Budget Strategy

- The FY 2019-2020 Budget Statement has continued the emphasis on more detailed and open budgeting.
- Changes continue to be made to create greater detail in line item categories.
- This approach will allow the public to better understand how resources are used to educate the students of Springfield Township.
- This budget method is intended to produce greater accountability and transparency.
- The Budget & Finance Committee's goal is to reduce our per pupil cost in order to be more closely aligned with the State and County averages.
- The 2019-20 budget process is based on prior year(s) actual expenditures.

Budget Approach & Goals

- Utilize actual district spending as the basis for budgeting, not the prior year budget.
 - Goal: Propose a budget reflecting historical spending vs. historical budgeting
- Analyze historical surplus and reduce to a level which provides actual cash flow needed.
 - Goal: Reduce costs without impacting district operations
 - Continue to review annual surplus and adjust budgeting as necessary.
- Compare our overall budgeted per pupil costs to other districts.
 - Goal: Understand how we differ from similar districts
- Formulate a plan to align our budgeted costs with county and state averages for our DFG & EG*.
 - Five-year plan to align our “budgeted per pupil costs” with the state wide average by budget year 2022-23.

Weighted Enrollment - The commissioner shall determine, based on the standards established pursuant to section 4 of the School Funding Reform Act (SFRA), a base per pupil amount, and shall develop appropriate weights reflecting the differing costs of providing education at the kindergarten, elementary, middle school, and high school levels, which weights shall be applied in determining a district's base cost as set forth in section 8 of this act.

Budget Concerns

Why are we reducing the budget?

- The current political environment for school funding continues to be a risk for Springfield.
- Our State Aid was cut by NJ Senate Bill S2.
- Enrollment is a factor in determining State Aid, which is no longer frozen at 2008 enrollment levels.
- The Board's concern of State Aid getting re-calculated at Springfield's current enrollment levels is now a reality.
- We will continue to execute our plan of reducing the budget while minimizing the impact to programs.

Forecasted Loss of State Aid

- Aid will be reduced significantly over the next 6 years
- ***Estimated*** yearly reduction in aid as follows:

Fiscal Year	Reduction %	Springfield Reduction \$
2019-20	13%	\$115,984.96
2020-21	23%	\$178,527.62
2021-22	37%	\$221,141.39
2022-23	55%	\$207,095.92
2023-24	76%	\$128,776.01
2024-25	100%	\$40,666.11
	Total	\$892,192.01
