CRUCIAL CONVERSATIONS

For Mastering Dialogue and Accountability

Manager Training

Backed by thirty years of social science research, Crucial Conversations skills represent the standard in effective communication and the marker of high-performance individuals and organizations everywhere.

Improve Relationships and Results

Whenever you're not getting the results you want, it's likely an important conversation either hasn't happened or hasn't been handled well. In fact, success is largely determined by how quickly, directly, and effectively we speak up when it matters most.

Turn Disagreement into Dialogue

Instead of clamming up or blowing up, learn how to turn disagreement into dialogue and conflict into collaboration.

Foster Accountability in the Workplace

Accountability marks the difference between healthy and unhealthy relationships and organizations. As people improve in their ability to hold one another accountable, they also improve trust, efficiency, engagement, and performance.

This training is mandatory for all Classified and Certificated Managers who have not previously attended.

Choose either 1st or 2nd semester to attend:

1st Semester November 1 & 2, 2023

2nd Semester February 27 & 28, 2024
