

Corporal Punishment

Section A - Introduction

It is the policy of the Board of Education that corporal punishment shall not be utilized as a disciplinary measure by employees of the District.

Section B - Definitions

Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm.

Corporal punishment does not include the use of reasonable force by employees, or any other person providing a related service for a student, to maintain safety for other students, employees or other persons or for the purpose of self-defense or the defense of property.
