

Computer Software

The unauthorized copying of any computer software which is licensed or protected by copyright is theft. Failure to observe software copyrights and/or license agreements may result in disciplinary action by the District and/or legal action by the copyright owner.

No District-owned computing resources should be used for unauthorized commercial purposes. Illegal copies of copyrighted programs may not be made or used on school equipment. The legal or insurance protection of the District will not be extended to employees who violate copyright laws.

The Principal of the school, the Technology Coordinator, and Superintendent are the only individuals who may sign license agreements for software for the school.
