Inner shelf size: W 249 mm (9.8"), D 384 mm (15.1"), stacking height 270 mm (10.6")
H 1524 mm (60") with cover board as seen from above.

Surfaces

from solid wood veneer and plastic

Wooden surfaces are either directly plastic-coated or covered with an HPL laminated plastic, depending on their application. Differences in colour underline the characteristics of solid wood surfaces and cannot be avoided. Solid wood changes its colours under the influence of light. Table and work surfaces with solid wood veneer have only limited abrasion resistance. We recommend our highly resistant plastic decors for these types of surfaces. We use environmental-friendly lacquers for our solid wood surfaces.

DESIGN OPTIONS

Other surfaces and veneers upon request.
