ASSOCIATED STUDENT BODIES

The associated student bodies (ASB) in the schools for the district will operate within the following guidelines:

Structure

A. ASBs are mandatory whenever one or more students engage in money raising activities with the approval and at the direction or under the supervision of the district. The school principal is designated to act as the ASB for K-6 school buildings.
B. The board has authority over ASB**s**. ASBs are subject to the same laws as the district, including accounting procedures, budgets, and warrants.

Financial Operations

A. The district will have an ASB program fund budget approved by the board.
B. All ASB money is accounted for, spent, invested, and budgeted the same way as other public money.
C. Disbursements may be made either by warrant, imprest bank accounts, procurement card, or petty cash funds.
D. ASB purchases will comply with state bid procedure as outlined in the law and district bid requirements policy and procedure. Purchases of the same goods or services for more than one school will be considered together when establishing the purchase amount and applicability of bid requirements.
E. All property acquired with ASB moneys becomes property of the district.
F. ASB groups may raise private nonassociated student body fund moneys through fundraising and donations for scholarships, student exchanges, and charitable purposes. Such fundraising and donation solicitation will meet the requirements for other ASB fundraising and those requirements specific to nonassociated student body funds, including clear notice to all donors of the fundraising. Students wishing to use district facilities to raise private non associated student body funds will comply with district policy and procedures regarding community use of school facilities. For handling the accounting for complex fundraising programs for private nonassociated student body fund money, the district will withhold or otherwise be compensated an amount adequate to reimburse the district for its direct costs.
G. Purposes that directly further or support the school district's program – both co-curricular and extracurricular – are suitable uses for ASB funds, if the activities are optional for students.

Waiver or Reduction of Fees

Each student who is eligible to participate in the federal free and reduced-price meals program will have fees associated with attending or participating in optional noncredit extracurricular activities waived.

Students' family members and other nonstudent who are sixty-five or older may have any fee to attend an optional noncredit extracurricular activity reduced if they would have difficulty paying the entire amount of the fee because of their low income. Any students' family members and other nonstudents who are sixty-five or older who believe he or she should have a fee reduced must contact the appropriate school and ask for a reduction. The school principal will determine whether a reduction is appropriate after obtaining relevant information from the person seeking the reduction.
