### HISTORY

#### BIOGRAPHY

Hello, fellow Rising Scholars! I would like to extend a warm welcome to my 8th-grade U.S. history classroom. I look forward to sharing my knowledge with you and creating positive classroom memories.

As an educator, the core value of perseverance is essential to me to provide my students with a rigorous, safe, and understanding environment. I strongly believe in our school's mission and vision, "... cultivate a powerful learning environment that will inspire our students to impact their communities through stewardship and leadership." In 2009, I graduated from the University of Texas at Brownsville with a Bachelor's in Social Studies Composite and an Associate in Teaching Secondary.

I seek to inspire my students to impact their communities through integrity and perseverance. Thus creating future influential and positive leaders for our society. I reside in Harlingen, Tx, with my husband and our furry cat, Grady. In addition, I am completing my master's degree in library science with an emphasis on school librarianship. I enjoy films, TV shows, and historical documentaries in my free time. In addition, I love spending time with my family and leveling up on Pokémon Go. Let's have a fantastic year together!
