LAUNCHPAD – SAFARI EXTENSION

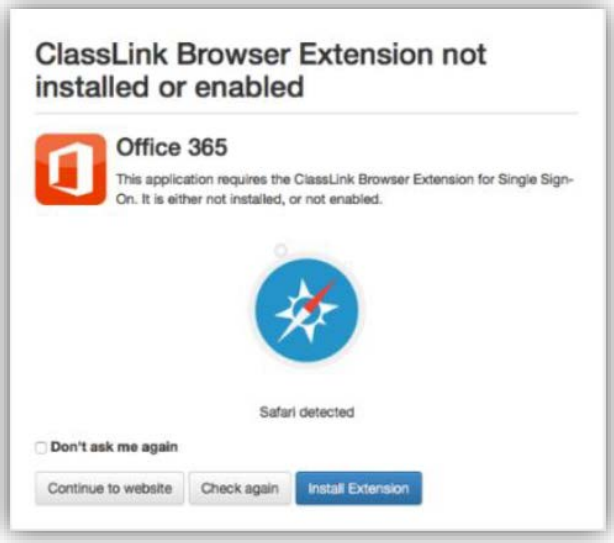

WHY DO I NEED TO INSTALL THE CLASSLINK EXTENSION?

In order for Launchpad to work on your home computer, you must install an extension call the "Classlink Extension." This extension tells your computer that it is alright to save passwords and run programs from within the Launchpad system.

HOW DO I INSTALL THE EXTENSION?

On Safari Browser:

1. The first time you click on an application from the computer, Launchpad will ask you to download the extension.

2. If you are not prompted for the installation, go to the Download arrow in the top right and click on the "Classlink-oneclick download"

3. Click 'Trust' when asked if you are sure you want to install the extension.

4. A window will appear showing you the extension is installed.
