JACQUELINE PADILLA

PHYSICAL EDUCATION

BIOGRAPHY

My name is Jacqueline Padilla and I am proud to say I am a new member to the Rising Scholar's Academy family and Physical Education department. I am a wife to a very supportive husband and a mom of a daughter (20), son (13) and my youngest son (11). We are a very active family filling our time with sports activities, bike riding and spending time with family. I was a domestic engineer for 13yrs which was such a blessing to being able to stay home and raise my children and while it put my "career" on hold it didn't stop me from being at the right place and time.

I have my degree in Exercise Science and have been coaching recreational leagues for the past 13yrs. It's so exciting to say now that I can coach Rising Scholars students! It's a joy and excitement to see teamwork and unity amongst the teams.

My goal is to be a blessing to those around me and help influence a lifelong love for living a healthy active lifestyle!
