A deep rib shall form a pencil tray and provide additional strength and a double flange across the back shall prevent spillage of contents. The drawer sides shall be 20-gauge with a hem along the top edge for safety. The drawer shall run on a pair of full extension, ball-bearing suspensions and shall be available with or without a lock, keyed randomly as standard. Field drilling for installation shall be necessary. The center drawer shall be painted to match the color of desk.

### Key Options

There are various key options available depending on the component model. The key alike option (KA) allows multiple components of a workstation to be keyed alike. The key standard option (KS) allows each component to have its own randomly selected key number shipped with the individual component. The No lock core (NLC) provides more flexibility in keying workstations alike. All locks and keys for the individual components specified with no lock core will be packaged separately from the components. The location of the lock core and corresponding numbered key will be determined upon installation.

### Fabric

Fabric will be applied as swatched by the fabric manufacturer. Fabric that is required to be applied differently than is swatched will need a Special Cost Request written specifying the direction the fabric is to be applied.

### INFORMATION

#### Wood Color Variations

High quality wood table edges and surfaces are characterized by distinctive natural colors and grain colors. Due to natural variations of fine woods, it is impossible to exactly match colors and grains with consistency.

### FINISH INFORMATION

#### Additional Laminate Offering

Additional laminates beyond KI standard offering, are available with two weeks extended leadtime. To specify additional laminates, use these designators followed by the supplier's color/pattern code:

Formica - LF/supplier's color pattern code  
 Nevamar - LN/supplier's color pattern code  
 Wilsonart - LW/supplier's color pattern code

KI's standard finish is the supplier's recommended finish for that color/pattern.

Note: Nonstandard laminates from these suppliers (example: textured laminates), require an upcharge and additional leadtime. Contact KI.
