

2022-2023 Local School Plan for Improvement (LSPI)

School: Rock Springs Elementary Principal: Dr. Allan Gee

Accountability and flexibility are hallmarks of Gwinnett County Public Schools' success. Key to that success is ensuring that each school community understands the progress being made by its schools, as well as what plans will drive improvement. Each school creates a collaborative Local School Plan for Improvement (LSPI) to increase student achievement results, with targeted goals based on the four strategic priorities within the district's [Blueprint for the Future: Empathy, Equity, Effectiveness, and Excellence](#). All schools across the district will focus on goals **2A- Multi-tiered Systems of Support** and **2B- Opportunity and Access**. However, schools are required to select one goal from each of the other strategic priorities for the 2022-2023 school year. LSPI goals are dynamic, like our schools, and are updated to reflect changes that occur in schools. Multiple data points are used to determine areas needing improvement and to identify specific, measurable, annual objectives. Key Performance Indicators (KPIs) are the way we will measure success for each goal. Schools then determine how to use research-based strategies to achieve these goals, using flexibility as needed. The LSPI development process involves teachers, parents, students, and community members, so the entire school community has the opportunity to be involved in conversations about school improvement.

Strategic Priorities & Goals Focus Work	Rationale	Action Steps (Implementation Design)	How will you measure growth? Growth Factors (KPI Baseline & Targets)
<p>Empathy 1A: Cultural competence</p>	<p>With 86 birth countries represented at Rock Springs, together we will learn and grow as we celebrate our diverse community with clarity: (1) that teachers are empathetic and caring; (2) that they are reflective about their beliefs about people from other cultures; (3) that they are reflective about their own cultural frames of reference; and (4) that they are knowledgeable about other cultures.</p>	<ul style="list-style-type: none"> ● Cultural Awareness events for parents, teachers, and students to come together to understand and celebrate our diversity. ● Teachers and support staff will receive training to better understand personal biases and increase awareness that everyone has a past that shapes the way they view the world. They will determine best practices to diminish the impact on instruction and student engagement. ● Our Media Selection Committee will focus on increasing the number of culturally relevant texts available in our classrooms and in the media center. <p>Teachers and staff will increase their awareness of cultural events, religious holidays and celebrations and the impact these events may have on a child's attendance and</p>	<p>Cultural Proficiency – Staff Survey (GCPS Baseline = 73.8%) Target = 79.1%</p> <p>Cultural Proficiency – Student Survey (GCPS Baseline = 82.6%) Target = 86.1%</p> <p>Sense of Belonging – Student Survey (GCPS Baseline = 71.1%) Target = 76.9%</p> <p>Staff Survey – We are provided training to meet the needs of our diverse student population (Baseline = 71%) Target = 76.9%</p> <p>Student Survey - I am comfortable interacting with people from a different racial or ethnic background.
