Parent or Legal Guardian: I have read the District Policy No 3270. and the [NSD 1:1 Chromebook Handbook](#) and have explained it to my child. I understand that if any violation or misuse of the device occurs while it is in my child's custody, his or her access privileges to the internet or use of a mobile computing device can be suspended or terminated and that he or she may face other disciplinary measures, regardless of whether the misuse was committed by him or her or by another person.

As the parent/guardian of the above student, I understand my child's responsibility in the use and care of the device and my financial responsibility in the event my child loses the device or is found to be the cause of deliberate or negligent damage to it. I understand that if he or she is found to be responsible for deliberate or negligent damage or for the loss of the device, I will be financially responsible for reasonable repair/replacement cost. I also understand that I will be responsible for monitoring my student's use of the device outside the school setting.

My child accepts full responsibility for the proper use and safeguarding of the device under all applicable policies for this school year. I understand that it is my child's responsibility to immediately report any damage, theft, or problems with the device to NSD Pirate Tech Crew in the library.

I have checked the appropriate box below indicating whether or not my child may bring his/her chromebook off campus for educational purposes. If you choose NO, your child will use the "check-in/check-out" option in the library. They will pick their chromebook up in the morning and return it at the end of each school day.
