

LAUNCHPAD & STUDENT ACCOUNTS:

A "ONE-STOP" SHOP!

WHAT IS LAUNCHPAD?

Launchpad is a single sign-on software which allows students to enter their district username and password and have access to:

- Learning Resources
- Word, Powerpoint, OneNote, and other applications
- Documents they have created at home and school

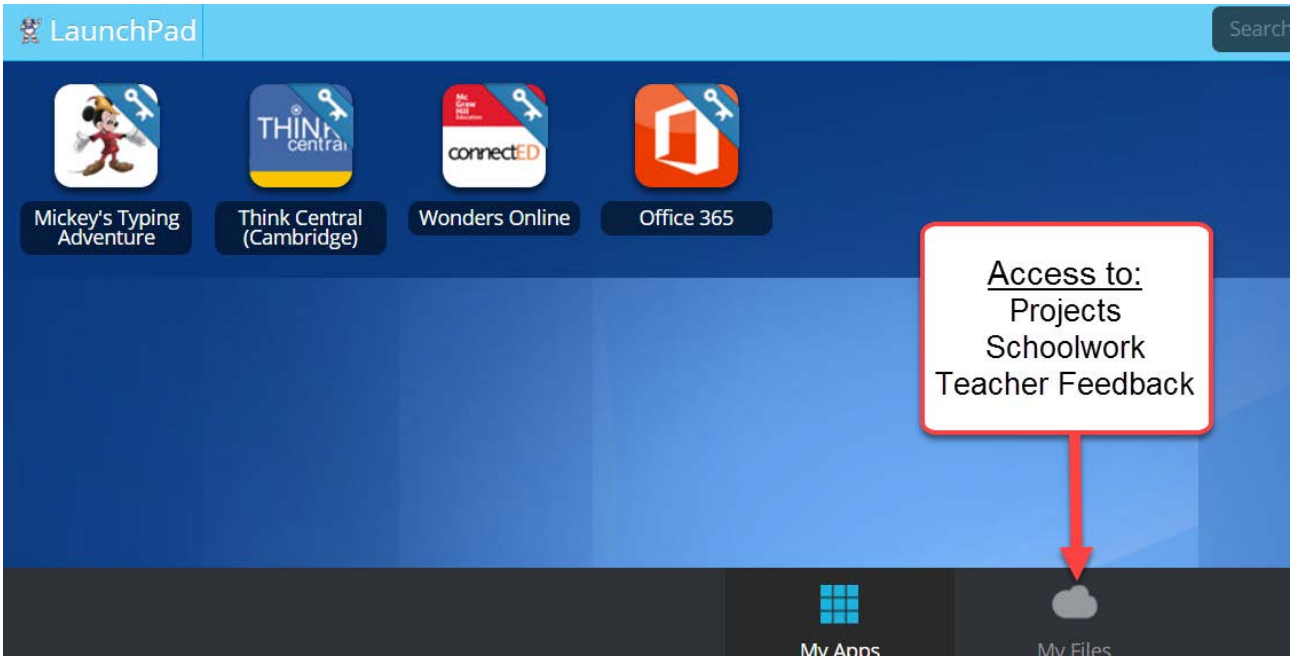

WHAT CAN MY CHILD ACCESS THROUGH LAUNCHPAD?

- Access to Office 365 enables students to work together on school projects and other classwork.
- District student email accounts will allow access to school computers and learning resources.
- Students will be able to get feedback and help from teachers
- A place to save schoolwork
- Use Word, Powerpoint, OneNote, & More…
- No more flash drives!

Microsoft® Office 365

HOW DO LAUNCHPAD AND THE STUDENT ACCOUNTS WORK TOGETHER?

Students will use ONE username and password to access both their learning resources and their documents.

When students click on "My Files," they will be able to interact with their projects and schoolwork.
