensure the continued partnership and uninterrupted services related to actuarial and consulting services for ECRCHS’s Other Post-Employment Benefits (OPEB). We are proposing to perform annual valuations in order to comply with the accounting and financial reporting requirements issued by the FASB Accounting Standards Codification Topic 715 (ASC 715).

We are committed to tailoring our services to exceed your expectations through the following advantages:

- **Extensive Experience.** We have deep experience with the Financial Accounting Standard Board accounting standard and have worked with many charter schools and other large public and private sector organizations. We have completed over 1,000 OPEB actuarial valuations and special studies.
- **Proven Methodology.** We have a proven methodology, designed specifically for actuarial valuations that utilizes consulting, tax, and accounting in-depth knowledge to develop solutions that will meet and exceed your needs.
- **Public and Private Sector Experience.** We have significant experience working with public sector and private sector entities and have assisted with the actuarial valuation and consulting needs of over 100 entities, including many within the Los Angeles and surrounding counties.
- **Highly Responsive and Timely Service.** We take pride in delivering attentive and timely service and will always be available to ECRCHS’s management team and the Board of Directors to help ensure that the service you receive is immediate and responsive.
- **Value That Surpasses Fees.** The cornerstone of our service approach is value. We provide constructive, value-adding business advice.

In closing, permit me to emphasize that we are excited to continue working and partnering with ECRCHS. We are prepared to provide you with the scope of services we discussed related to the offered post-employment healthcare benefits. We have worked with ECRCHS over the years to create a methodology that is efficient and cost effective. Thank you for the opportunity to help with these important directives.

Sincerely,

A handwritten signature in black ink that reads "Brett Schwab".

Brett Schwab, ASA, EA, MAAA
Principal & Lead Actuary
312-244-9022
BrettSchwab1@yahoo.com

Qualifications and Experience

We have experience working with numerous charter schools, school districts, municipalities, counties, associations, and other local units in both the initial implementation and the on-going actuarial valuations of post-employment benefit valuations as required by the Financial Accounting Standards Board (FASB) and the Government Accounting Standards Board (GASB). We have provided over 1,000 valuations and special studies for over 100 entities.

We have experience in all actuarial and retirement-related consulting work, within both the public and private sectors. We have a long history of working with, consulting, and managing companies in regard to all aspects of their health, retirement, and other benefit programs. We partner and consult with entities on the main policy levers that drive the performance of these benefit programs – the design, investment, contribution, and governance. This helps organizations meet their unique HR, Finance, Tax and Accounting needs and drives an effective workforce management strategy while minimizing the risk impact and cost to the business.

Brett Schwab will lead and manage the El Camino Real Charter High School engagement. He holds a Bachelor of Science degree in actuarial science, with high distinction from the University of Illinois, Urbana-Champaign. He is a member and meets all qualification standards of the American Academy of Actuaries. He is also an Associate of the Society of Actuaries and an Enrolled Actuary under the Employee Retirement Income Security Act.

- Brett is accountable for projects including assisting management through union negotiations relating to pension and healthcare benefits, determining funding and expense strategies, and educating and advising clients on the implications of FASB and GASB accounting changes.
- Prior to Schwab Actuarial Services, Brett was the Lead Actuary in the National office of Grant Thornton and responsible for all aspects of benefit plan valuation and consulting items. He oversaw the actuarial work performed in the Central and West regions. Prior to joining Grant Thornton, Brett served as a Principal Consultant with Mercer, one of the largest HR consulting firms in the world. He led teams of actuaries that performed calculations, projections of liabilities, assets, and cash funding requirements.
- Brett is a frequent presenter at actuarial associations. He partnered with ASPPA College of Pension Actuaries and led a presentation on the FASB Accounting Standards Codification No. 715 as it relates to retiree healthcare plans (OPEB), including the measurement of obligations and determining periodic costs. He also partnered with Pension360 and presented on the measurement and accounting changes for State and local pension plans. His articles, Benefit plan sponsors need to consider new mortality tables and Introducing New Accounting Standards, were published in a Benefits Bulletin.

Listed below are just a few examples of how Brett partnered with companies as their trusted advisor.

- Numerous board presentations: Educate and advise on the changes needed to the Comprehensive Annual Financial Report related to FASB and GASB accounting standard amendments, and the associated cost impacts.
- Adoption of cash funding strategies: Developed interactive tools to model alternate rate environments, future asset return levels, alternate funding policies, future demographics, and the resulting projected funding levels.
- Presentations and discussions with Union Committees: Partnered with executive management through the negotiation process resulting in benefit realignment through a total reward strategy.
- Strategic employee benefit consulting: Consulted for a large public sector organization including plan design, utilization and claims reviews, vendor searches, and compliance services (IRS, DOL, ACA, etc.). Facilitated a collaborative health care committee consisting of union and administration members.

We have decades of experience making sure that:

- Valuations are performed to meet the desired plan sponsor objectives,
- Ensuring that valuations use appropriate actuarial funding and accounting methods, and
- The assumptions are management's best estimate solely with respect to that individual assumption and in the aggregate.

We partner with our clients and go beyond giving just high-quality valuation and other core recurring actuarial services. We will have continuous collaboration with you and your executive management team and board to identify and confirm benefit policies to make sure they align with the value drivers of your organization. Your actuary should understand your business and industry and look for unbiased ways to unlock that value through your benefit programs.

Our Technical Approach to Meeting Your Needs

Below is a description of the overall approach and specific steps necessary to satisfy the accounting and financial reporting standards for the post-employment healthcare benefits (OPEB) mandated under ASC 715. The actual schedule will be customized or accelerated as needed to meet the individual needs of ECRCHS.

Each year, we recommend the actuarial methods of the calculations and the key assumptions to be used in the valuation of the OPEB. The methods and assumptions selected are ultimately ECRCHS's decision, however we will partner with you through the setting process to ensure that they are reasonable and appropriate based on the current environment and future expectations.

- The actuarial cost methods will be determined in accordance with the applicable FASB standards.
- The actuarial assumptions will rely on Actuarial Standards of Practice No. 27, *Selection of Economic Assumptions for Measuring Obligations* and Actuarial Standards of Practice No. 35, *Selection of Demographic and Other Noneconomic Assumptions for Measuring Obligations*.

As part of the assumption setting process, we will also utilize the CalSTRS and CalPERS experience studies performed periodically to ensure that the assumptions continue to fulfill the applicable accounting requirements that each actuarial assumption represents management's "best estimate solely with respect to that individual assumption." As part of the valuation process, we perform a gain/loss analysis by source related to the ECRCHS-specific OPEB. This adds another layer of review to help identify any assumptions that create large and/or consistent liability movements. In addition, and prior to the formal valuation, we can incorporate ECRCHS's auditors to obtain sign-off up front, which rules out any re-measurements that would be requested upon review during the audit cycle.

Phase 1	<ul style="list-style-type: none"> • Planning and Kick-off Meeting • Data Collection and Review
Phase 2	<ul style="list-style-type: none"> • Determine Actuarial Assumptions
Phase 3	<ul style="list-style-type: none"> • Preliminary ASC 715 Valuation • Presentation of Results
Phase 4	<ul style="list-style-type: none"> • Final Accounting Valuation • Preparation of Actuarial Reports

PHASE 1: KICK-OFF MEETING AND INFORMATION GATHERING

The purpose of this phase is to develop the organizational foundation for the projects, gather and review the information necessary to perform the valuations. In our experience, this conversation is extremely important because it provides an opportunity for direct stakeholders to discuss goals and concerns with us.

The following timeline is related to the July 1, 2021-June 30, 2022 fiscal year and is consistent with actuarial services provided in prior years. The schedule can be altered based on your timing needs. The 2021/2022 fiscal year valuations will utilize updated demographic information, an assumption review, and adjustments for changes in the economic environment.

Data Gathering

Utilizing accurate participant data, claim, and membership experience is essential for actuarial valuations. This task involves analyzing the relevant information for reasonableness and integrity. In order to complete this task, we will:

- Discuss the data collection procedures with the appropriate ECRCHS personnel.
- Provide an excel spreadsheet that indicates the needed general plan and census information that you will populate.
- Review and confirm the summary of plan provisions and research any alternative plans that may exist.

In March 2022, SAS will issue a formal information request seeking relevant information. Around mid-April, ECRCHS will send the relevant data to SAS to perform the valuations. It is expected that the data will be complete and accurate. If we identify errors and inconsistencies, you may need to correct and resubmit for valuation purposes.

Kick-off Meeting

After the information request has been issued, we will have a conference call with the appropriate personnel from ECRCHS to kick-off the valuation processes. The purpose of the meeting is to confirm overall project objectives, review the methodologies, and confirm ongoing roles and responsibilities.

The agenda for this meeting will include the following items:

- Confirm expectations and definitions of success.
- Confirm project approach, methodology and expected deliverables.
- Review project schedules, key milestones and target dates for meetings and deliverables.
- Discuss data and document requests.

PHASE 2: DETERMINATION OF ACTUARIAL ASSUMPTIONS

The selection of actuarial assumptions will be guided by the applicable actuarial standards. This involves an analysis of the actuarial assumptions (both economic and non-economic). The final assumptions are selected by ECRCHS however we will perform a review and provide information which will enable you to select appropriate actuarial assumptions as required under the standards. We will:

- Analyze plan experience and the underlying cause of any recent fluctuations if necessary.
- As appropriate, provide a range of reasonable assumptions to be used in calculating the OPEB liabilities.
- Increase your understanding of the assumptions used in the actuarial calculations.
- Discuss assumptions with you to gain understanding of the various issues, including the impact on OPEB financials.
- Comparison with assumptions used by similarly situated organizations, including those in the relative location of ECRCHS.

All assumption will be based on best estimates of anticipated experience unless prescribed otherwise. Assumptions should be based on recent plan-specific experience and reasonable near-term expectations. Expectations include input from ECRCHS and the Board of Directors, as applicable. This is particularly important regarding assumptions relating to turnover, retirement and salary increases.

PHASE 3: PRELIMINARY¹ ASC 715 VALUATION

The formal actuarial valuation report will have all the necessary schedules needed for your financial statements. FASB ASC 715 mandates that the actuarial valuation and accompanying disclosures be based on the economic environment as of the fiscal year-end. Rather than wait until the yield curve is published and available in July (after the close of the fiscal year), Schwab Actuarial Services performs a preliminary valuation of the liabilities and funded status to set expectations for interested stakeholders.

At Schwab Actuarial Services, actuarial valuations are more than simply assuming the status quo, performing a valuation and providing a report. Each valuation is an opportunity to review and challenge assumptions and methods, explore new ideas, consider strategic opportunities, and identify hidden risks.

Around or prior to May 2022, we will complete the following tasks:

Preliminary Actuarial Valuation

This task incorporates the most recent available yield curve, the agreed upon demographic assumptions and actuarial methods to determine the preliminary ASC 715 benefit liabilities and obligations. We will:

- Establish an actuarial model to evaluate benefit liabilities under the substantive plan (the plan as understood by you and members).
- Calculate the applicable OPEB liabilities, the fiscal year OPEB benefit costs, and reconciliation of the current funded status.
- Measure present values of projected benefits, future cash flow needs, accrued liabilities, normal cost and associated annual expense.

Presentation of Results

- Prepare a 1-page high-level summary of accrued liabilities, funded percentage, annual expense, and demographic information.
- Present and discuss all changes from the prior year valuation and disclosures including the impact of each item.

¹ The preliminary results will be based on a discount rate using the most recent economic environment. The final OPEB costs and obligations included in the financial statements will be based on the June 30, 2022 yield curve that is published early July.

PHASE 4: PREPARATION OF THE ACTUARIAL VALUATION REPORT

Around mid-July 2022 and based on the June 30 yield curve, we will calculate the applicable OPEB liabilities, the fiscal year OPEB benefit costs, and reconciliation of funded status. The final figures, including all exhibits and supplementary information for inclusion in the Consolidated Financial Statements will be prepared. A formal written actuarial valuation report documenting the results and exhibits under ASC 715 is provided and will contain:

- Executive summary of results.
- Exhibits containing information relevant to satisfying disclosure requirements under FASB (including footnote disclosures).
- Present value of projected future benefits including split of past, current, and future accruals.
- Reconciliation of actuarial accrued liability with prior valuations.
- Summary of census data.
- Projected OPEB cash flows, including impacts of the implicit rate subsidy.
- Summary of actuarial assumptions.
- Summary of plan provisions.
- Actuarial Certification indicating compliance with the “Qualification Standards for Actuaries issuing Statement of Actuarial Opinion in the United States”.

In addition, we will include telephonic support with ECRCHS and the auditors to discuss the information.

ECRCHS will enjoy the following benefits

- Extensive experience with employment benefits.
- A proven methodology, designed specifically for actuarial valuations that utilizes consulting, tax and accounting in-depth knowledge to develop solutions that meet your needs.
- Effective work at all organization levels, including staff, middle and executive management, committees, and boards.
- Significant skills and experience working on numerous assignments with similarly situated entities.

Most importantly, ECRCHS will benefit from the continuity of the actuarial service team, its evolved and established processes, in addition to the unquantifiable benefit of program familiarity, specific institutional history and knowledge.

Project Team Availability

You want your service provider to be accessible and responsive. We may not be in your backyard, but you will feel like we are.

- Easy access to engagement team members and industry specialists.
- Regularly scheduled meetings and calls throughout the year.

The bottom line: We are 100% committed to your projects and are always only a phone call away.

Quality Assurance

At Schwab Actuarial Services, quality is the top priority. We enforce consistent, high-quality standards in service delivery by using a quality assurance process that embraces all methodologies, deliverables, and tasks. This process is used throughout the projects to establish and maintain a positive client relationship, mitigate risk and meet or exceed client expectations.

- Appropriate planning, instructions, and helping to ensure that work programs and work papers adequately cover the areas and testing performed.
- Adherence to any laws, regulations, and government or industry standards that specify requirements.
- Procedures and required documentation for planning, execution, and wrap-up.
- Ongoing development and trainings.

These quality assurance processes enable us to deliver superior service to the El Camino Real Charter High School.

Cost / Pricing

Your investment

You will know up front what to expect from us and how much it will cost to achieve your results. We will provide industry-leading services at a competitive fee relative to the value of our experience. We will be focused on your objectives, get the work done according to best-in-class methodologies, and provide the insights you need to realize your future potential for growth.

Based on our experience, we anticipate that the fees for the requested services as outlined below. The agreement will commence upon signature of the formal engagement letter, and it will not expire unless earlier terminated. We shall each have the right to terminate the contract, in whole or in part, at any time without further obligation to the other by giving not less than thirty (30) days written notice.

<u>Service</u>	<u>Fixed Fee</u>
ASC 715 Valuation for the period ending June 30, 2022	\$4,000
ASC 715 Valuation for the period ending June 30, 2023	\$4,000
<i>Next Cycle Renewal Option</i>	
ASC 715 Valuation for the period ending June 30, 2024	\$4,250
ASC 715 Valuation for the period ending June 30, 2025	\$4,250

We will discuss with you any circumstances that require us to do additional actuarial analyses or consulting services which may include, but are not limited to, work to satisfy our obligations under applicable professional standards including additional fact-gathering, and unforeseen scope changes. If additional, out-of-scope work is requested, we will work with ECRCHS and provide a separate proposal and accompanying engagement documents at a discount off our then-standard hourly rates.

Our investment

NO SURPRISE FEES

We practice a policy of “no surprises.” You know the fee up front — without any hidden costs. When conditions require more work than either of us anticipated, we will ask for your approval before we proceed further. Should these fees not correspond to your expectations, we would welcome the opportunity to further discuss the engagement and the level of work required.

QUESTIONS AND CONSULTATION

We strongly encourage frequent communication and understand the importance of keeping you informed about emerging issues. As such, we do not charge for questions or conversations that do not require substantial research or time. The fees include basic telephone consultations, meaningful thought leadership, and other items related to routine business issues. For technical issues not included in the original scope of work and require significant additional time, fees will be billed at our discounted rates. You will never receive a bill unless fees have been discussed with you first.

Appendix

On the following pages, we have included the formal Engagement Document.

El Camino Real Charter High School **Statement of Work – Actuarial Services** **ASC 715 Valuation and Cash Funding Projections**

This Statement of Work dated March 14, 2022 is intended to describe the scope of services (“Services”) the El Camino Real Charter High School (“Client”) is requesting Schwab Actuarial Services (“SAS”) to perform, and to set forth the agreed fee, timing and other matters related to the Services.

The services we will provide

The Services we will provide under this Statement of Work consist of actuarial valuation and benefits advisory services related to your offered post-employment benefits other than pensions (OPEB) for fiscal years ending June 30, 2022 and June 30, 2023 with a renewal option for fiscal years ending June 30, 2024 and June 30, 2025. Specifically, we shall provide actuarial and consulting services according to Generally Accepted Accounting Principles (GAAP) accounting and advise on risk and financial security issues. The Services will be compliant with Financial Accounting Standards Board (FASB) Accounting Standard Codification No. 715 (ASC 715) for financial reporting.

ASC 715 accounting and financial reporting

- Assist you by providing actuarial valuation and consulting services related to all OPEB plans identified,
- Determine a discount rate based on a cash flow matching analysis using plan specific expected benefit payments and spot rates from the most recently available discount curve,
- Set an expected long-term return on plan assets based on the asset classes held in trust and long-term capital market assumptions in published papers from industry experts,
- Facilitate the selection of reasonable demographic assumptions for ASC 715 compliance,
- Develop Net Periodic Postretirement Benefit Costs and Accrued Postretirement Benefit Costs for financial reporting purposes according to ASC 715,
- Present results to the relevant audience within your group telephonically, and
- Prepare a written actuarial valuation summary documenting the results under ASC 715.

Specific steps are necessary to satisfy accounting and financial reporting standards. In providing Services under this Statement of Work, SAS will use techniques, applications, procedures, and methods that reflect appropriate practices. Services are performed in a manner consistent with the degree of care and skill exercised in the actuarial profession.

Below is a description of the overall approach and specific steps necessary to satisfy the accounting and financial reporting standards for post-employment healthcare benefits mandated under ASC 715.

Data review

Utilizing accurate participant data and claims information is essential for an OPEB actuarial valuation. This task involves analyzing the current participant levels, demographic information, and premium data for reasonableness and integrity. It is expected that all data from you is complete and accurate. If errors and inconsistencies are identified, you may need to correct and resubmit for valuation purposes.

In order to complete this task, SAS will:

- Discuss the data collection procedures with appropriate Client personnel,
- Provide a spreadsheet that you will populate with plan and census information, and
- Review plan provisions and research any alternative plans that may exist.

Determination of Actuarial Assumptions

The selection of actuarial assumptions will be guided by applicable actuarial standards and will rely on Actuarial Standards of Practice No. 27, *Selection of Economic Assumptions for Measuring Obligations* and Actuarial Standards of Practice No. 35, *Selection of Demographic and Other Noneconomic Assumptions for Measuring Obligations*. The final assumptions are selected by you, and we will perform a review and provide information which will enable you to select the appropriate actuarial assumptions as required under the ASC 715 standards.

We will:

- Analyze plan claims experience, to the extent that credible experience data are available, and the underlying cause of any recent premium rate fluctuations, if necessary,
- As appropriate, provide a range of reasonable assumptions to be used in calculating the OPEB liabilities,
- Increase your understanding of the assumptions used in the actuarial valuation,
- Discuss the assumptions with you and your members personnel to gain an understanding of the various issues impacting the assumptions, and
- Compare those assumptions with the assumptions used by other public organizations.

Actuarial Valuation

This task incorporates the agreed upon actuarial assumptions and various actuarial methods to determine the OPEB costs and liabilities. We will:

- Establish an actuarial model for evaluating benefit liabilities under the substantive plan (the plan as understood by you and plan members), and
- Calculate and measure the present value of projected benefits, normal cost, actuarial accrued liability, actuarial value of assets, etc.

Preparation of ASC 715 Accounting Information

This task incorporates the agreed upon actuarial assumptions and various actuarial methods to determine the OPEB obligations. We will:

- Calculate the applicable net OPEB obligations, the applicable fiscal year OPEB costs, any applicable adjustments to the obligations and expenses, etc., and
- Prepare exhibits for financial reporting.

Actuarial Valuation Report and Recommendations

This task involves preparing an actuarial valuation report containing:

- Executive summary of results,
- Exhibits containing information relevant to satisfying ASC 715 disclosure requirements,
- Summary of census data,
- Summary of actuarial assumptions, and
- Summary of plan provisions.

In addition, we will include telephonic support with the auditor to discuss the report.

Quality Assurance

Quality assurance processes enable SAS to deliver superior Services to the Client. We enforce consistent, high-quality standards in all service delivery by using a quality assurance process that embraces all methodologies, deliverables, and tasks. This process is used throughout the projects to establish and maintain a positive client relationship, mitigate risk, and meet or exceed client expectations.

- Appropriate planning, instructions, and helping to ensure that work programs and work papers adequately cover the areas and testing performed.
- Adherence to any laws, regulations, and government or industry standards that specify requirements.
- Procedures and required documentation for planning, execution, and wrap-up.
- Ongoing development and trainings.

Engagement Team

Brett Schwab, ASA, EA, MAAA, Principal and Lead Actuary, will oversee and review the actuarial work. His direct telephone number is 312-244-9022. He holds a Bachelor of Science degree in actuarial science, with high distinction from the University of Illinois, Urbana-Champaign. He is a member and meets all the qualification standards of the American Academy of Actuaries. He is also an Associate of the Society of Actuaries and an Enrolled Actuary under the Employee Retirement Income Security Act.

Delivering the services

Prior to the commencement of work, we will discuss with you and/or other management to establish the expected timeframe and the deliverables for Services listed above, including management's role and the additional resources allocated to the project.

Fees and payment terms

The fees for the requested services are outlined below. Note that if the District determines a particular service is not needed for a fiscal year, then we will not perform the analysis and the associated fee will not be invoiced.

The agreement will commence upon signature and it will not expire, unless earlier terminated. We shall each have the right to terminate the contract, in whole or in part, at any time without further obligation to the other.

<u>Service</u>	<u>Fixed Fee</u>
GASB 75 Valuation for period ending June 30, 2022	\$4,000
GASB 75 Valuation for period ending June 30, 2023	\$4,000
<i>Next Cycle Renewal Option</i>	
GASB 75 Valuation for period ending June 30, 2024	\$4,250
GASB 75 Valuation for period ending June 30, 2025	\$4,250

We will discuss with you circumstances that require us to do additional work which may include, but are not limited to, work to satisfy our obligations under applicable professional standards including additional fact gathering, analysis and preparation of disclosure forms, unforeseen scope changes, and late or incomplete client provided information. If it appears that the stated fee will be exceeded, we will consult with you before continuing with the engagement.

Agreed and accepted

The undersigned hereby agree to the terms and conditions as set forth above.

A Proposal to El Camino Real Charter High School

1. TRANSMITTAL LETTER

February 22, 2022

Gregory Wood
Chief Business Officer
El Camino Real Charter High School
5440 Valley Circle Blvd.
Woodland Hills, CA 91367

Dear Greg:

DFA LLC ("DFA") is very interested in establishing a long-standing relationship with the El Camino Real Charter High School ("ECRCHS"), as your retiree health actuary and consultant. This letter is in response to your informal request for proposal to provide actuarial services for ECRCHS.

DFA has been a provider of actuarial consulting services to public sector entities in California for more than 19 years. The size of our client population (over 400) is a testimony to our ability to understand client requirements, to our willingness to meet our clients' needs with fair pricing of services, and to the quality of our work. Mr. Demsey first created Brian R. Demsey + Associates, Inc. in the 1970's, subsequently managed the Actuarial, Benefits & Compensation practice for Ernst & Young's West Region and then founded DFA. We have certain business relationships that span 50 years and are organized to meet the needs of our clients for the next 50 years.

We would be honored to be selected as your actuary and consultant to all actuarial services requested by ECRCHS. We are committed to provide services to all our clients for as long as they deem us to be the best suited actuary to meet their needs. While our estimated fees are considerably smaller than our competitors, it should be noted we have a completely different business model. We have no 'brick and mortar' costs nor do we have the costs associates with legacy systems. Further, smaller costs should not be an indicator of quality. We are the choice of more than 400 clients precisely due to the quality of our work.

We believe that all the information you require is contained herein, and you may feel free to contact us for further information. Thank you.

Sincerely,

Carlos Diaz, ASA, MAAA, EA
Consulting Actuary

Email: cdiaz@dfa-actuaries.com

2. PROJECT UNDERSTANDING

Annual Actuarial Valuation. DFA will provide ECRCHS with an actuarial report as of June 30, 2022, setting forth all ECRCHS's obligations for the postretirement medical program. Our report will contain the following information:

- Executive Summary covering key results of the valuation.
- Disclosure of the Expected and Accumulated Postretirement Benefit Obligations (EPBO and APBO) as of June 30, 2022, and the Net Periodic Postretirement Benefit Cost (NPPBC) for the fiscal years ending June 30, 2022 and June 30, 2023.
- Reconciliation of Funded Status and NPPBC as of June 30, 2022 and June 30, 2023 (projected).
- Determination of implicit subsidy.
- Projected annual pay-as-you-go expenditures for the next 50 years.
- Projected funding alternatives (following discussion with ECRCHS).
- Summary of plan provisions, actuarial assumptions, and certification.

All services shall be provided in accordance with the Actuarial Standards of Practice, the Actuarial Code of Professional Conduct, and the requirements detailed by the Financial Accounting Standards Board in the Accounting Standards Codification 715-60 ("ASC 715-60").

We will provide ASC 715-60 compliant valuations every year for the applicable measurement period. We will also be prepared to assist in implementing any new accounting statements and other financial pronouncements related to OPEB and provide ongoing professional consultation.

Financial Projections. DFA will provide ECRCHS (25-year) financial projections of the APBO, funded status, NPBC (including components), and expected benefit payments. The projections will reflect current economic assumptions (including current level of funding) and alternative scenarios as discussed with (approved by) ECRCHS during a discovery phase. Scenarios may include alternative funding illustrations, increase in employee counts, and expected return on assets. Financial projections will be performed as required by ECRCHS (and may include annual, less periodic, or ad hoc requests).

A Proposal to El Camino Real Charter High School

3. QUALIFICATIONS AND EXPERIENCE

Founded in 2002, DFA is a single-member LLC, registered to perform business in the state of California and qualified to perform services in the remaining 49 states. Our headquarters are in Laguna Niguel, California.

Our principles have always been to provide accurate, timely and reasonably priced actuarial reports to clients. These principles are the firm's focus. DFA's hundreds of clients are proof that our business processes work to our clients' advantage. We carefully follow each client's demographic experiences, plan benefit nuances, and underlying factors to support actuarial assumptions that are both appropriate and compliant with the applicable accounting standards (FASB and GASB) and the Actuarial Standards of Practice.

For all our clients, compensation and benefits are discussed at each level of the organization. Our first and foremost responsibility is to report the actuarial values of your programs. Along the way, we hope to provide you with decision-supporting facts and a forum for discussion.

DFA is an independent company. Our clients can be sure that there is no institution that influences our response to their questions. No person directly or indirectly connected to ECRCHS will receive any compensation from DFA. DFA does not have any commitments or potential commitments that may affect DFA's ability to perform the contract.

DFA has no debt, either short-term or long-term, and have shown a profit for each of the previous fiscal years. Moreover, we have had no litigation in the history of our firm.

We will gladly provide a list of references upon request.

A Proposal to El Camino Real Charter High School

3. QUALIFICATIONS AND EXPERIENCE (CONTINUED)

We are a team of highly qualified actuaries. The project team to be assigned to the actuarial and consulting team for ECRCHS has completed more than 150 actuarial consulting assignments each year for the past two years. Our clients are:

Client Categories	
Cities	Irrigation Districts
Counties	K-12 School Districts
City Offices of Education	Mosquito & Vector Control Districts
Community Colleges	Park & Recreation Districts
Fire Protection Districts	Public Transportation Authorities
Flood Control Districts	Water Districts
Housing Authorities	

In all, we have over 400 clients (including over 30 cities) and have performed over 2,000 actuarial assignments to date, including but not limited to ASC 715-60 (Formerly FAS 106, 132R and 158). We are proud of our practical experience and believe it sets us apart from other firms.

By having performed so many valuations, and having discussed the results with our clients, we have a good understanding of how to communicate clearly and concisely. We have been told on many occasions that our reports are very well-organized, and easy to read and understand.

We invite you to visit our website at <https://dfa-actuaries.com/> for more information about our firm.

We are also excited to share with you that an [article](#) written by our actuaries for the CSMFO magazine, published the California Society of Municipal Finance Officers. In this article, we examine a comprehensive framework for addressing the increasing concerns of governmental plan sponsors. Specifically, we review Michigan Public Act 202, Protecting Local Government Retirement and Benefits Act, and consider how its framework addresses increasing concerns related to rising long-term costs, recent transparency requirements, and fulfilling benefit promises among governmental plan sponsors.

A Proposal to El Camino Real Charter High School

3. QUALIFICATIONS AND EXPERIENCE (CONTINUED)

Project Manager: Carlos Diaz will be the project manager signing the valuations and reports submitted to ECRCHS. He will be ECRCHS's primary contact during all phases of the project including proposal review, contract approval, calculation, and production of the final deliverables. Carlos is an Associate of the Society of Actuaries, an Enrolled Actuary, and a Member of the American Academy of Actuaries. Carlos can be reached at:

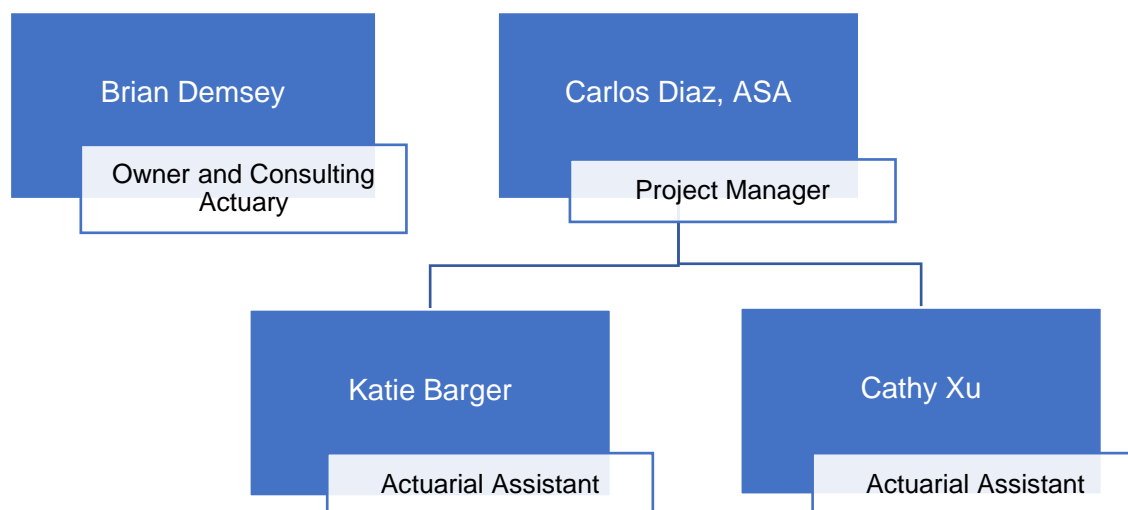

Phone: (310) 765-0086

Email: cdiaz@dfa-actuaries.com

Senior Consultant: Brian Demsey will assist with quality control and review the 'state' of plan design, funding levels, and progress of your peers.

Actuarial Assistants: Carlos will be assisted by Katie Barger and Cathy Xu. Ms. Barger and Ms. Xu will serve as your contacts for collecting/managing data and managing project to meet deliverable dates.

The staff resumes are attached on Page 7 (Section 5).

A Proposal to El Camino Real Charter High School

4. COMPENSATION AND TIMELINE

Our flat fee (including telephone support to explain and discuss the report) will be as follows:

	2021-2022	2022-2023 ¹	2023-2024 ¹
Actuarial Report as of June 30, 2022	\$4,000	\$4,000	\$4,000
Financial Projections	1,500 ²	1,500 ^{2,3}	1,500 ^{2,3}
Meeting with ECRCHS staff or board to explain the report and discuss any other issues or concerns	No Charge	No Charge	No Charge
Total Fee	\$5,500	\$5,500	\$5,500

¹ Initial three-year term is subject to ECRCHSs approval.

² Includes three scenarios and projected benefit payments. Additional projections may be subject to additional fees and subject to ECRCHSs pre-approval.

³ Financial projections in second and third year of term are subject to ECRCHSs approval.

The total fee is all-inclusive based on Project Understanding outlined in Section 2. Fees are invoiced separately upon completion of the respective task.

We are available to meet with you and your staff (or board) to explain the report and to discuss the recent changes in our lives, the potential impact on financial and insurance markets, the ramifications of distance learning or remote working, and any other concerns you may have. We are available to meet virtually, in person, or by telephone at no additional charge.

In general, our turnaround time is four to six business weeks after receiving census and plan information from ECRCHS. But we will work with you to meet your timing needs. The table below provides a sample work plan and schedule, using July 1, 2022, as a hypothetical starting date.

Task	Provider	Date
Provide census and benefit data	ECRCHS	06/01
Review data	DFA	06/01 – 06/08
Send data questions	DFA	06/08
Respond to data questions	ECRCHS	06/08 – 06/15
Determine benefit obligations and OPEB cost, prepare OPEB projections, prepare valuation report	DFA	06/15 – 06/27
Send draft actuarial report	DFA	06/27
Approve draft report	ECRCHS	06/27 – 06/30
Send final/signed report	DFA	06/30

5. RESUMES OF PROPOSED PERSONNEL

Brian Demsey

Mr. Demsey began his actuarial career with Marsh & McLennan in Buffalo, New York as an actuarial trainee, dealing with a broad range of corporations regarding the design, pricing, communication, and administration of their retirement plans. He created a new actuarial company in 1976 in Newport Beach, California, providing of retirement plan actuarial services to law firms, banks, insurances companies and recordkeeping companies. That company was later purchased by an international actuarial company. Mr. Demsey then became a partner with Ernst & young where he managed the West Coast Actuarial, Benefits and Compensation practice, and assembled and managed a staff of experts in each of these fields. In 2002, Mr. Demsey co-founded Demsey, Filliger & Associates, which currently serves more than 400 clients, with an emphasis on public sector retiree medical and pension valuations. Outside of his actuarial and consulting work, Mr. Demsey was a founder of the Beckman Laser institute and Medical Clinic, a member of various boards (including CHOC at Mission Hospital) overseeing non-profit entities, and a very avid waterman.

Carlos Diaz, ASA, EA, MAAA

Mr. Diaz started his actuarial career in 1987 and joined DF&A in 2017 as a senior actuary specializing in pensions and other employee benefits. He has 34 years of actuarial consulting experience serving as client manager, project manager, and actuary. His experience includes nine years with Foster Higgins and 20 years at Buck Consultants. Mr. Diaz is an applied mathematics graduate of the University of California, Los Angeles. He is an Associate of the Society of Actuaries (1993), an Enrolled Actuary (1996), and a Member of the American Academy of Actuaries (1998). He has spoken at the Western Pension & Benefits in Los Angeles and Phoenix. In his spare time, Mr. Diaz enjoys listening to music, reading, and traveling.

Katie Barger

Ms. Barger began her actuarial experience in the pension industry working at The Epler Company, on defined benefit and defined contribution plans, for public and private sector clients. She is a mathematics graduate of the University of California, Davis. Ms. Barger's experience in the public sector includes sixteen years as a high school mathematics teacher in California and Colorado. While teaching, she earned her master's degree at Colorado State University in Educating Teachers and Adult Leaders. Her proficiency in mathematics and project management skills, led her to return to the actuarial field, and joined DFA in 2015 to round her decade of actuarial experience. Ms. Barger relaxes from work with her family. She is cofounder of the TBI Center of Carlsbad, an avid gardener and enthusiastic community service volunteer.

Cathy Xu

Ms. Xu is a financial graduate of the University of Illinois, Urbana-Champaign. Her years of actuarial experience started working at DFA back in 2008. She is the in-house specialist on the upcoming Aspen Portal (DFA website). Ms. Xu also facilitates the data collection, preparation of the valuation process, writing proposals, and interacting with clients. She has passed three SOA exams and is planning to pursue an actuarial career and to sit more exams later. In her spare time, Ms. Xu enjoys reading, traveling, and watching movies.
