Spring Woods High School (SWHS) is a comprehensive public high school (grades 9-12) offering challenging, college bound high school experience for a diverse student body where 80% of students qualify for free/reduced lunch. Through high quality teaching, the integration of technology, and a wide range of electives and enrichment experiences our students are challenged to understand and engage in our global society.

SWHS has nearly tripled the percentage of students offered college scholarships, reaching \$4 million in 2016.

Through strong relationships with area businesses and colleges SWHS provide students with job shadowing opportunities, mentors and college scholarship support. Our partnership with Houston Community College offers students a full Early College program where they can earn up to 30 college credit hours while still in high school. Specialized programs are available for students with specific career/academic interest: Health Occupations Students of America, highly competitive debate and UIL academic teams.
