**Addendum #1  
RFP WRESA-10-2023-2024-12 STEM Kits  
Questions and Answers**

**Q.1. Will every book be for each grade?**

**A.1. The books are representative of grade 3. Each grade level has a separate set of books. The vendor's alignment to the sample set of books will provide an example of the applicant's capacity for this work.**

**Q.2. Are the video tutorials to be for students (or educators)?**

**A.2. The video tutorials are student-facing.**

**Q.3. With respect to professional development, is it expected to be 4 consecutive days and if not, would we submit the proposal accounting for multiple travel days (we are based in CT)**

**A.3. The professional learning dates are yet to be named, so please estimate costs for 4 consecutive days.**

**Q.4. Are the answers to these questions posted publicly and if so, where are they posted for review?**

**A.4. Answers to all questions will be posted at the following website: [Request for Proposal - Wayne RESA](#)**

**Q.5. Do actual examples of the activities aligned to each title need to be submitted with the RFP response, or will you consider a vendor who has the capability and experience to develop activity ideas around the listed, or similar, titles in support of STEM skills for the grade levels listed?**

**A.5. Actual examples of the activities should be supplied to provide an example of the quality and capacity of the applicant.**
