

## Pirate Honor Roll

To compete post-high school takes a tremendous amount of dedication and athletic talent. Phoenix High School is proud of its many alumni who have continued on to compete at the “next level”, be it collegiately, semi-professionally or professionally.

This list is an effort to construct who they are, to honor them.

To be listed, the graduate must have attended either Phoenix HS or Talent HS and completed a sports season. If they transferred (a choice more often of their parents making than their own) and graduated from a different school (noted by a star), we are still willing to honor them in appreciation of their time with us and its impact in establishing the sporting tradition at Phoenix HS. They must be competing for a university athletic program; the only Club teams recognized are those supported by the athletic program and competing against NCAA programs while representing their university (very rare).

The students high school graduation, which sport they competed in post-high school and where is noted below.

*If you know of any people who should be added to this list, please email any information to [CoachCorney@Hotmail.Com](mailto:CoachCorney@Hotmail.Com).  
More names will be added as we learn of them.*
