CULLMAN CITY
SCHOOLS
Permission to Use Google Workspace for Education

Parents and/or Guardians,

Cullman City Schools uses Google Workspace for Education to provide our students with specific tools to enhance their educational experience. Students have access to a school email, Google Calendar, Google Docs, Google Sites, and many other Google educational products. Google Workspace provides a place for students to safely keep online communication and collaborative documents as they relate to school. It is not intended for personal use. All stored work will be accessible from any place with an Internet connection.

Students will be assigned a Google email address and a password that will be used as their login. Students will receive instruction regarding the login process from their teacher and/or a technology integration specialist with Cullman City Schools.

Responsible Use
Teachers will make every reasonable effort to monitor student use of Google Workspace to ensure its use promotes student learning/understanding. Students should support this effort. Parents will need to monitor usage while the student is not on campus.

Students will adhere to the Cullman City Schools Technology Usage Policy. All participants will be respectful in their postings and comments. No cyber-bullying, inappropriate language, personal insults, profanity or spam will be tolerated. No racist, sexist or discriminatory remarks, or threatening comments will be tolerated.

All participants must protect their login and password information.

Use of copyrighted material not cited in student work will be deemed plagiarism and disciplined accordingly.

Access to, and use of, student Google accounts is considered a privilege. Cullman City Schools reserves the right to access any information stored on a Google Workspace for Education tool licensed by Cullman City Schools. Cullman City Schools maintains the right to terminate the access to, and use of, a student's Google account when there is reason to believe violations of law or district policies have occurred. Any alleged violation will be directed to the building principal and addressed according to the procedures outlined in the student handbook.

Cullman City Schools cannot and does not guarantee the security of electronic files used/stored in Google Workspace Education.

Permission: I grant permission for the student named below to be issued a Cullman City Schools Google Workspace for Education student account.

Student Name: _____School/Grade _____/_____

Parent Name: _____
