Additional Support

Welcome to the Bristol Warren Regional School District. You have identified your child as being eligible for services under the Individuals with Disabilities Education Act (IDEA) and having an Individualized Education Program (IEP). The Bristol Warren Regional School District, like other public school districts, can receive Federal Medicaid dollars through a program called the Medicaid School Program (MSP) for eligible services provided to students with disabilities. Some examples of eligible Medicaid services covered in school districts include Occupational and Physical therapy services, Speech-Language Pathology services, and nursing services. Below is some additional information:

- If your child is covered by Medicaid health insurance, your child's Medicaid benefits and limits are NOT reduced or affected in any way
- Your consent is voluntary
- You have the right under Federal Medicaid Regulations (34 CFR Part 99 and Part 300) to withdraw your consent at any time.
- You are not ever required to enroll in Medicaid for your child to receive special education services.
- No matter whether you grant, refuse, or revoke consent, your child will be provided with an evaluation and/or the services identified in their IEP, at no cost to your family.
- In the process of billing Medicaid for school-based services, we must obtain a one-time signed Parent/Guardian Consent

We are requesting that you complete the Access to Medicaid Services Form as part of your registration in the district. If you have any questions, do not hesitate to ask the Registrar upon completing the registration process.
