

College Credit Opportunities

The New York Mills UFSD offers a number of options for students to earn college credits while still in high school. These involve coursework taken on the New York Mills, OHM BOCES and local college campuses.

Dual Credit Courses – Students can earn 3 credit hours from Mohawk Valley Community College and 1 high school credit upon successful completion of the course. These credits may be transferable to other colleges. There is no cost for these classes. The courses are:

- *SP 191 & 192 Spanish Grammar*
- *SP 201 & 202 Intermediate Spanish*
- *SP 301 & 302 Advanced Spanish*
- *FR 191 & 192 French Grammar*
- *FR 201 & 202 Intermediate French*
- *FR 301 & 302 Advanced French*
- *PY101 Introduction to General Psychology-Psychology*
- *SO 101 Introduction to Sociology-Sociology*
- *MA150 Pre-Calculus and MA110 Elementary Statistics-Math 12* Eligibility for dual credit in this course is based on college placement exam taken at start of the school year; otherwise, course is taken as non-dual credit
- *AC 110 Principles of Accounting-Accounting*
- *EN 102 Ideas and Values in Literature- AP Literature and Composition*
- *HI 104 History of Western Civilization: 1453 to Present- AP World History* - First offered 2016-2017 SY
- *BIOL104 General Biology I & BIOL105 General Biology II* – AP Biology (Please note that this a College Now course through Tompkins-Cortland CC) – First offered 2019-2020 SY

Please note: Only *high school credits* for the above courses will appear on the high school transcript. Students who wish to obtain a copy of their MVCC transcript, which includes letter grades for the classes, for their personal files (unofficial transcript) or who wish to have it sent it to colleges for credit transfer (official transcript) must contact MVCC. The request form is available through <http://www.mvcc.edu/registrar/transcript-request>

Advanced Placement Courses – Students can earn college credit based on their score on the AP exam. AP scores are not listed on the high school transcript. Students are responsible for sending the scores to the college in which they plan to enroll through College Board and the college determines whether credit will be awarded. The test is optional but all students enrolled in the AP courses are encouraged to take the exam, for which there is a fee. Current AP classes offered are: Biology, Calculus AB, English Literature and Composition, United States History, and World History.

Career and Technology Center Credits – Students enrolled in CTE programs, including New Visions, will have the opportunity to enroll in dual credit courses through MVCC if they meet certain requirements. These include IS101(Computer Applications and Concepts), BM108(Personal Finance), BM100(Intro to Business), and BM120(Principles of Marketing).

The CTEC also has many articulation agreements with a number of colleges. Please see your CTE School Counselor or instructor for more information.

College Classes Not Taught on the New York Mills Campus - *The following options require students to take their coursework on a college campus. Please keep in mind the following:*

- *All graduation requirements must be fulfilled at the high school (ie: English, Economics, Government, P.E.). College coursework may not replace graduation requirements.*
- *The student must be in good standing for graduation.*
- *Transportation is the responsibility of the student.*
- *High school credit is not earned for these courses and they do not appear on the high school transcript.*
- *Coursework must be approved by the high school principal.*

Please see the counseling office for details on the parameters and requirements for these courses.

- **MVCC College Connection**-High school seniors who qualify are eligible to take courses on a part-time basis on the MVCC campus during fall, spring and summer semesters. There are a limited number of slots available. The MVCC placement test is required and scores will indicate which courses you qualify for. This is a scholarship program; there is no cost for the courses but the student is responsible for books and activity, technology and other additional fees.
 - Please note that registration for the fall semester generally begins in April and is due late June or early July and registration for the spring semester generally begins in November and ends in December. Registration dates and deadlines for summer courses vary depending upon which summer session you wish to attend. Please plan well in advance if you wish to take classes to ensure that all requirements, including completion of the placement test, are met in order to enroll in courses. Please visit the counseling office or see our website for more accurate dates.
- **Utica College Dual Enrollment** – High school seniors who qualify will be allowed to take up to two classes per semester at a reduced rate of \$100 per class plus books and fees. Students must complete an application and be approved by both the high school and college. Registration for the fall generally takes place later spring.
- **College Bridging** – High school seniors who qualify may take courses at MVCC as a part-time student. Students are responsible for all costs associated with these classes, including tuition, fees and books.
