BIOGRAPHY

Hello! My name is Megan Berryman and I teach 6th grade English Language Arts here at Rising Scholars Academy. I am part of Team Infinity and I am a proud teacher of 6 years here at our amazing middle school! I have been in the classroom for 21 years now, and I still feel that teaching is where my heart is. My Bachelor's Degree is in Applied Learning and Development from the University of Texas at Austin. I have a wonderful and supportive family. They are my motivation. My three daughters and I enjoy going to the beach, watching movies, and playing board games together. My oldest daughter is a freshman at the University of Notre Dame! I am thrilled for her, and will be missing her very much. Things that I love are the trees, good books, quotes and... Coffee! One of my favorite quotes is by Helen Keller: *The most beautiful things in the world cannot be seen or even touched; they must be felt with the heart.* I look forward to our time together this school year!
