Rationale:

- There are two separate calendars- one for TK-5 and another for 6-8. TK-8 schools will use both calendars according to the appropriate grade-level span.
- Any technical issues are handled by the IT Dept. Send an email to DataSupport@oxnardsd.org.
- The input/edit window has to be closed before report cards are to go home to ensure that report cards are completed.
- Any changes which may be needed, after the window closes, can be done by the Office Manager.
- Weekends are available as an option.
- Q is managed through VCOE, therefore, Q is not available (which includes access to report cards) when there are scheduled maintenance weekends at VCOE. These maintenance weekends are typically the second weekend of each month and are indicated on the calendar, **in red**.
- Each report card input/edit window is approximately 13 days long with 2 full weekends.
 - For 1st and 3rd trimesters, the weekends are at the beginning and in the middle of the windows.
 - For 2nd trimester, the maintenance weekend is in the middle, so grades cannot be entered from March 8-10. The weekends are at the beginning of the window and at the end.
- Note that the last days of the windows are not the same. They can be Wednesdays, Thursdays, Fridays or Sundays.
- The first trimester has to end on Nov. 9 and that is also the last day to report grades due to the number of days needed (about 60) in each trimester and to ensure report cards are ready for conferences.
- The official last day of the 3rd trimester is the last day of school, but the last day to enter grades is before that.
- 2nd trimester is always different from the 1st and 3rd trimesters.
 - The trimester ends on March 1 before the input/edit window opens.
 - For 6-8 teachers, grade passback in Canvas closes on the last day of the input/edit window which is March 17th for trimester 2.
 - 3rd trimester starts on March 4. Between March 1-17, Canvas users have the ability to toggle between Trimester 2 and Trimester 3 on the Assignments page and in the Canvas Gradebook.
 - Please review these important due dates, considerations, and FAQs:

 - [6-8 Trimester 2 \(2023-2024\) Report Card and Canvas Considerations](#)

For 6-8 only:

- In the 2nd trimester, the D & F Progress Report window ends on a Wednesday, in order to give teachers more time to schedule conferences before Feb. 1.
- The input/edit window is for inputting of grades into the report card. Grades can be calculated and can be entered into Gradebook before the input/edit window opens.
- Time is added after report cards are completed, so the office can print and mail report cards home.
- In the 3rd trimester, the 8th grade due dates are earlier because more processing (i.e. GPA) needs to be done by the office/support staff before promotions occur the last week of school.
- For grades 6th & 7th in the 3rd trimester, the maintenance weekend is in the middle, so grades cannot be entered from June 7-9.
- 6th /7th and 8th grade teachers can only input/edit grades in their respective windows.

Special Education:

- SpEd report cards/progress report of goals should be ready to share at parent conferences for first trimester.
- SDC - Report cards and progress report of goals must be completed during each trimester's input/editing window.
- RSP - Progress report of goals must be completed during each trimester's input/editing window. These must be ready to be included in the mailing/distribution of general education report cards.
