## 2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

Santee School is located in the east section of San Jose, at the north end of Franklin-McKinley School District (FMSD). Santee is one of 16 schools in the FMSD and currently serves approximately 370 preschools through sixth-grade students. Our vision and mission is to unlock the potential of the world's future innovators, inventors, dreamers, and leaders in a technology-rich environment. Each child will grow socially and academically while developing the resourcefulness, resiliency, and creativity necessary to be successful in today's and tomorrow's world. Through relevant real-world learning, they will see themselves as community advocates and agents of change, who can positively impact their community. This is accomplished by fostering a safe, nurturing environment that inspires individual excellence and integrates the strength of our diverse community.

Santee staff is working to transform the classroom into a place of deeper exploration and creativity by reviewing student work and developing programs that boost academic progress. The staff at Santee continuously reviews student data to provide lessons that meet the needs of individual students. Grade levels meet weekly to create common lesson plans based on ongoing formative assessments. The Instructional Leadership Team, comprised of a representative from each grade level, meets monthly to monitor the progress of annual goals based on benchmarks.

In grades K-3 we use the Sobrato English Academic Language (SEAL) model. Santee's SEAL classrooms bring to life the rigor and richness called for by the Common Core Standards. Language and literacy education is woven into all aspects of the day. Children use high-level, complex language to talk about what they are learning. Students actively collaborate, solve problems, and engage in whole- and small-group activities. Teachers are highly trained and model rich, expressive language and create environments where academic vocabulary and concepts come to life.

Santee offers a variety of programs that include: Small group intervention for struggling readers in all grades during the day,

extended day TK & Kindergarten program, educational and cultural Enrichment, After School CORAL Program (K-6th grade), Homework Club (4-6th grade), Progressions music class (1-3rd graders), Band (4-6th grade), Audacity Arts and Kids Club.

Santee strives to support the academic, physical, mental, and social well-being of all students by establishing systems and creating a safe, welcoming, and inclusive environment that allows students to participate fully in learning and the school community. We believe significant learning occurs with meaningful relationships.

School-Wide behavior expectations: Be Safe, Be Respectful, Be Responsible, Be a Problem Solver

No PLACE FOR HATE SCHOOL: Anti-Bullying campaign and character development education

Structured activities during recess and lunchtime that teach students conflict resolution strategies and good sportsmanship

Caring Adults: Staff dedicating their time, interest, attention, and emotional support to students

Wellness Center provides wrap-around services to students and families

Zen Den - Multi-sensory room open for students during school hours.

### A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Textbook and instructional Materials: The local governing board of the Franklin-McKinley School District has certified that each pupil in the District, in transitional kindergarten through eighth grade, has been provided with standards-aligned textbooks and/or instructional materials in each of the following areas: reading/language arts, mathematics, science and history/social studies. Health is included in the science curriculum. All District textbook adoptions are within the scope of the most recent State Board of Education adoptions and comply with California Education Code provisions.

In accordance with the California Education Code and the Williams Settlement mandates, procedures, monitoring processes and reporting practices by principals and District departments have ensured that all students have access to the current, standards-based textbooks and instructional materials.

In order to comply with the mandates to provide students with the most recent state-approved adoptions in the core areas of Reading/Language Arts, Mathematics, Science and History/Social Studies (Health is included in the Science curriculum), a textbook inventory was conducted at every school by September 2022. Each principal was responsible for ensuring that every student was provided with the necessary textbooks and instructional materials. In addition, the updated inventory count was also verified by each site for every classroom in September 2022. In addition, principals were responsible for the replenishment of needed textbooks at every grade level (TK-8). All ordering and delivery materials are through an established set of procedures with the District Service Center. As part of the monitoring of sufficiency of textbooks and instructional materials, principals submit a school wide and an individual classroom report to the Curriculum, Instruction and Assessment Department annually.

As a result of the inventories, the Franklin-McKinley Board of Education certified that each student in grades TK-8, inclusive, including English learners, have been furnished a complete set of core instructional materials and textbooks that meet the requirements of the California Education Code. A public hearing regarding the sufficiency of said materials that are consistent with state-adopted frameworks was held on September 27, 2022. A Resolution on Sufficiency of Materials, according to the Williams Act mandates, was passed at a public hearing on September 27, 2022.

## School Facility Conditions and Planned Improvements

Santee Elementary School has 21 classrooms, a multi-purpose room, a library and an administration building. The main campus was built in 1965. The site has two (2) 8-hour custodians assigned for daily cleaning and one (1) 4-hour custodian assigned to disinfect the site on a daily basis.

In 2020 FMSD Bond Measure R was passed and funded several site improvements to the facilities including installation of security cameras at all entrances and access gates (2021), roof repairs (2021), installation of ceiling-mounted projectors in classrooms, with the use of ESSER Funds (2021), replacement replacement for floor coverings in some rooms (2021), and on-going maintenance and repairs of all HVAC units.

ESSER funds were utilized to provide additional picnic tables for outdoor learning use (2021), and a designated Wellness Center was established to ensure students are provided with psychological and counseling services and a safe, healthy, and connected school environment (2021).

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	N/A	21	N/A	41	N/A	47
<b>Mathematics</b> (grades 3-8 and 11)	N/A	9	N/A	33	N/A	33

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2022-23 Opportunities for Parental Involvement

Santee School recognizes the positive impact parents make when they are involved in their child's education. As a result, numerous opportunities exist to increase parent involvement and support. Some examples of the way parents are invited to contribute as partners in the educational process are participating in:

Workshop for parents on language and literacy development strategies

School Site Council

English Learner Advisory Committee (ELAC)

Cafecitos (monthly meeting with the principal)

SEAL Gallery Walks (K-3)

Home-School Connections integrated into the curriculum

Family nights — with an emphasis on literacy, math, and science — are held throughout the school year.

Community-building events -Whole School Community Meetings (first Friday of the month), Back to School night, Harvest Festival, Winter Concert, Talent Show, Spring Exhibition Night, and Awards Assemblies)

Volunteer in classrooms, field trips, and event planning

Translation (Spanish, Vietnamese and Cambodian) is provided during parent meetings.

"Los Dichos" parent group

Parent Workshops (Raising a Reader & Triple P)

Santee Elementary School continues in its efforts to find additional ways to reach out to the parent community. Parent advisory committees help to generate ideas to increase parental involvement and coordinate activities for the school.

For more information on how to become involved at the school, contact Maria Reyes, Principal at [maria.reyes@fmsd.org](mailto:maria.reyes@fmsd.org), or Elsy Martelli, community liaison at [elsy.martelli@fmsd.org](mailto:elsy.martelli@fmsd.org).

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

## 2022-23 School Safety Plan

All schools in the Franklin-McKinley School District have a very detailed, comprehensive safety plan designed to ensure both the health and security of all students and staff. The safety plan consists of a wide variety of site drills designed to meet a number of emergency situations that might arise. All school sites within Franklin-McKinley School District practice fire, drop and cover (earthquake), and intruder drills. There are established committees at all sites and levels to review safety procedures, correct any problems that may exist, and expand FMSD's capacity to deliver services when and where needed. In addition, all required drills are calendared, completed, and evaluated with the results being communicated to all staff and parents in the medium of the school website and via email from an administrator. The School Safety Plan was reviewed, updated, and discussed with the school faculty, parents, and students on 10/28/2021. Safety Plan Study Session was held on 1/31/22. The Board of Trustees approved the plan on February 8, 2022.

## Professional Development

The primary areas of focus for our professional development in FMSD schools is training our staff to support the goals outlined in the district Local Control and Accountability Plan (LCAP).

FMSD provided teachers with professional development focused on infusing instruction with social emotional learning and building the instructional team through teacher collaboration. Before students returned to school in August, all teachers participated in workshops focused on new adoptions in K-6 Science, 7-8 Social Studies, TK/Pre K Curriculum, as well as continued learning in Math and Writing instruction. New teachers were provided workshops orienting them to the district adopted curriculum and Special Education staff received training on facilitating and writing IEPs, and the requirements for Special Education instruction. Throughout the fall, optional professional development opportunities were provided monthly including topics such as Assessments including ESGI, NSGRA, FastBridge, Guided Reading, UDL in Math, E3D, Rosetta Stone, Infinite Campus, Writable, and Orton-Gillingham foundational training.

In January 2023, teachers participated in a full day set of professional development workshops focused on Writing, Math, and Tier I instruction and systems. Last school year, all staff were provided training in Implicit Bias from Collaborative Learning Solutions. This year, 2022-23, FMSD provided Implicit Bias training for all new staff and staff who were unable to attend training last year.

Ongoing Professional Learning Communities allow teachers to learn from each other and discuss best practices. All FMSD schools are participating in the implementation of a Multi-Tiered System of Support (MTSS) focused on Tier I instruction and universal access. Four schools (Dahl, McKinley, Los Arboles and Santee) continue to participate in the Sobrato Foundation SEAL (Sobrato Early Academic Language) program. These schools participate in professional development and curriculum support to meet their diverse populations and to help English Learners. Teachers participated in asynchronous training provided by SEAL. Site administrators and teachers at Bridges and Sylvandale continued to participate in the Partners in School Innovation network. Dual Language Immersion teachers from our Spanish and Vietnamese DLI programs receive on-going professional development and coaching with ADTLE and Tran Consulting, as well as with our FMSD Teacher on Special Assignment for DLI.
