VI. Special Presentations to the Board

Mr. Rivera from Parette Somjen Architects gave a presentation on a proposed referendum. The referendum would consist of two parts. The first part would be to replace the steam heating system with a hot water system. This process would require replacing the boilers, pipes and installing new unit vents. The second part would be to integrate air-conditioning in the A-wing. To do this he is recommending new unit vents and a separate condensing unit. Doing it this way would make the air conditioning eligible for debt service aid. Installing window units would not. Mr. Rivera estimated that the cost for the heating system would be \$2.8 million while the air conditioning would add \$630,000. The referendum could be done as either one question or two but a resolution would be needed soon if the Board planned on going to referendum in March. A March referendum would allow construction to start in the fall of 2019. Plans will be prepared so that bids could be taken immediately after the referendum vote. Work can be done while school is in progress.

The Board asked several questions.

President Bruno asked if the budget estimate includes after hour work. Mr. Rivera responded that it did.

Mr. Sileo asked where the AC condensers would be located. Mr. Rivera responded that the first floor classrooms would be on the ground level, while the second floor rooms would be mounted on the roof. He also indicated that there was sufficient space on the roof to house them.

President Bruno asked if there was a contingency in the number. Mr. Rivera indicated that there was a contingency of 10%.

Dr. Gamper asked if the HVAC for the locker rooms was not part of this project. Mr. Rivera confirmed that they would not be.

Dr. Gamper asked if the High School cafeteria would be air-conditioned. Mr. Rivera responded that it was not and a cost for construction had not been determined yet.

President Bruno asked if soft costs were included. Mr. Rivera indicated that they were.

Mr. Sileo asked how we are packaging this for referendum - one or two questions. He also asked what percentage of funding the Board would receive if passed. Mr. Rivera responded that it would be 40%.

Dr. Gamper asked if they had recently done a similar project. Mr. Rivera responded that they had - Millburn School.

President Bruno felt it was important for people to understand the 40% giveback by the State. The district would be getting a more efficient energy system. The steam boiler project needs to proceed due to the need.

The Board was then polled to see if they would prefer one or two questions. The poll went as follows:

DB	2
RS	2
JB	2
PM	1
BVB	2
PatM	2

The Board elected to go out for two questions.

VII. Hearing of Citizens - None

Agenda Items Only

Hearing of Citizens will be restricted to three minutes per person for a total of fifteen minutes for questions and/or comments on agenda items only.

VIII. President's Report

President Bruno thanked the administration and staff for getting the district ready. He indicated that Mr. Pierro did a great job.

IX. Superintendent's Report

 **HIB Update**

Dr. Gamper reported that since the last board meeting, there was one report at West Ridge of HIB, which was later determined to be unfounded.

Dr. Gamper reported that there was a new teacher orientation tomorrow.

Opening day for staff is September 1 and students return on September 5.

X. BOE Committee Reports

Buildings and Grounds spoke about the portico project and indicated that the front of the building looked good.

XI. Supplemental Agenda

Supplemental resolutions, if any, will be available the night of the meeting.

There were three personnel items on the Supplemental Agenda. Dr. Gamper explained each. All were moved to the consent agenda.

XII. Consent Agenda

The Board reviewed the Consent Agenda. Motion E18 was removed for separate vote. The revised agenda passed as follows:

M: RS	S: PM
FC PM BVB RS DB PatM JB	
A Y Y Y Y Y Y	

PatM abstained from P27/28.

Motion E18 was then discussed. Dr. Gamper reviewed the proposed calendar. The Board asked Dr. Gamper when school was ending in 2017/18 school year. Dr. Gamper responded that the last day for students was the 22nd and the last day for staff was the 25th. Mr. Sileo noted that the 2018/19 calendar had the school year ending on the 25th for students and 26th for staff. He expressed concern that the school year was ending much later than usual. He asked if this would interfere with camps/summer jobs for parents and staff. Dr. Gamper indicated that this was the calendar that the PREA had requested.

The Board then voted. The motion passed as follows:

M: BVB	S: DB
FC PM BVB RS DB PatM JB	
A Y Y N Y Y N	

A parent commented that the February break was good for students who participated in certain sports as other breaks fell during their seasons.

XIII. Hearing of Citizens

A parent asked about the PARCC tests. She found out on August 3 that her child did not pass the test. She was told he could not retake the test. Her options were to enroll her child in summer school, retake the algebra class or prepare a portfolio for state approval. Even though the statute indicated that the test could be retaken, there is no way to do this. Right now, this is in the courts because students do not have multiple opportunities to retake the test. Since the school is responsible to uphold the statute, she wanted to know what the Board is doing about this. Her child is scoring well in class. She noted that the test is given on the same day when there are sports and concerts. Something that is this important and needed for graduation should be done on days without conflicts. Things need to be changed. Dr. Gamper explained the options. Her child might miss an elective for a semester. He advised speaking to Mr. Lederman and the Guidance Department.

Mr. Capilli updated the Board on the resurfacing program by the tennis courts. The fence and sidewalk will not be done by the start of school. The contractor will work when school is not in session. The area will be clear for home football games and the driveway will be safe for emergency vehicles to use. He noted that there was a large crew working at the location today.

XIV. Board Comments – New/Unfinished Business

President Bruno asked the Building and Grounds Committee to look at options to restrict access to tennis courts to residents. One such option would be a card access system.

XV. Adjournment – 9:25 P.M.
