Dear Parents and Guardians,

In an attempt to maximize learning time in class homework will be checked at the end of the week. These are the details.

- Homework will still be given and posted as normal.
- Weekly quizzes will be given to check knowledge of the lessons taught. Problems will be similar to those in the homework and warm-ups.
- During the weekly quiz students will be asked to show a randomly selected completed homework assignment.
- All of the homework problems must be attempted to receive full credit.
- If students have the assignment they will receive full credit for the week's homework.
- If students do not have the assignment their homework grade for the week will be based on the percentage they score on the quiz.
- If a student is absent on the day of the quiz they will retake the quiz and must produce all of the week's homework for them to get full credit.
- If students are absent they are expected to get the assignments from a peer or what your teacher has posted.

Sincerely,

7th Grade Math Team
