

Classroom Technology FAQs

Aeries Most students have instructed on how to log into their own Aeries Accounts to keep up with their grades. If they are unable to access their information, please see Mrs. Rankin in the library or Ms. McLemore in the Counseling Office. You can also download the Aeries App on your smartphone or table by going to <https://aeries.travisusd.org/parent/LoginParent.aspx?page=default.aspx>.

Launchpad only works correctly in Google Chrome  or Safari . It will ask you to download an extension when you open it the first time. This extension must be downloaded in order for it to work correctly.

All students have access to the online version of Microsoft Word and have a school email account through Office365. All student emails are their Permanent ID#@student.travisusd.org. If you have multiple people using Office365 on one computer, whether they have logged out of Launchpad or not, they must log out of their Office365 account in order for another person to log in.

If a student has difficulty logging into Office365 through Launchpad, that program can be accessed through Office 365 directly. Just Google Office365 login or [click here](#). The login credentials are their school email PermID#@student.travisusd.org and their password.

Students can log into the campus Wi-Fi with the same credentials that they log into computers. Please be advised that their activity while on the school Wi-Fi may be monitored.

Students have access to several reference sites including the online Encyclopedia Britannica, Culturegrams and ProQuest SIRS Discoverer. All are excellent resources. These can be found through Launchpad under Reference Sites.
