Tutor's message to you: Hi Brandon! Good job on your essay! Your argument is clear and consistent throughout the essay which is great! Your thesis statement is also well developed. One thing to note is that when you include evidence from the book, you must include citations to avoid plagiarism. Check with your teacher about the style of citations you should use. Also, make sure that you are providing adequate context for your reader and offering evidence for each claim that you are making. If you have any questions, feel free to star a 24/7 live chat session with a Paper Tutor.
