

Deseret Peak High School Boundary

Elementary Option #3b

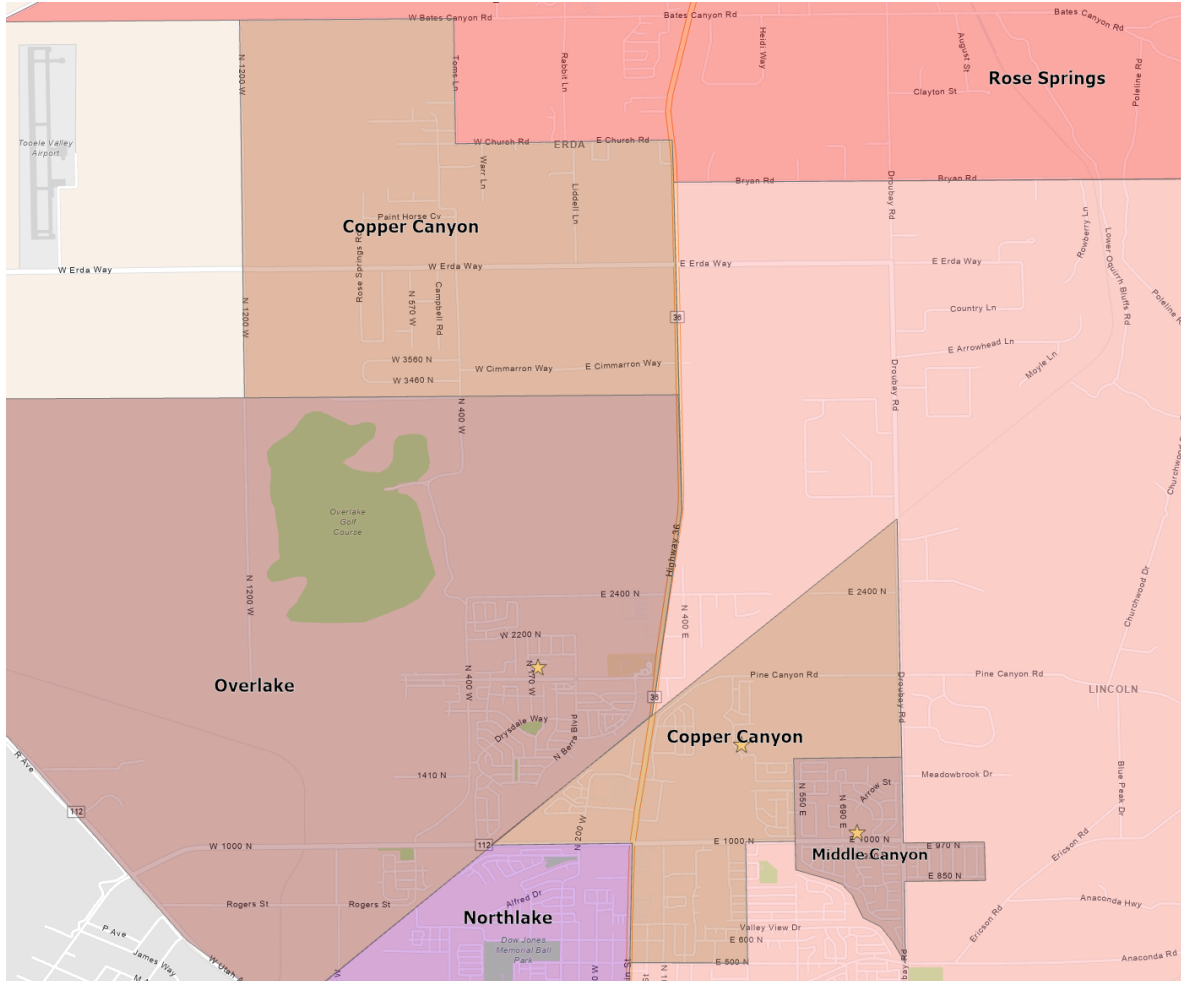

Moving West Erda from Overlake's boundary to Copper Canyon's boundary.

Elementary Schools

- Copper Canyon
- Rose Springs
- Middle Canyon
- Northlake
- Overlake
- Settlement
- Sterling

Copper Canyon Elementary School

Boundary Changes

- The area in between SR-36 and Broadway, and 1000 N and 500 N has been moved to the Copper Canyon boundary.
- The boundary between Copper Canyon and Middle Canyon no longer weaves between houses and instead follows 520 E.
- The northern boundary now follows the train tracks.
- The eastern boundary now follows Droubay Rd.
- Erda, west of SR-36, has been moved from Overlake to Copper Canyon's boundary.

Copper Canyon Student Summary

With the proposed changes the student population at Copper Canyon would be approximately:

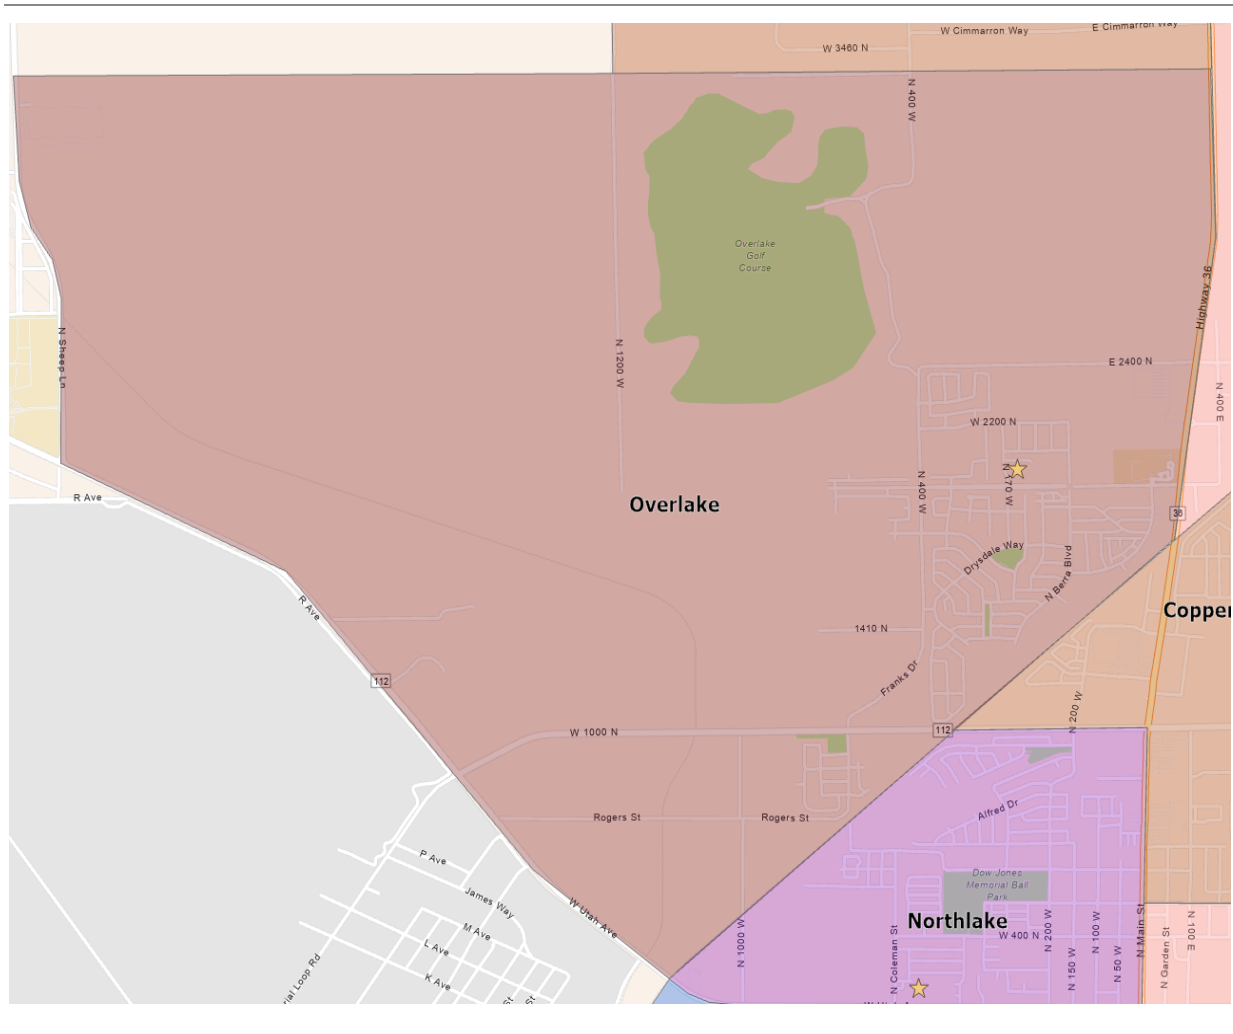

- 49 students in Kindergarten.
- 64 students in 1st grade.
- 83 students in 2nd grade.
- 68 students in 3rd grade.
- 63 students in 4th grade.
- 64 students in 5th grade.
- 68 students in 6th grade.

The total student population would be 459 students. Copper Canyon's maximum student capacity is 775.

Capacity

Overlake Elementary School

Boundary Changes

- The northern boundary is now the northern edge of the Overlake Golf Course.
- The Gleneagles neighborhood has moved to Overlake's boundary, dividing along the train tracks.

Overlake Student Summary

Student Population

With the proposed changes the student population at Overlake would be approximately:

- 72 students in Kindergarten.
- 68 students in 1st grade.
- 68 students in 2nd grade.
- 72 students in 3rd grade.
- 72 students in 4th grade.
- 78 students in 5th grade.
- 65 students in 6th grade.

The total student population would be 495 students. Overlake's maximum student capacity is 825.
